

1. CUSTOM CALLING SERVICE DIRECT CONNECTION**A. Description**

Custom Calling Service Direct Connection is a Company provided central office service arrangement permitting automatic connection to another telephone number without dialing that telephone number. The service is activated when the customer lifts the receiver off-hook.

Upon activation, no dial tone is heard and no dialing capability for other outgoing calls is permitted. However, incoming calls can be received when ever the service is not in use.

Custom Calling Service Direct Connection utilizes a reserved Speed Calling-8 list as defined in Guidebook, Part 7, Section 4 in the Company's exchange areas of all exchanges where service is furnished from an Electronic Switching System (ESS) or Digital Multiplex Switch (DMS) type central office where facilities and operating conditions permit.

1. Custom Calling Service Direct Connection-Unshared

Custom Calling Service Direct Connection-Unshared permits the customer to have one or more exchange access lines, each one connecting to a customer designated telephone number. No two exchange access lines share the same Speed Calling list.

2. Custom Calling Service Direct Connection-Shared¹

Custom Calling Service Direct Connection-Shared permits the customer to have multiple exchange access lines, each one connecting to the same customer designated telephone number via one line which is designated as the owner of the Speed Calling-8 list.

3. Custom Calling Service Direct Connection-Controlled²

Custom Calling Service Direct Connection-Controlled is also "Shared" as described above. This offering also permits the owner of the Speed Calling-8 list to change terminating telephone number at will with the use of Speed Calling(8) service.
