8.7.1 Payphone Origination Charge

Pursuant to the FCC's Order in CC Docket 96-128, this charge applies only to dial-around calls, i.e., calls originating using a carrier's access code, a Customer's 800/877/888 (and other area code assignments as appropriate) number and other toll free numbers and debit card calls, from payphone instruments. This charge does not apply for 0+ call for which the payphone provider would otherwise receive compensation. Customers that dial company access code numbers to place alternate billed calls are charged \$.60 per call. Customers that dial other 800/877/888 numbers are charged \$.60 per call.

8.7.2 Federal Universal Service Fee

Company is required by the Federal Communications Commission (FCC) to contribute to the Federal Universal Service Fund (FUSF) to preserve and advance universal telecommunications services. The FCC sets the rate that Company is required to contribute, and the FCC can increase or decrease the rate on a quarterly basis. The FCC permits Company to assess a monthly surcharge for recovery of contributions paid by Company to FUSF and Company does assess such a charge. Company reserves the right to change the amount of the assessment based on changes made to the FUSF rate by the FCC.

8.7.3 Federal Regulatory Fee – This Fee Applies to Business Customers Only

Services provided pursuant to this Guidebook are subject to an un-discountable monthly Federal Regulatory Fee which will enable the Company to recover some of the costs associated with telecommunications relay services and federal regulatory compliance items. This fee applies to Business Customers only and they will be assessed a monthly charge equal to a percentage of the total net interstate charges, after application of all applicable discounts and credits. This Federal Regulatory Fee is neither contributory to nor eligible to receive discounts, nor is it eligible to contribute to meeting minimum monthly or annual requirements. A Business Customer will not be required to pay this Federal Regulatory Fee if it demonstrates to the Company's reasonable satisfaction that they are acquiring the Company's Service for resale, i.e. not for their own internal use. The monthly charge is 4.80%.

8.7.4 International Mobile Termination Charge

The International Mobile Termination per minute charge applies to International Direct-Dialed outbound calls and operator assisted and operator dialed The International Mobile Termination Charge rates to some countries will change on a quarterly basis effective April 1, 2007.
