3.2 Rates and Charge Application (Cont'd)

3.2.4 Payphone Use Charge

The \$.50 Payphone Use Charge applies to each completed non-sent paid call originating from a payphone. The charge is a cost recovery mechanism that permits the Local Exchange Carrier to recover the cost of per-call compensation to Payphone Service Providers from the end user.

3.2.5 Call Forwarding

Charges

The charges for forwarded calls may be comprised of three charges: two separate message charges; (i) a charge for that portion of the call from the originating station to the call forwarding location, if applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a nonrecurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's General and Local Exchange Service Tariff.

The respective charge for each such portion (i) and (ii), shall be either the rate specified in this guidebook or the rate specified in the Exchange Service Tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

On an Operator Station call the originating subscriber is charged the respective Operator Station rate for the portion covered in (i), preceding. The charge for the portion of the call described in (ii), preceding, is the Dial Station rate and charged to the call forwarding Customer. (C) (C)

3.2 Rates and Charge Application(Cont'd)

3.2.7 Applicable to Southeast Region

3.2.7.1 General

This section contains regulations and rates for IILDMTS. Rates, regulations and material in this section are for two-point service only, and apply to dial station and operator-assisted message services.

3.2.7.2 Application of Charges

The specific factors used to determine the applicable charges for a call are indicated on the respective rate schedules. The following factors are common to all IILDMTS rate schedules in this Section.

3.2.7.3 Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone

When the charges for a call are paid by the depositing of coins in a public or semi-public coin telephone, the total charge for the call is the sum of the appropriate initial period rate and any additional minute(s) charge, rounded to the nearest multiple of \$.05, plus any applicable Service Charge, and tax(es).

3.2.7.4 Call Forwarding

Call Forwarding is an Exchange Service feature offered in certain areas by the Telephone Company. This feature enables Customers to arrange for incoming calls to be automatically forwarded to a different telephone number designated by the Customer. The charges for a forwarded call are as follows:

- A. A charge for the portion of the call from the calling station to the called station (call forwarding number), if applicable.
- B. a charge for the portion of the call from the call forwarding number to the terminating number designated by the Customer.
- C. The respective charge for each such portion in (A) and (B), preceding, is dependent upon the jurisdiction of that portion. Where the call(s) is furnished via the Telephone Company's telecommunications network, for each Interstate Intralata call, the rates specified in this Guidebook apply.

For an Interstate IntraLATA Operator Station call the calling station is charged the appropriate Operator Service Charge in addition to the Dial Station rate from this Guidebook for the portion of the call described in (A), preceding. If that portion of the call described in (B), preceding, is interstate, the Dial Station rate from this Guidebook applies and is billed to the call forwarding Customer.

3.2.7.9.1 Operator Dialed Surcharge

Applies a surcharge to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code ("0") and requests the operator to dial the called station.

In addition to any service charges, the surcharge applies to interstate intraLATA calls. The surcharge does not apply to

- Calls where a Customer cannot otherwise dial the call, due to defective equipment or trouble on the Telephone Company Network,
- calls in which a Telephone Company operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap, or
