B. Educational Percentage Discount Rate (E-Rate)

The percentage discount rates available pursuant to 47 Code of Federal Regulations part 54, subpart F to eligible schools, libraries, and consortia as defined by 47 Code of Federal Regulations part 54, subpart F shall apply to the rates contained herein. Schools, libraries, and consortia eligible for E-Rates pursuant to 47 Code of Federal Regulations part 54, subpart F shall comply with the provisions of 47 Code of Federal Regulations part 54, subpart F in order to receive the intrastate E-rates.

/1/ The priority provisioning and restoration of services offered under this guidebook relative to the National Security Emergency Preparedness (NSEP) Telecommunications Service Priority (TSP) System shall be pursuant to the rates, terms and conditions as delineated in Part 8, Section 5, "Telecommunications Service Priority System". For application in this guidebook, such terms and conditions, rates and charges as are described in the Part 8, Section 5, "Telecommunications Service Priority System" shall be interpreted to apply on a "per request, per line/trunk" basis.

/2/ Applicable to only those "grandfathered customers" (customers with existing service at the same premises and under existing billing name) who previously had Suburban 4-Party Service and were converted to 1-Party Service at the time their respective exchange eliminated Suburban 4-Party Service as an offering.

/3/ The local message allowance is 100 outgoing local messages, and \$0.08 for each additional outgoing local message over 100. One-Element Measured 1-Party business service is offered only to customers located within the Company's Texas exchange central offices which have both the capability and capacity to offer such service.

/4/ In addition, a charge of \$0.06 per outgoing local message applies.

/5/ Hotel/Motel customers have the option of subscribing to Hotel/Motel Measured Trunks (USOC: THB) or PBX Trunks (USOC: TFB) for their guests' use. However, the mixing of flat and measured trunks for guests' use shall not be permitted.

LOCAL EXCHANGE SERVICE (cont'd)

E. Hunting Line Services

1. Terms and Conditions

- a. Hunting Line Services may be used to establish hunting arrangements between two or more of a customer's local exchange access lines. All of the local exchange access lines in a hunting arrangement group must be the same class of service and grade of service.
- b. Hunting Line Services are available to one-party line residence and business customers where the Company facilities exist for such hunting line services. However, these hunting line services are not offered with Pay Telephone Exchange Access Service.

c. Series Hunt Service:

The hunt for an idle access line starts with the called access line in a prearranged hunt group and ends with the last access line in the hunt group, completing the call to the first idle access line encountered. Unless the first access line in the hunt group is called, only a portion of the access line group is hunted.

d. Circle Hunt Service:

Permits a complete hunt over all the access lines in a prearranged access line hunt group. If no idle access line is encountered the hunting will continue until it reaches the access line that was originally called.

LOCAL EXCHANGE SERVICE (cont'd)

E. Hunting Line Services (cont'd)

2. Rates

The monthly rates and installation charges set forth below apply to each line equipped for hunting.

	Monthly Rates ^{/1/}		Installation Charge ^{/3/}	<u>USOC</u>
	Residence 1-Party and Business 1-Element Measured 1-Party	Business Multi- Line Hunting and PBX Trunk ^{/2/}		
a. Series Hunting, per access line	\$0.50	Not applicable ^{/4/}	\$ 3.00 ^{/4/}	/HSHT/
b. Circle Hunting, per access line ^{/5/}	\$97.00 (I)	\$97.00 (I)	3.00	/HSHCH/

/1/ All Hunting Line Services monthly rates apply equally to all basic local exchange access line customers, and also to Optional EACS customers and EMS customers who subscribe to hunting line service.

/2/ The Hunting Line Services rates specified for Business Multi-Line Hunting and PBX Trunk service are also applicable to Hotel/Motel Measured Trunks and to Residence PBX Trunks.

/3/ Installation charges apply only to the establishment of any type of hunting line service on a given access line, or the conversion from one type of hunting line service to any other type of hunting line service. In addition to an installation charge, as shown, Service Connection Charges, as specified in Part 3, Section 1, also apply to customer requests for Hunting Line Services.

/4/ Business Multi-Line Hunting service and PBX Trunk service include Series Hunting service as integral functions of such business types of local exchange access line service without additive (additional) monthly rates or installation charge(s).

/5/ This type of hunting is not permitted when local exchange access lines are arranged to hunt to EMS and/or one-way EACS lines within a hunting arrangement group.

LOCAL EXCHANGE SERVICE (cont'd)

F. Extended Area Service (EAS)

Extended Area Service is an arrangement whereby customers in one exchange (or zone) can call customers in contiguous exchanges (or zones) at local exchange rates. EAS arrangements existing prior to July 16, 1985 shall be provided at rates specified herein. The calling scopes for all exchanges (or zones) including EAS arrangements are specified in "Exchange Rate Group and Calling Areas" and "Metropolitan Exchange Local Calling Areas", in this Section.

1. Expanded Toll-Free Local Calling Service (ELC)

a. Description

Expanded Toll-Free Local Calling (ELC) is a two-way mandatory service that permits subscribers in one exchange to call customers in certain other exchanges without long-distance charges. ELC is an arrangement whereby communities expand their basic local calling scope to include single or multiple exchanges as set forth in Substantive Rule 26.219. ELC calls must originate and terminate within the designated ELC exchanges to qualify for rating as ELC local calls. Some NPA/NXX codes may be located in a central switching office that is geographically outside of the ELC local calling area. Calls to these NPA/NXXs are not eligible for ELC, and therefore will be rated as toll calls.

The rates for ELC exchanges are listed in paragraph F.2, and are in addition to basic local exchange rates specified in this Section. These monthly rate additives will apply to all residence and business customers of the exchanges listed in paragraph F.2. Interexchange carriers (IXCs), operator service providers (OSPs) and pay telephone providers (PTs) are exempt from the ELC rates.

LOCAL EXCHANGE SERVICE (cont'd)**F. Extended Area Service (EAS) (cont'd)**

2. Extended Area Calling Service (EACS)

a. General

1. Extended Area Calling Service (EACS) is a service which enlarges a customer's local calling scope. EACS permits subscribers in one exchange to call customers in contiguous exchanges for an additional monthly charge. EACS plans may be either one-way or two-way. Individual EACS routes may be designated as mandatory or optional. Specific EACS calling arrangements are listed in paragraph d., "Rates and Calling Scopes".
 - (a) One-way EACS is a service whereby customers can make direct dialed calls to customers in other specified exchanges for a flat-rate additive.
 - (b) Two-way EACS is a service whereby customers can make calls to and receive calls from customers of participating providers in specified exchanges for a flat-rate additive.
2. Unless specified otherwise herein, the rates and charges quoted are for a period of one month and are payable in advance.
3. This service shall not be shared or jointly used except as specified in Part 20, Section 8.
4. In cases where a single working number is used for multiple lines, if EACS is purchased for one line in the arrangement, it must be purchased for all of the lines.
5. Within a multiline hunting arrangement, if one line has two-way EACS, all lines must have two-way EACS.
6. Two-way EACS requires subscribers to be assigned a number from a dedicated NPA/NXX so that calls originating in the subscriber's expanded calling area will be recognized in the network as a local call to the subscriber. Two-way EACS subscribers include all customers of ILECs and CLECs being served by a dedicated NPA/NXX code.

b. Mandatory EACS Terms and Conditions

This mandatory service shall apply to all grades of local exchange service access lines and to all Pay Telephone Exchange Access Service local access lines which are served in the exchanges specified.

c. Optional EACS Terms and Conditions

1. Unless specified herein, the minimum contract period is one month.
2. The applicable Service Connection Charges Part 3, Section 1 will pertain to the provision of this service.

LOCAL EXCHANGE SERVICE (cont'd)

F. Extended Area Service (EAS) (cont'd)

2. Extended Area Calling Service (EACS) (cont'd)

c. Optional EACS Terms and Conditions (cont'd)

- 3. This optional service shall be available to specific grades of single-party residence service and business service listed beneath the exchanges specified. However, this service is not offered in connection with Pay Telephone Exchange Access Service.
- 4. This service is not provided in conjunction with Feature Group A service.

d. Rates and Calling Scopes

- 1. The rate additives of this service are in addition to the local exchange access service rates specified in paragraphs B., "Residence Service", and C., "Business Service". The calling scopes provided for subscribers of this service are in addition to the local calling areas specified in Part 4, Section 1.
- 2. Exchange Calling Plans

<u>Class of Service</u>	<u>Grade of Service</u>	<u>Monthly Rates</u>	<u>USOC</u>
-------------------------	-------------------------	----------------------	-------------

Allen Exchange (Optional EACS)

Two-way flat-rate calling with all zones of the Dallas Metropolitan Exchange, Frisco and Carrollton, Garland, Irving, Lewisville, Dallas-Ft. Worth Airport, Plano, Rowlett, and Wylie of Verizon, and those customers subscribing to Extended Metropolitan Service (EMS) in areas of the Fort Worth Metropolitan Exchange, as shown in paragraph F.3, and EMS customers in the Verizon Exchanges of Grapevine and Keller.

Business	1-Party, each	\$24.00	ECAAA
	Multi-Line Hunting	24.00	ECABA

5. Business 2-Way EACS Discount

Eligible business customers in the two-way EACS exchanges of Allen, Alvin, Cuero, Frisco, Liberty Hill, Marlin, Midland, Odessa, Oglesby, Rockwall and Yoakum will receive the following discounts off of their EACS 1-Party, Multi-Line or One Element Measured monthly recurring rate, as applicable:

Allen, Alvin, Cuero, Frisco, Marlin, Oglesby and Yoakum	50% Discount
Midland and Odessa	40% Discount
Liberty Hill and Rockwall	70% Discount

Eligible customers are those who currently have local service with another carrier within the AT&T Texas operating territory and now wish to establish local service with the Company, or existing EACS two-way customers who have received a competitive local service offer and are considering changing their local service to another carrier within the AT&T Texas operating territory.

Eligible customers must also subscribe to or be existing subscribers to Custom BizSaver II, SimpleLink, SimpleLink Enhanced, Business Local Calling Assurance, or CompleteLink 2.0 ("the eligible packages") term plans and have at least one EACS two-way NPA/NXX at the time they establish local service with the Company and/or select this offer. Customers must not have had (a) service disconnected for non-payment, or (b) any past due bills for regulated service owed to the Company. The customer will receive the appropriate discount on each line equipped with EACS.

Customers must agree to a minimum 1-year term commitment. At the end of the term length selected by the customer, the EACS discount will no longer apply.

If applicable, Minimum Annual Revenue Commitment (MARC) discounts under SimpleLink, SimpleLink Enhanced and CompleteLink 2.0 will apply to EACS. All other terms and conditions listed under the eligible packages within this Guidebook will apply when a customer subscribes to this offer. This plan can be combined with other promotions for the eligible packages, unless otherwise noted in the guidebook.

Applicable termination charges for the eligible packages will apply if the business customer disconnects one of these plans prior to the expiration of their term commitment. If the customer chooses to cancel one of the eligible packages but retains EACS, the EACS discount will no longer apply and the customer will be billed the monthly guidebook rate for EACS.

LOCAL EXCHANGE SERVICE (cont'd)

F. Extended Area Service (EAS) (cont'd)

3. Optional Extended Metropolitan Service (EMS)^{1/}

a. Description

Extended Metropolitan Service (EMS) is a two-way optional service that enlarges a customer's local calling scope. EMS allows customers to make calls to and receive calls from customers of participating providers in specified exchanges. EMS requires subscribers to be assigned a number from a dedicated NPA/NXX so that calls originating in the subscriber's expanded calling area will be recognized in the network as a local call to the subscriber. EMS subscribers include all customers of ILECs and CLECs being served by a dedicated NPA/NXX code. Monthly rates for optional EMS include the basic local exchange service rate, and are shown in paragraph F.3.b. The local calling areas provided with EMS are listed in F.3.c, and are in addition to local calling areas listed in Part 4, Section 1. Tier 1 exchanges are contiguous to the metropolitan exchange; Tier 2 exchanges are not contiguous, but are near the metropolitan exchanges.

LOCAL EXCHANGE SERVICE (cont'd)

F. Extended Area Service (EAS) (cont'd)

3. Optional Extended Metropolitan Service (EMS) (cont'd)

d. Optional EMS Discount Offer

1. Eligible business customers who subscribe to EMS can receive a discount off of the EMS rates in return for a 1- through 5-year term commitment for their EMS service.
2. Discounts applied to Optional EMS rates are as follows:

<u>Contract Term</u> ^{/1/}	<u>Discount</u>	(C)
1-year	25%	
2-year	26%	
3-year	28%	
4-year	29%	
5-year	31%	
1 to 5-year	55%	

3. Business customers eligible for the 25%, 26%, 28%, 29% and 31% discounts are those that agree to a 1- through 5-year contract term, respectively and have received a competitive local service offer and are considering changing their local service to another carrier within the AT&T Texas operating territory.
4. Business customers eligible for the 55% discount are those that agree to a 1- to 5-year contract term and currently have local service with another carrier within the AT&T Texas operating territory and now wish to establish local service with AT&T Texas.
5. The 1-year term also has a 1-year renewable option. If the customer selects the 1-year renewable option, the plan will renew for 1-year intervals. A maximum of two 1-year renewals are available after the first 1-year term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 1-year term.
6. The business customers must not have had:
 - (a) service disconnected for nonpayment, or
 - (b) any past due bills for regulated service owed to the Company
7. A termination charge will apply if the business customer disconnects any portion of their contracted service prior to the expiration of their term commitment. This charge will consist of 50% of the monthly rate for service disconnected times the number of months remaining on the contract.
8. This offer cannot be combined with any other monthly recurring charge discount offers.

/1/ May also be referred to in documents as "Service Term" or "Pricing Term Schedule". (N)

LOCAL EXCHANGE SERVICE (cont'd)**G. Message Rate Service**General Regulations

Customers contracting for message-rate service are billed monthly at rates specified in Part 4, Section 2 plus charges for local messages in excess of the message allowance, if any, used during the preceding month.

The monthly period for the message allowance begins on the first billing date following the date of connection. For the fraction of the month preceding the message period, a proportionate part of the monthly contract rate is billed and a proportionate allowance of local messages is made; excess messages, if any, are charged for in each excess message-rate step in like proportion.

When a customer changes to or from message-rate service, a proportionate part of the monthly contract rate and a corresponding allowance of local messages are made for the fraction of the billing period during which message-rate service is used; excess messages, if any, are charged for in each excess message-rate step in like proportion.

If the allowance is not used in any one month, no credit of messages not used is applied against messages used in any other month.

The furnishing of flat- and message-rate services on the same premises is not permitted except as specified in 'Regulations Applying to All Customers' Contracts' in Part 2, Section 2 under the caption *Paralleling Service*.

Unless otherwise requested by the customer, all message-rate services of the same class furnished the same customer from the same central office designation and installed on the same customer premises, are considered collectively in determining the message allowance and excess messages. However, message-rate services of the same class or of different classes furnished the same customer and installed on different premises or with different central office designations, are not considered collectively in determining message allowances and excess messages.

The provisions of this guidebook apply to all message-rate services except hotel private branch exchange service.

H. Business Local Exchange Access Service for FCC Licensed Broadcasters

Permits FCC licensed broadcasters to subscribe to Business Flat Rate 1-Party Local Exchange Access Service on a daily basis, with a minimum billing period of one day and a maximum of thirty days, when they broadcast from a remote location. The disconnect date is required when ordering initial service and no listing will be provided. Service Connection Charges (Secondary Service Ordering Charge, Central Office Access Charge and Trip Charge, if required) apply as specified in Part 3, Section 1.

(C)

LOCAL EXCHANGE SERVICE (cont'd)

I. Touch-Tone Calling Service

1. General

- a. Touch-Tone calling service provides for the origination of calls by means of instruments equipped for tone-type address signaling and special central office facilities. The service is furnished subject to the availability of the central office facilities.
- b. The service is furnished with individual and semi-public service where facilities are available. (C)
(D)
(D)
- c. Reserved (C)
(D)
(D)
- d. Unless otherwise specified herein, the minimum contract period is one month.
- e. All dial-type lines that terminate in an instrument equipped for tone-type address signaling shall be equipped for Touch-Tone calling service except for dial-type lines served from a central office where the special facilities for Touch-Tone calling service are not available. To provide outward dial capability on such non Touch-Tone dial-type lines, a Touch-Tone to Dial Pulse Converter is required.
- f. Other facilities, miscellaneous and supplemental equipment, requested by customers and not detrimental to this service or other services of the Company will be furnished under the regulations and at the rates specified in the applicable sections of this guidebook.
- g. The nonrecurring charge for Touch-Tone calling service is in addition to the appropriate charges found in Part 3, Section 1.
- h. The nonrecurring charge for Touch-Tone calling service on individual and Private Branch Exchange Trunks, and Network Access Lines will not apply under the following conditions:
 - Supercedes from one party to another.
 - Customers having had Touch-Tone service on a previous Company account.
- i. Touch-Tone calling service is not applicable with SmartTrunk Service.

LOCAL EXCHANGE SERVICE (cont'd)

I. Touch-Tone Calling Service (cont'd)

2. Rates

The following rates and charges apply in addition to the established rates and charges for the services with which this service is associated.

	<u>Monthly Rate</u>	<u>Nonrecurring Charge</u>	<u>USOC</u>
Residence service, per line	\$0.18	\$2.35	TTR
Business service, per line	1.30	2.35	TTB
Central Office Trunks ^{1,2/}	1.95	2.35	TJB

/1/ Available only when Touch-Tone calling service is provided as an optional feature with a Private Branch Exchange system provided under the provisions of Part 2, Section 2.

/2/ These rates are also applicable when a trunk from a central office equipped with Touch-Tone calling service is other than the central office serving the Communications Service Package, Feature or Centrex System. The Communications Service Package, Feature or Centrex System must be equipped for Touch-Tone calling service.
