- 500 access calls
- 800 and 888 access calls
- 900 access calls

## B. Definitions

Extended Message Record (EMR) Format

A Bellcore standard used widely in the telecommunications industry.

## C. Terms and Conditions

1. Call Detail Service for all call types may not be available from all company central office switches. All call data technically available from the switch will be provided to the customer in standard Extended Message Record (EMR) format. Special formatting or screening of certain calls or carriers only will require additional programming at additional charges as specified in the Prices section following. Call Detail Service is provided at the customer's request where equipment and facilities are available.
2. This data will be provided to the PSP customer every month on a per telephone number basis in an available medium that is most economical and technically efficient, and agreeable to both parties. Each Telephone number will be designated by its Automatic Number Identification (ANI).
3. If the information is provided on the Company's media, including Diskette or Magnetic tapes, the media remain the property of the Company and are furnished to the customer only on a temporary basis. Magnetic tape density and number of tracks used may vary from time to time.
4. The data will be provided in accordance with standard Bellcore EMR format. The Company makes no further guarantees regarding the completeness and/or accuracy of the call detail data provided through EMR format.
5. Unless otherwise specified, the provision and use of this service is subject to the same General Regulations as all other Telecommunications Services, including those specified in Part 2 Section 2.

This rate is in addition to the \$100.00 initial nonrecurring charge.

2. Payment Plans

Term Payment Plans

Call Detail Service is offered under month-to-month as well as, 12-month and 36-month Term Payment Plans. Each customer's Term Payment Plan charge becomes fixed at the rate level specified below for the term selected at the time the contract for service is signed and is not subject to Company initiated changes during the contract period.

3. Termination Charges

In the event of termination of the service provided under the 12 or 36 month Term Payment Plans during the contract period, the customer will be liable for a charge equal to the difference between the month-to-month rate and the contracted per-record rate times the sum of the number of records processed since the start of contract period. This termination charge shall upon any such termination immediately become due and payable in its entirety. This contract termination charge can also be expressed as follows:

$$[(\text{month to month per record rate}) - (\text{Contract, Per record rate})] \\ \times \text{Number of records}$$

Where the number of records is equal to the sum of all records processed at the lower contracted rate since the start of the contract term.

Termination charges shall not apply whenever a customer selects to upgrade to a Call Detail contract of longer term.

4/

## C. Terms and Conditions

1. Unless otherwise specified, regulations in this Guidebook are in addition to those set forth for COPT (PSP) Service in Part 13 Section 2.
2. The PSP Coin Line offers central office based signaling required to enable coin rating, coin control, and coin supervision. The Coin Line also offers certain call screening (see definition above) designed to prevent fraudulent calls from being placed from the customer's payphone.
3. With the exception of coin sent paid local calls, rates applicable to end users for calls on the PSP Coin Line are specified in Part 9 and Part 11 of the Guidebook. Coin sent paid local calls will be controlled by the PSP.
4. Coin sent paid intraLATA calls from PSP Coin lines will be carried by the Company. Rates applicable to end users for these types of calls are specified in Part 9 of the Guidebook.
5. All intraLATA operator assisted calls will be handled by the Company operator services. Operator services rates, as specified in Part 11, as well as intraLATA toll rates, as specified in Part 9 of the Guidebook, will apply to end users.
6. Rates applicable to end users for directory assistance calls will be the same as those charged from the Company's public and semi-public service.
7. No adjustments to the usage rates charged pursuant to C.8. or any other refund will be made in the event of uncollected initial period or overtime coin charges applicable to end users.
8. The customer shall be responsible for payment of all charges originating from or accepted at this type of service.
9. Coin sent paid revenues collected at the customer's payphone are the property of the customer.

1/

1/Material formerly appeared in Part 13, Section 2.

PSP COIN LINE (cont'd)

/1/

C. Terms and Conditions (cont'd)

- 10. Coin sent paid interLATA calls from PSP Coin Lines may be routed to any Interexchange Carrier selected by the customer who has the required coin signaling capabilities (ie., coin recognition, coin control, etc.) which are required to complete the call.
- 11. The PSP Coin Line is available only from appropriately equipped central offices.
- 12. The customer's terminating equipment must be suitably equipped in order to utilize PSP Coin Line features. Such equipment must meet the interface specifications in the Technical References following.
- 13. Service charges as shown in Part 3 of this Guidebook and Extended Area Services as shown in Part 4 also apply.
- 14. Except for the recurring access line and usage rates following, all rates and charges applicable under COPT (PSP) Service (ie., intraLATA toll, directory assistance, etc.) will apply to the customer.
