

Notice

Notification Type:	Discontinued Service Offering
Jurisdiction:	MISSISSIPPI
Notice Date:	02/29/2024
Package Number:	MS-24-0017
Service Name:	TDM to IP Transition - Jackson, MS Facility Damage
Tariff /Guidebook Sections:	GEGB A2; PVLGB B2
Expected Issue Date:	04/15/2024
Expected Effective Date:	04/15/2024
Descriptive Narrative:	<p>Effective April 15, 2024, certain services will be discontinued in the service area affected by the copper retirement resulting from a severely damaged facility/cabinet, causing degradation of copper facilities. The area is identified in AT&T Mississippi's records as distribution areas 3107 of the Jackson wire center (JCSNMSRW).</p> <p>AT&T is restoring many services in this area with GPON/fiber-to-the-premises network architecture, which will increase the broadband service options for this area. AT&T is discontinuing certain services because provisioning these services over the new architecture is either uneconomical or technically infeasible.</p>
