Customers will be provided notification of the limit placed upon their toll usage pursuant to the establishment of credit, indebtedness of Service, and toll restrictions provisions of this Tariff. (T)

The Customer will pay to the Company any reasonable costs, expenses, damages, fees or penalties incurred by the Company as a result thereof. In addition, a portion or all of the Service may be provided over facilities of third parties. The Company will not be liable to the Customer or any other person, firm, or entity in any respect whatsoever arising out of defects caused by such third parties. The Company's liability, if any, with regard to the delayed installation of facilities or commencement of Service will not exceed \$1,000.

2.3.11 The Company will use its best efforts to provide Services consistent with industry standards. The Company will have no liability to the Customer for any loss of revenue or any other direct, special, incidental, consequential, or other damages the Customer may sustain resulting from the failure or inability of the Company to provide Service to its Customers; negligent or defective Services to Customers; equipment, computer, network, or electrical malfunctions of any kind, breakdowns, or outages; or any other cause, whether or not within the control of the Company.

2.3.12 If the Company learns of actual or possible unauthorized, fraudulent, or unlawful use of any Company Services, the Company will make an effort to contact the Customer, but Service may be blocked without notice* and without liability to the Company. Service may be suspended by the Company without incurring liability by Blocking all calls or by Blocking calls to or from certain NPA-NXXs, certain countries, cities, or individual telephone stations for any Service offered under this Tariff. 2.3.14 The Company may rely on Third Party Vendors for the performance of certain services. Upon Customer request and execution and delivery of appropriate authorizing documents, the Company will act as agent for the Customer in obtaining such other services. Customer's liability for charges hereunder will not be reduced by untimely installation or non-operation of Customer-provided facilities and equipment.

* The Customer will be provided written notice stating the reason for the discontinuance within a reasonable time after the suspension or termination of the Customer's Service.

SECTION 2 – RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.15 The Company will not be liable for:

- (A) Any act or omission of any other company or companies furnishing a portion of the Service or furnishing facilities or equipment associated with such Service.
- (B) Damages caused by the fault or negligence or willful misconduct of the Customer or End User.
- (C) Any failure to provide or maintain Service under this Tariff due to circumstances beyond the Company's reasonable control.
- (D) Any direct, indirect, consequential, special, actual, or punitive damages, or for any lost revenues or profits of any kind or nature whatsoever arising out of any furnishing of, or interruption in, Service provided hereunder. Under no circumstances whatsoever will the Company's officers, agents, or employees be liable for such damages or lost revenue or lost profits.
- (E) Any indirect, incidental, special or consequential damages, lost revenue or lost profits of any kind, even if Company is advised of the possibility of such consequences.

Use or abuse includes, but is not limited to, any calls placed by means of PBX-reorigination or any other legal or illegal equipment, service, or device. Compensation for any injury the customer may suffer to the fault of third parties must be sought from such other parties. Compensation for any injury the Customer may suffer due to the fault of third parties must be sought from such other parties.
- (G) Any action, such as Blocking or refusal to accept certain calls, that Company deems necessary in order to prevent unauthorized, fraudulent, or unlawful use of its Service. Compensation for any injury the Customer may suffer due to the fault of parties other than the Company must be sought from such other parties.
- (H) Any claim where the Customer indemnifies the Company pursuant to Section 2.5 of this Tariff.

2.3.16 If someone other than the Customer (e.g., authorized or unauthorized) has use of the Service directly or indirectly through the Customer, then Customer agrees to forever indemnify and hold the Company and any affiliated or unaffiliated Third Party Vendor or operator of facilities employed in provision of the Service harmless from and against any and all claims, demands, suits, actions, losses, damages, assessments or payments which may be asserted by said parties.

SECTION 2 – RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.17 The Company's liability with respect to nonworking account codes will be limited to the Company's monthly charge for the account code feature, if any.

2.3.18 The above Tariff language (and any and all language which appears in this Tariff addressing liability of the Company or its Customers) does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and any direct, indirect, and consequential damage claims. It is also the court's responsibility to determine the validity of the exculpatory clause(s).

2.4 Use of Service

2.4.1 The Company's Services are available for use twenty-four hours per day, seven days per week. Unless otherwise restricted herein, Customers may use the Company's Service(s) to place and/or receive intrastate InterLATA and intrastate IntraLATA calls.

2.4.2 The Service offered herein may be used for any lawful purpose, including residential, business, governmental, or other use. The Customer is liable for all obligations under this Tariff notwithstanding any sharing or resale of Services and regardless of the Company's knowledge of same. The Company will have no liability to any person or entity other than the Customer and only as set forth herein. The Customer will not use nor permit others to use the Service in a manner that could interfere with Service provided to others or that could harm the facilities of others.

2.4.3 Service furnished by the Company will not be used for any unlawful or fraudulent purposes including but not limited to use of electronic devices, invalid numbers, and false credit devices to avoid payment for Service contained in this Tariff either in whole or in part. Service furnished by the Company may not be used to make calls which might reasonably be expected to frighten, abuse, torment, or harass another. The Service may not be used for any purpose for which any payment or other compensation is received by the Customer except when the Customer is an authorized communications common carrier, an authorized resale common carrier, or an enhanced or electronic service provider who has subscribed to the Company's Service. However, this provision does not preclude an agreement between the Customer, Authorized User, or Joint User to share the cost of the Service as long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.

SECTION 2 – RULES AND REGULATIONS

2.4 Use of Service (continued)

2.4.4 Service furnished by the Company may be arranged for joint use or authorized use. The Joint User or Authorized User will be permitted to use such Service in the same manner as the Customer, but subject to the following conditions.

- (A) The Customer must complete and provide to the Company all Service agreements and/or other documentation required by the Company to initiate Service.
- (B) One Joint User or Authorized User must be designated as the Customer. The designated Customer does not necessarily have to have communications requirements of its own. The Customer must specifically name all Joint Users or Authorized Users in the application for Service. Service Orders which involve the start, rearrangement or discontinuance of joint use or authorized use of Service will be accepted by the Company only from that Customer and will be subject to all requirements of this Tariff.
- (C) All charges for the Service will be computed as if the Service were to be billed to one Customer. The Joint User or Authorized User which has been designated as the Customer will be billed for all components of the Service and will be responsible for all payments to the Company. If designated Customer fails to pay the Company, each Joint User or Authorized User will be liable to the Company for all charges incurred as a result of its use of the Company's Service. Each joint or Authorized User must submit to the designated Customer a letter guaranteeing payment for the joint or Authorized user's portion of all charges billed by the Company to the designated Customer. This letter must also specify that the joint or Authorized User understands that the Company will receive a copy of the guaranty from the designated Customer. The designated Customer will be responsible for allocating charges to each Joint User or Authorized User.
- (D) Joint use is a Service/billing allocation arrangement and not a resale arrangement. Neither the Customer nor any Joint User nor any third party engaged by either of them in connection with a joint use agreement or arrangement may mark up Service or otherwise profit from the joint use agreement or arrangement.

2.4.5I f the Company reasonably concludes that Customer-provided equipment does not pass back appropriate answer supervision to the long distance network, the Company will notify the Customer. If the Customer cannot correct the problem and if Customer-provided equipment continues to provide inappropriate answer supervision to the long distance network, the Company reserves the right to suspend or terminate the Customer's Service. The Company will give the Customer five (5) days' written notice of its intent to terminate Service.

2.4.6 Service provided to Residential Customers pursuant to this Tariff may not be used to transmit data.

SECTION 2 – RULES AND REGULATIONS

2.5 Obligations of the Customer

2.5.1 The Customer will indemnify, defend, and hold the Company harmless from and against:

- (C) Claims for libel, slander, infringement of patent or copyright, or unauthorized use of any trademark, trade name, or service mark arising out of Customer's or End User's material, data, information, or other content transmitted via Service. With respect to claims of patent infringement made by third persons, the Customer shall defend, indemnify, protect and save harmless the Company from and against all claims arising out of the combining with, or use in connection with, the Service(s) provided under this Tariff, any Circuit, apparatus, system or method provided by the Customer.
- (D) Violation by Customer or End User of any other literary, intellectual, artistic, dramatic, or musical right.
- (E) Violations by Customer or End User of the right to privacy.
- (F) Any other claims whatsoever relating to, or arising from, call content or the transmission thereof.
- (G) All other claims arising out of any act or omission of the Customer or End User in connection with Service provided by the Company.
- (H) Any loss, claim, demand, suit, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or persons, for any personal injury to, or death of, any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the provision of Service, whatever the cause and whether negligent or otherwise.
- (J) Claims of patent infringement arising from combining or connecting Channels with equipment and systems of the Customer or Authorized User.

SECTION 2 – RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.1 (continued)

- (K) Defacement of, or damage to, the Customer's Premises resulting from the furnishing, installation, and/or removal of Channel facilities or the attachment of instruments, equipment and associated wiring on or from the Customer's Premises.
- (L) Claims arising out of the use of Services or Company-Provided equipment in an unsafe manner (such as use in an explosive atmosphere) or the negligent or willful act of any person other than the Company.
- (M) Any suits, claims, losses or damages, including punitive damages, attorney fees and court costs by third persons arising out of the construction, installation, operation, maintenance, or removal of the Customer's Circuits, facilities, or equipment connected to Services. This includes without limitation, Workmen's Compensation claims, actions for infringement of copyright and/or unauthorized use of program material, libel and slander actions based on the content of communications transmitted over the Customer's Circuits, facilities or equipment, and proceeding to recover taxes, fines, or penalties for failure of the Customer to obtain or maintain in effect any necessary certificates, permits, licenses, or other authority to acquire or operate Service(s).

2.5.2 If a Customer directly or indirectly authorizes third parties to use the Service, the Customer will indemnify and hold the Company harmless against any and all claims asserted by said party, demands, suits, actions, losses, damages, assessments or payments which may be asserted or demanded by said parties or by others as a result of said parties' actions or omissions.

2.5.3 The Company's failure to provide or maintain Service under this Tariff will be excused by the Customer for all circumstances beyond the Company's reasonable control.

2.5.4 The Customer will indemnify and save the Company harmless from any and all liability not expressly assumed by the Company in Section 2.3 of this Tariff and arising in connection with the provision of Service to the Customer, and will protect and defend the Company from any suits or claims alleging such liability, and will pay all expenses (including attorneys' fees) and satisfy all judgements which may be incurred by or rendered against the Company in connection therewith.

SECTION 2 – RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

- 2.5.5 The Customer is responsible for payment for all calls originated at the Customer's number(s), terminated on the Customer's TFS Number, accepted at the Customer's number, or any Operator Toll Assistance billing option, or incurred at the specific request of the Customer. The Customer is responsible for paying for all Services the Company provides to or from the Customer's number(s), regardless of whether the Customer's facilities were fraudulently used or used without Customer's knowledge in full or in part. These responsibilities are not changed due to any use, misuse or abuse of the Customer's Service or Customer-provided equipment by third parties, the Customer's employees or the public. (D)
- 2.5.6 The termination or disconnection of Service(s) by the Company pursuant to Sections 2.2.5, 2.2.6, and 2.20 of this Tariff or if the Customer cancels Service pursuant to Section 2.19 of this Tariff, does not relieve the Customer of any obligations to pay the Company for charges due and owing for Service(s) furnished up to the time of termination or disconnection. The remedies set forth herein will not be exclusive, and the Company will at all times be entitled to all rights available to it under either law or equity.
- 2.5.7 The Customer is responsible for taking all necessary legal steps for interconnecting Customer-provided terminal equipment with the long distance network. The Customer will ensure that the signals emitted into the long distance network do not damage Company-Provided equipment, injure personnel, or degrade Service to other Customers or other users of the long distance network. The Customer is responsible for securing all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. In addition, the Customer will comply with applicable LEC signal power limitations.
- 2.5.8 The Customer will be responsible for the payment of all charges for Services provided under this Tariff and for the payment of all excise, sales, use, gross receipts or other taxes that may be levied by a federal, state, or local governing body or bodies applicable to the Service(s) furnished under this Tariff unless specified otherwise herein. Also see Section 2.17 of this Tariff for additional information regarding the Customer's obligations concerning taxes.
- 2.5.9 The Customer will be liable for reimbursing the Company for damages to facilities or Company-Provided equipment caused by the negligence or willful acts of the Customer's officers, employees, agents, contractors, or authorized or unauthorized End User(s).

SECTION 2 – RULES AND REGULATIONS

In the event the Company incurs costs and expenses caused by the Customer or reasonably incurred by the Company for the benefit of the Customer, the Customer is responsible for the payment of all such charges.

2.5.14 If an entity other than the Company (e.g. another carrier or supplier) imposes charges on the Company in connection with service provided to a specific Customer and those charges are not specifically listed in this Tariff, those charges will be billed to the Customer on a pass-through basis. The Customer is responsible for payment of such charges.

SECTION 2 – RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.1 General (continued)

Service may be initiated based on written or oral agreement between the Company and the Customer. The Company reserves the right to require an Applicant to sign an application for the Service desired, on a form provided by the Company, as a condition for establishing Service. Applications for Service will be accepted by the Company provided that the Service is available, and the Company has no reason to believe the Customer will not comply with the provisions of this Tariff.

The Company will also accept an oral application from a Customer for additions to or changes in existing Service. Upon the Company's acceptance of this authorization, all applicable provisions in the Company's Tariff, as amended from time-to-time, become the agreement for Service between the Company and the Customer. The Company reserves the right, at any time, to require any Customer to present proof of identification to the Company as the Company may then deem acceptable. Acceptance or use of Service offered by the Company shall be deemed an application for such Service and an agreement by the Customer to subscribe to, use, and pay for such Service in accordance with the applicable Tariffs of the Company. The Applicant must also establish credit satisfactory to the Company as provided in Section 2.7.2 of this Tariff.

2.7.2 Establishment of Credit; Indebtedness; Toll Restriction

2.12 Mileage Measurements

The mileage between rate centers is calculated based on V and H coordinates as obtained by reference to AT&T Tariff FCC No. 10. The mileage for a call between access lines associated with stations that use the same rate center is one mile. Calculation for mileage between the Serving Wire Centers for Private Line Service is based on the V & H coordinates as obtained by references to NECA F.C.C. Tariff No. 3.

Airline mileage is calculated as follows:

$$\text{The square root of: } \frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}$$

Where V_1 and H_1 are the V and H coordinates of point 1 and V_2 and H_2 are the coordinates of point 2. Mileage is rounded up to an integer value to determine the airline mileage.

2.13 Timing of Calls

2.13.1 Unless otherwise indicated in this Tariff, on Station-to-Station calls and on Direct Dialed calls chargeable time begins when the called station answers and the connection is established between the calling station and the called station, miscellaneous common carrier, mobile radio system, or PBX system. Answer detection is determined based on standard industry answer detection methods, including hardware and software answer detection. However, when Services are directly connected to a Customer-provided communications systems at the Customer's or End User's premises, chargeable time begins when a call terminates in, or passes through, the first Customer equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the Company's Service so that chargeable time may begin.

2.13.2

(D)
|
(D)

2.13.3 Unless otherwise indicated in this Tariff, chargeable times ends when the calling station hangs up thereby releasing the network connection. If the called station hangs up but the calling station does not, chargeable time ends when the network connection is released either by the automatic timing equipment in the telecommunications network or by the operator.

SECTION 2 – RULES AND REGULATIONS

2.14 Rate Periods

2.14.1 General

Different rates may be applicable to a call at different times of the day and on certain days of the week, as specified in the appropriate rate schedule for that call. The rate periods shown below apply. All times shown are local time at the calling station in case of an outbound call and at the called station in case of an inbound toll free call.

2.15 Determining Rate In Effect

For outbound Services that are time-of-day sensitive, the time-of-day at the central office or POP associated with the calling station determines the rate in effect. For AT&T Long Distance Toll FreeSM Services that are time-of-day sensitive, the time-of-day at the central office or POP associated with the called station determines the rate in effect. If a unit of time is split between two (2) rate periods, each rate period applies to the portion of the call that occurred during that rate period rounded to the nearest billing increment. If a call is completed by an operator, the time at the beginning of each initial or additional rate period determines the applicable rate period. When a call spans more than one rate period, total charges for each rate period are calculated and the results for each rate period are totaled to obtain the total message charge. The Company may offer employee plans, discount plans, or reduced rates per minute for subscriptions to Company Service offerings described in Section 3 of this Tariff to directors, officers, retirees or employees of the Company or of an Affiliated company that subscribe to one of the Company's Service offerings described in Section 3 of this Tariff.

If the charge for the call includes a fraction of a cent of \$.005 or more, the fraction of such charge is rounded up to the next higher whole cent. Otherwise, the charge is rounded down to the next lower whole cent. Rounding for charges for Service(s) is on a call-by-call basis.
