EASYOPTIONS® SERVICES

47.2 SERVICE DESCRIPTIONS – (Continued)

47.3.21 Privacy Manager

- A. Privacy Manager enables a customer to appropriately handle incoming calls that have been identified as either “anonymous”, “out-of-area”, “unavailable”, or “private” before their telephone rings. Incoming calls are intercepted and a recording is played informing the caller that the number they have dialed does not accept calls from unidentified telephone numbers. At the tone, the caller will be asked to record their name or the company they represent. If the caller complies, the call will be completed. If the caller chooses not to comply, the call will be disconnected.
- B. After the caller identifies who they are, the customer's telephone will ring and their Caller ID equipment will register a “Privacy Manager” message to indicate they are receiving a screened call. The customer will then hear a recording of the caller's name (or the name of the company they represent). After the caller is identified, the customer may elect one of the following options:
 - 1. Accept the call
 - 2. Decline the call by playing a pre-recorded announcement
 - 3. Decline a sales/telemarketing call by playing a pre-recorded announcement which requests that the solicitors remove the customer's name from their lists and not call again.
 - 4. Send the caller to CallNotes®, Voice Mail, or an answering machine

If no action is taken, the call will be directly forwarded to the customer's voice mail or answering service. If the customer does not have an answering service Call Forwarding-Busy Line/Don't Answer, then Privacy Manager will intercept the call after the sixth ring and advise the caller that the customer is unavailable.

- C. This service is offered subject to the following conditions:
 - 1. The customer must subscribe to Calling Name Delivery and Calling Number Delivery service.
 - 2. The customer's line must be equipped with Touch-Tone
 - 3. In addition to the limitations listed in paragraph 47.1, this service is not available with Private Branch Exchange, Hotel-Motel, ISDN PRI, Multiline Hunting, Series Completion, Reserve Line, and certain Advanced Intelligent Network Services (e.g., Intellinumber, Positive ID and Wide Area Networking Service Option II. (RT)
 - 4. Privacy Manager service and Anonymous Call Rejection are mutually exclusive services and cannot be provisioned together on the same line.
