PAY TELEPHONE EXCHANGE ACCESS SERVICE

(T)

Beginning June 1, 2021, new orders for these services will no longer be accepted. Current subscribers may keep their service at its existing location. The Company currently plans to discontinue this service on, or after June 1, 2025.

(C)

|
(C)

1. DEFINITIONS

The following words and terms, when used in this section, will have the following meaning unless the context clearly indicates otherwise.

PAY TELEPHONE EXCHANGE ACCESS SERVICE (PTEAS) - A two-way, or, optionally, a one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer premises, and the network interface.

OPERATOR SERVICE - Any service using live operator or automated operator functions for the handling of telephone service, such as local collect, toll calling via collect, and third number billing.{1}
The transmission of "1-800 and 1-888" numbers, where the called party has arranged to be billed, is not operator service.

ORIGINATING LINE SCREENING (OLS) - A two digit code passed by the local switching system with the ANI at the beginning of a call that provides information about the originating line.

"0+" CALL - A call made by the caller dialing the digit "0" followed by the terminating telephone number. On some automated call equipment, a digit or digits may be dialed between the "0" and the terminating telephone number.

"0-" CALL - A call made by the caller dialing the digit "0" and no other digits within 5 seconds. A "0-" call may be made after a digit (or digits) to access the local network is (are) dialed.

{1} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

1. DEFINITIONS - (Cont'd)

PAY TELEPHONE SERVICE - A telecommunications service utilizing any coin, coinless, credit card reader, or cordless instrument that can be used by members of the general public, or business patrons, employees, and/or visitors of the premises owner or lessee where pay telephone service is installed, provided that the user pays for local or toll calls from such instrument on a per call basis. Pay per call telephone service provided to inmates of correctional facilities is pay telephone service. Coinless telephones provided in guest rooms by a hotel/motel are not pay telephones. A telephone that is primarily used by business patrons, employees, and/or visitors of the premises owner is not a pay telephone if:

- all local calls and "1-800" and "1-888" calls from such telephones are free to the end user

PROVIDER OF PAY TELEPHONE SERVICE - A subscriber to PTEAS, that registers with the Public Utility Commission of Texas (Commission) to provide pay telephone service to end users.

2. GENERAL

2.1 PTEAS is a 2-Way, or, optionally a 1-Way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer premises, and the network interface. {1} 900/976 call restriction are provided at no additional charge. {2}

2.2 All pay telephone service providers must register with the Commission, using Commission-prescribed forms, in order to do business in the state of Texas. SWBT will not provide PTEAS to a person required to be registered under Substantive Rule 23.54, subsection (b), unless that person provides a Commission-supplied proof of registration.

2.3 In the case of 1-Way PTEAS, intercept treatment will be provided.

2.4 "Rules and Regulations Applying to All Customer Contracts" as described in Part 2, (T) Section 2 of the AT&T Texas Guidebook is applicable to the provision of PTEAS. (T)

2.5 No person, business, government or entity of any type will be permitted to subscribe to PTEAS where such service is being used primarily for the purpose of placing directory assistance calls. If such PTEAS is installed, and is subsequently discovered by the Telephone Company, by whatever means, that such service is being used primarily for the purpose of placing directory assistance calls, such service will be disconnected after giving the customer a written 20-day notice of violation and disconnection. The Telephone Company further reserves the right to refuse to connect, or re-connect, such PTEAS at such premises in the future.

{1} For purposes of this tariff, the term "Customer" is defined as the party who subscribes to PTEAS.

{2} 900/976 call restriction restricts calls to these pay-per-call information services to only those calls which are alternately billed.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

2. GENERAL - (Cont'd)

2.6 The PTEAS customer shall sign an agreement to indemnify and hold Southwestern Bell Telephone Company harmless from any and all loss, damage and expense occasioned by or arising out of claims for injury to persons or damage to property caused by or contributed to by the provision of detailed toll billing records {2} to the PTEAS customer by Southwestern Bell Telephone Company, including but not limited to, any disclosure of said detailed toll billing records by the PTEAS customer.

The PTEAS telephone number will be omitted from the directory, where available, and the Company's Listing Information System records at no additional charge. (T) (T)

2.7 At the customer's request, a primary listing will be provided at no charge in the local telephone directory, where available, for the exchange where the service is provided, otherwise in the Company's Listing Information System. For further information on the rates and regulations for listings, please refer to 'Listings' found in Part 11, Section 2 of the AT&T Texas Guidebook. (T) (T)

2.8 Pay telephone service providers using automated call completion technology to complete operator service calls may request the information and services described in clauses (A) and (B) of this paragraph from SWBT. The service and/or information will be provided at the same prices, terms and conditions as provided to any other interexchange carrier if requested prior to December 31, 1991.

(A) Validation information (e.g. whether an access line is equipped with billed number screening, or whether an access line is a pay telephone) will be made available through SWBT's own data base, by making arrangements with another local exchange carrier to provide the information or by making arrangements with a third-party vendor.

(B) Billing and collection services will be offered. However, if validation information is available for calls that the pay telephone service provider (or a third-party billing and collection agent operating on behalf of the pay telephone service provider) will bill through SWBT, the pay telephone service provider is required to validate the call and is allowed to submit the call for billing only if the call was validated.

2.9 SWBT will not initiate a maintenance service call or take any other action in response to a trouble report on a PTEAS line until such time as requested by the pay telephone owner or its agent. The pay telephone owner must keep SWBT advised of the identity of the pay telephone owner or agent authorized to request a maintenance service call.

{2} Detailed toll billing records include only toll calls billed by Southwestern Bell Telephone Company.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

2. GENERAL - (Cont'd)

- 2.10 SWBT will provide directory assistance service under the provisions of Part 11, Section 2 of the AT&T Texas Guidebook. However, SWBT is not required to provide such service to PTEAS lines accessible to inmates of confinement facilities.
- 2.11 The customer shall be responsible for the installation, operation and maintenance of the PTEAS used in connection with this service.
- 2.12 The customer shall be responsible for the payment of Maintenance of Service Charges, as provided for in Section 8 of the General Exchange Tariff, for visits by a SWBT employee to the customer's premises when a service difficulty or trouble report results from the use of customer-provided pay telephones and the maintenance/repair call is authorized by the owner or agent.
- 2.13 The PTEAS provider is responsible for the payment of charges for all local and toll messages, except as provided in Substantive Rule 23.54 subsection (h) of this section;
- 2.14 The PTEAS provider must comply with all applicable federal, state and local laws and regulations.
- 2.15 PTEAS may be connected to, from or through a customer-provided telecommunications switching system, or Southwestern Bell Telephone Company-provided central office based PBX-type switching system, provided that the pay telephone service provider meets all requirements of Substantive Rule 23.54. The pay telephone service provider must ensure that access to E-911, 911, and/or 0- is not blocked and must comply with all legislative and rule requirements regarding the operation of E-911 and 911. This access configuration is not allowed if it prevents usage measurement, by SWBT, of the PTEAS access line.
- 2.16 Pay telephone must be registered in compliance with Part 68 of the FCC's Registration Program or e connected behind an FCC registered coupler.

3. LINE CONCENTRATOR TERMINALS

- 3.1 Customer provided line concentrator terminals are equipment interconnect devices which allow pay telephone service providers the option of connecting numerous pay telephones to a lesser number of PTEAS access lines. This type of terminal equipment may be connected at the customer's premises to Telephone Company provided PTEAS under the following conditions.
- (A) Such connections shall be made in accordance with the provisions of 'Connections of Terminal Equipment and Communications Systems' found in Part 2, Section 9 of the AT&T Texas Guidebook. (T)
- (B) The equipment must be registered in compliance with Part 68 of the FCC's Registration Program or connected behind an FCC registered coupler.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

3. LINE CONCENTRATOR TERMINALS (Cont'd)

3.1 (Cont'd)

- (C) Any pay telephones interconnected to PTEAS access lines via a line concentrator terminal must be able to access 911 Emergency Service in areas with 911 capabilities, or "0" (operator) in areas without 911 capabilities, on a priority basis. This means any of the pay telephones must be able to override a call in progress, should all the access lines be in a busy condition, in order to have immediate access to emergency services.
- (D) In the event of commercial power failure, the line concentrator terminal shall be provided with an emergency power supply that will automatically be activated to provide at least 24 hours of emergency service. If the premises is equipped with standby power to which the concentrator is connected, this shall satisfy the requirement.
- (E) Line concentrator terminals cannot be connected to, from, or through any customer provided telecommunications switching system or Telephone Company provided central office based PBX-type switching system.
- (F) No fewer than six pay telephones may be connected to a line concentrator terminal.
- (G) The concentration ratio may not be greater than two pay telephones to one PTEAS access line (2:1), with a call completion ratio of 96% during the busy hour.
- (H) Non-compliance with any section of this tariff shall result in disconnection upon proper written notice.

4. CALL SCREENING AND SERVICES

4.1 Billed Number Screening (BNS) {1} (C)

4.1.1 BNS is provided at the customer's option at no charge. It is a process by which the Carrier (LEC, IXC, OSP, etc.) validates customer acceptance of incoming Billed to Third Party or Collect calls by means of a data base query.

(M)

{1} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued. (N)

{M} Material now appears on Sheet 4.2 (N)

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES (Cont'd)

4.1 Billed Number Screening (BNS) {1} - (Cont'd) (C)

4.1.2 Customers who elect not to subscribe to Billed Number Screening, as described in paragraph 4.1.1 preceding, will be fully responsible for all collect calls and third number billed calls which are billed to customer's exchange access line. Southwestern Bell Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying such charges. Customer will hold Southwestern Bell Telephone Company harmless from and against any liability or loss resulting from all such collect calls and third number billed calls. (M)

4.2 Selective Class of Call Screening (SCOCS) {1}{2} (C)

4.2.1 SCOCS is an optional service feature which may be provided where such facilities are available. It enables a customer, by means of a Telephone Company-provided line screening code to restrict outgoing operator handled calls from a designated access line to only those calls which are charged to the called number (Collect) or a third number. {1} (C)

SCOCS is only effective where (1) Southwestern Bell Telephone Company carries the call or (2) the carrier (LEC, IXC, OSP or other entities which are affected by the terms and conditions of Substantive Rule 23.54 or 23.55) which carries the call recognizes the originating line screening which identifies the line as one that subscribes to SCOCS and only permits calls in conformity therewith.

However, if the customer subscribes to SCOCS, the customer will not be responsible for message charges incurred for calls placed in violation of the call screening restrictions. If a carrier for which the Telephone Company is the billing agent carries a call from a line subscribed to SCOCS, the Telephone Company will adjust such message when the customer brings the situation to the Telephone Company's attention. Such message charges will be charged back as uncollectible to the carrier.

(M) 1

{1} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued. (N)

{2} Selective Class of Call Screening is not available in conjunction with SmartCoin access line. (C)

{M} Material formerly appeared on Sheet 4.1

{M}1 Material now appears on Sheet 4.3

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES (Cont'd)

4.2 Selective Class of Call Screening (SCOCS) {1}{2} - (Cont'd) (C)

4.2.2 Originating line screening for a designated PTEAS access line can be arranged by providing one of the three following types of SCOCS. (M)

(A) Type I, Basic SCOCS - An outgoing call will not be permitted unless the end user makes arrangements to have the call billed to a called telephone number (Collect Call) or a third telephone number.

(B) Type II Collect Only-Inmate calls - Under this arrangement only an outgoing call billed to a called telephone number (Collect Call) is permitted. (M)

{1} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued. (N)

{2} Selective Class of Call Screening is not available in conjunction with SmartCoin access line. (M)

{M} Material formerly appeared on Sheet 4.2 (M)

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES- (Cont'd)

4.2 Selective Class of Call Screening (SCOCS){1}{2} - (Cont'd) (C)

4.2.2 (Cont'd)

(C) Type III, Coinless Only SCOCS - An outgoing call will not be permitted unless the end user makes arrangements to have the call billed to a called telephone number (Collect Call) or a third telephone number.

4.2.3 No variation, alteration or refashion of the screening codes, billing restrictions, applicable access or other general provision of SCOCS will be permitted.

4.2.4 In those serving central offices where call screening is not available, the Telephone Company will not bill any call, including, but not limited to, third number billed, collect, "0" or "0+" calls to a number which has been clearly identified as a pay telephone to the Telephone Company-provided operator at the time of the call attempt. However, Southwestern Bell will not be responsible for refunds or adjustment of charges for calls placed through other than Telephone Company-provided operators except as provided in Substantive Rule 23.54, Section (h) relating to fraud protection.

4.2.5 All local calls and calls to Telephone Company numbers such as repair service, Directory Assistance Services and to public emergency numbers, such as 911, will be permitted from the PTEAS access line. However, these requirements may be waived when pay telephones are accessible to inmates in confinement facilities.

4.2.6 Customers who elect not to subscribe to Selective Class of Call Screening, as described in paragraph 4.2.1 preceding, will be fully responsible for all calls billed to customer's exchange access line. Southwestern Bell Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold Southwestern Bell Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.

{1} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued. (N)

{2} Selective Class of Call Screening is not available in conjunction with SmartCoin access line. (C)

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES - (Cont'd)

4.3 Central Office Call Blocking

4.3.1 Local and "1+" call blocking provides central office blocking of all local calls (7 digit) and direct dialed toll calls from coinless telephones. However, a uniform access code 950-XXXX assigned to a carrier for its international communications is not blocked but is routed to that carrier. The calls blocked include, but are not limited to, "1+", "10XXX+1", "10XXX+011", "101XXXX+1" and "101XXXX+011" type calls. This service is offered in serving offices where facilities exist.

4.3.2 International Direct Dialed (IDD) call blocking is an optional service arrangement which provides central office blocking of direct dialed international calls ("011", "10XXX+011" and "101XXXX+011") from coin operated telephones to telephone numbers outside the North American Dialing Plan. This service is offered in serving offices where facilities exist.

Customers who elect not to subscribe to IDD call blocking shall be responsible for the payment of all charges associated with IDD calls and shall indemnify and hold Southwestern Bell Telephone Company harmless from any and all loss and expense occasioned by fraudulent international calls which may be placed from the PTEAS access line.

4.4 Answer Supervision - Line Side

Answer supervision-Line Side provides "off-hook" supervisory signals to customer premises equipment. These signals originate from the "called" party's serving (terminating) central office to a line interface at the "calling" party's serving (originating) central office. This feature provides the signal that allows billing to begin. This feature is not compatible with the Call Waiting, Speed Calling and Three-Way Calling features when provided Selective Class of Call Screening.¹

4.5 SmartCoinSM

SmartCoinSM service is offered, at the customer's option, where the necessary facilities are available. SmartCoinSM access lines may be provided as either two-way or one-way originating only access lines. With the exception of Dial Tone First and Answer Supervision Line Side, the services included on SmartCoinSM Access Lines apply only on local and intraLATA toll calls that are handled by the Telephone Company.

(D)

(D)

¹ Answer Supervision equivalent functionality is included at no additional charge with SmartCoinSM service.

Effective: May 19, 1999

GENERAL EXCHANGE TARIFF
Section: 36
Sheet: 6.1
Revision: 3
Replacing: 2

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES - (Cont'd)

4.5 SmartCoinSM - (Cont'd)

PTEAS customers subscribing to SmartCoinSM services will furnish Rate Information in a mutually agreed upon format or media by a date set by SWBT, in advance of the date when the Sent Paid Quotation Services are to be undertaken. Customer will inform SWBT, in writing, of any change to be made to such Rate Information according to a mutually agreed upon schedule. Customer is solely responsible for ensuring that Rate Information furnished to SWBT complies with state and federal rules. Customer will indemnify and hold SWBT harmless from any and all claims resulting from SWBT=s quotation of this Rate Information to end users of the customer=s pay telephone set. (T)

A telephone number change may be required when an existing PTEAS access line is converted to a SmartCoinSM access line. (T)

When subscribing to SmartCoinSM, the customer is responsible, on the site owner=s behalf, for arranging for proper handling of coin calls by their chosen carrier or their carrier=s agent. (T)

The Telephone Company will not be liable for shortages of coins collected and deposited at the customer=s equipment.

Calls placed from PTEAS access lines equipped with the SmartCoinSM feature will be rated as follows: (T)

- A. Sent paid local calls which do not require the assistance of an operator will be rated by the customer=s pay telephone set. The Telephone Company network will receive a signal from the pay telephone set indicating that the local rate has been satisfied.
- B. Operator handled sent paid local calls and sent paid calls to SWBT directory assistance will be rated to the end user at the price established by the customer.
- C. Telephone Company handled non-sent paid local calls and non-sent paid calls to SWBT directory assistance will be rated to the end user and billed the appropriate SWBT operator service charge or directory assistance charge as specified in paragraph 7 of this tariff. No charges will be billed to the PTEAS customer for these types of calls.
- D. Sent paid intraLATA long distance calls will be rated to the end user at the price established by the customer. The PTEAS customer will be billed the rates specified in Paragraph 7.4 of this tariff.
- E. Telephone Company handled non-sent paid intraLATA long distance calls will be rated to the end user and billed at the rates

specified in Paragraph 7.4 of this tariff. No charges will be billed to the PTEAS customer for these types of calls. (T)

PAY TELEPHONE EXCHANGE ACCESS SERVICE

4. CALL SCREENING AND SERVICES - (Cont'd)

4.5 SmartCoinSM (Cont=d)

Services included with SmartCoinSM access lines are:

- A. Dial Tone First (DTF) - DTF enables customers to dial certain calls without requiring coin deposits, e.g., 911 Emergency Services.
- B. Originating Line Screening - A two digit code passed by the local switching system with the Automatic Number Identification (ANI) at the beginning of a call that identifies the originating line as a pay telephone.¹
- C. Coin Supervision (Coin Collect and Coin Return) - is used to control the disposition of the coins held in the customer provided equipment. Coin collect is used when a call has been completed and coin return is used if no answer or busy condition is encountered.
- D. Coin Administration - SWBT operators will attempt to release stuck coins at the request of an end user. When coins cannot be released, the end user will be referred to the PTEAS customer as indicated on the telephone instrument instruction card.
- E. Answer Supervision-Line Side - Equivalent timing functionality as provided by Answer Supervision is provided through the customer=s serving central office.
- F. Operator Services - SWBT=s operator system will handle all local and intraLATA calls dialed 0-, 0+ and 1+.
- G. Sent Paid Quotation - SWBT operator or the Automated Coin Telephone Service quotes a charge to the end user for the deposit of coins when the end user is originating 1+, 0+, or 0- call which is not alternatively billed.
- H. Automatic Rate Table - Updated Rates for local and intraLATA sent paid calls will be established by the SmartCoinSM feature. SmartCoinSM will automatically reflect rate changes and the network will determine if the rate has been satisfied.
- I. Automatic NPA-XXX Update - New area codes and central office prefixes will automatically be added to SmartCoinSM via Bellcore updates. This list will properly identify local versus long distance terminating line designation.

5. VIOLATION OF REGULATIONS

- 5.1 If a PTEAS subscriber is in violation of a tariff provision, SWBT will (T)
notify the PTEAS subscriber of the violation in writing. Such notice (T)
must refer to the specific tariff provisions being violated. The (T)
notice must state that the PTEAS subscriber is subject to disconnection
by SWBT of the instrument(s) in violation of the tariff unless the
violation is corrected and Southwestern Bell Telephone Company is
notified, in writing, within 20 days of receipt of such notice that the
violation has been corrected. SWBT may disconnect the instrument(s)
that are in violation of the tariff on or after the 20th day after (T)
receipt of the notice by the PTEAS subscriber, if the PTEAS subscriber
did not notify SWBT in writing within 20 days of receipt of the notice (T)
that the violation was corrected. However, if the PTEAS subscriber has
filed a complaint with the commission regarding the disconnection and
has provided Southwestern Bell Telephone Company with a copy of the
complaint that indicates that the complaint has been filed with the
commission's complaint office, within 20 days of receipt of the notice
of violation, Southwestern Bell Telephone Company will not disconnect
the instrument(s) pending resolution of the complaint by the
Commission.
- 5.2 Pursuant to Substantive rule 23.54(k), should a pay telephone service (N)
provider be found to be in violation of Commission Rules, SWBT will |
disconnect the PTEAS upon order of the Commission. (N)
- 5.3 Where a pay telephone is discovered to be connected to the network and (T)
is being billed under any tariff other than the PTEAS tariff, the (T)
Telephone Company will back-bill the difference between the PTEAS rate
for 6 months, and the rate the customer actually paid, unless the
customer can show that the pay telephone instrument was connected at a

later date, in which case the back-billing shall run from the date of connection.

- 5.4 If a customer fails to pay the amount back-billed pursuant to the above-stated provision, the Telephone Company shall suspend service, pursuant to Substantive Rule 23.45(h) on the PTEAS access line and on any other business service provided by the Telephone Company to the PTEAS customer, until such time as the back-billed amount is paid in full. PAY TELEPHONE EXCHANGE ACCESS SERVICE

6. RATES AND CHARGES - (Cont'd)

6.3 Selective Class of Call Screening:

Selective Class of Call Screening will be provided, at the customer's option, at the following one-time charges per PTEAS access line: {1}

	<u>Nonrecurring Charge</u>	<u>USOC</u>
Type I, Basic, per line		
2-Way Service	\$ 20.00	UGHO2
1-Way service	\$ 20.00	UGHO1
Type II, Collect Only-Inmate, per line		
1-way Service	\$ 20.00	PSEST
Type III, Coinless Only, per line		
2-Way	\$ 20.00	UGHO3
1-Way	\$ 20.00	UGHB3

6.4 Service Connection and Other Charges:

6.4.1 Rates and Charges contemplate only a standard business local exchange access line service installation.

6.4.2 Service Connection Charges, specified in Part 3, Section 1 of the AT&T Texas Guidebook for standard business exchange access lines, apply in addition to all other charges in this Tariff for PTEAS. These charges will also apply when, upon customer request, an existing PTEAS access line incurs subsequent activity to change to and/or from a SmartCoin access line. (T)

6.4.3 Where Touch-Tone Service, Custom Calling Service and/or other services are desired, charges as specified in the appropriate Parts/Sections of the AT&T Texas Guidebook are applicable for PTEAS at the same rates and charges applicable to standard business exchange access lines. (T)

6.4.4 Charges for long distance directory assistance calls, as provided by Other Common Carriers and not by the Company, will be at rates and charges specified by such Other Common Carriers.

6.4.5 Charges and rates for long distance message telecommunications service, as provided by the Company, will be as specified in Part 9, Section 1 of the AT&T Texas Guidebook. Charges for such long distance service, as provided by Other Common Carriers and not the Company, will be at rates and charges specified by such Other Common Carriers. (T)

6.4.6 PTEAS with IDD blocking - a one-time charge of \$20.00 will be imposed on the customer under the following conditions:

(A) When either a 1-Way or 2-Way PTEAS access line with IDD blocking (USOCs 15Y and 19Y) is initially installed.

(B) When, upon customer request, an existing 1-Way or 2-Way PTEAS access line incurs subsequent activity to install or remove IDD blocking.

{1} Selective Class of Call Screening is not available in conjunction with SmartCoin access lines.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

6. RATES AND CHARGES - (Cont'd)

6.5 International Direct Dial:

As described in paragraph 4.3.2 preceding, the customer may subscribe to the International Direct Dial (IDD) blocking feature for an additional charge. (C)

	<u>Nonrecurring</u>	<u>USOC</u>
International Direct Dial Per Public Access Line	\$ 20.00(I)	NR4BK

This feature will be available where appropriate Company facilities exist. (C)

6.6 Answer Supervision - Line Side

Answer Supervision-Line Side will be provided, at the customer's option, at the following charges per Customer Owned Pay Telephone Service access line: {1}

<u>USOC</u>	<u>Monthly</u>	<u>Nonrecurring Charge</u>	
Answer Supervision, Per Line	\$ 5.50	\$ 7.00	USW1X

6.7 Billed Number Screening

Billed Number Screening (BNS) will be provided, at the customer's option, at the following charges per Customer Owned Pay Telephone Service access line:

<u>onrecurring</u>	<u>Monthly</u>	<u>Charge</u>	<u>FID</u>
Billed Number Screening, Per Line	\$ 0.00	\$ 0.00	TBE

{1} Answer Supervision equivalent functionality is included at no additional charge with SmartCoin service.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

7. Charges to End Users for Services from Pay Telephones

A pay telephone is defined as the equipment placed by a Payphone Service Provider to facilitate the provisioning of pay telephone services to end users. Such service is utilized by the use of coins or alternative billing mechanisms.

The following charges apply: 1) to end users for alternatively billed calls placed from pay telephones subscribed to SWBT's services or 2) when an end user chooses to utilize SWBT's alternatively billed services rather than those of the company to which the pay telephone is subscribed.

Sent paid calls (calls paid for with currency at the time the call is made) are provided under the terms, rates and conditions of the Payphone Service Provider furnishing the pay telephone.

7.1 Service Charges

In compliance with the Federal Communications Commission's order in Docket No. 90-571, released August 25, 1995, local Telecommunications Relay Service (TRS) calls made from payphones will be provided free of charge.

PAY TELEPHONE EXCHANGE ACCESS SERVICE

7. Charges to End Users for Services from Pay Telephones (Cont'd)

7.2 Operator Assistance Services

Regulations for Operator Assistance Services can be found in Part 9, Section 1 or Part 11, Section 1 of the AT&T Texas Guidebook. {4} (C)

7.2.1 Rates

Station-to-Station Service	Local	LDMTS	
Collect (Non-Inmate) {4}	3.95	3.95	(C)
- Non-Automated	3.75	3.75	
- Semi-Automated			
	3.45	2.95	
Collect (Inmate) {4}			(C)
Billed to a Third Number {4}	5.30	5.30	(C)
- Non-Automated	3.95	3.95	
- Semi-Automated			
Person to Person Service {1}{4}	9.30	8.95	(C)
- Non-Automated	9.30	8.95	
- Semi-Automated			
Other Services {2}{4}	3.95		(C)
- Line Status Verification {3}	3.95		
- Busy Interrupt {3}			

7.3 Payphone Use Charge

The Payphone Use Charge applies to all completed 0+ and 0- intraLATA non-sent paid calls placed from payphones. Non-sent paid is defined as a call which is placed without advance deposit of currency at the payphone. The Payphone Use Charge will apply in addition to applicable Operator Assistance Charges specified in Paragraph 7.2, above.

- Payphone Use Charge \$.50

- {1} Person-to-Person service may be billed to a third number or billed as collect at no additional charge. {4} (C)
- {2} Information also appears in Part 11, Section 2 of the AT&T Texas Guidebook.
- {3} This charge is not applicable where the Company-provided operator is requested to verify or interrupt intraLATA interexchange calls to or from authorized emergency agencies (i.e., police, fire and ambulance). Agencies that are not obvious emergency agencies may apply to the Company for an exemption so that charges as set forth, for line status verification and busy interrupt, are not applicable. {4} (C)
- {4} Effective March 19, 2016, Collect, Person-to-Person and Bill to Third Number calls are discontinued. (N)

PAY TELEPHONE EXCHANGE ACCESS SERVICE

7. Charges to End Users for Services from Pay Telephones (Cont'd)

7.4 Directory Assistance Service

Regulations for Directory Assistance Service can be found in Part 11, Section 2 of the AT&T Texas Guidebook.

7.4.1 Rates

The following rate applies when an end user has Directory Assistance charges billed to a telephone number other than the originating number. (C)

Each call (maximum 2 requests per call) \$0.60

7.5 Long Distance Message Telecommunications Service

This service is furnished under the guidelines of Part 9, Section 1 (Regulations) and Part 9, Section 2 (Two-Point Service) of the AT&T Texas Guidebook.

7.5.1 Rates {1}{2}

Rate Mileage	Day Initial 1-Minute	Day Each Additional Minute
1-17	\$ 0.10	\$ 0.09
18-22	0.15	0.14
23-28	0.22	0.20
29-34	0.26	0.25
35-41	0.33	0.31
42-51	0.33	0.31
52-66	0.33	0.31
67-81	0.36	0.35
82-105	0.36	0.35
Over	0.36	0.35

7.5.2 Operator Assistance service charges specified in Paragraph 7.2.1 of this tariff may be applied in addition to the Pay Telephone Rate Schedule listed in Paragraph 7.5.1, above.

{1} For sent paid calls originated the pay telephone, these rates apply to the PTEAS customer. Send paid calls are provided to the end user under the terms, rates, and conditions of the PTEAS customer.

{2} These rates do not apply to a local exchange company that elects incentive regulation under Chapter 58 of the Public Utility Regulatory Act.
