E5. ORDERING OPTIONS FOR BELLSOUTH SWA AND SPECIAL ACCESS (A.K.A. BELLSOUTH SPA) SERVICE

E5.1 General

E5.1.1 Scope

- A. This section sets forth regulations and order related charges for Access Orders for BellSouth SWA and Special Access (a.k.a. BellSouth SPA) services. These charges are in addition to other applicable charges as set forth in other sections of this Tariff.
- B. An Access Order is the customer's request for the Telephone Company to provide the customer with BellSouth SWA service, Fast Packet Access services, Special Access service (a.k.a. BellSouth SPA) or to provide modifications to existing service. An Access Order may be submitted by Access Service Request (ASR) or by such other ordering processes as the Telephone Company may provide. Depending upon the services, facilities or service interval dates requested, one or more Access Orders may be required to provide the customer with access service.

E5.1.2 Ordering Conditions

- A. A customer may order any number of services of the same type and between the same premises on a single Access Order. All details for services for a particular order must be identical except for those for multipoint service.
- B. The customer shall provide all information necessary for BellSouth to provide and bill for the requested service. In addition to the order information required in Section E5.2, the customer must also provide:
 - Customer name and premises address(es).
 - Billing name and address (when different from customer name and address).
 - Customer contact name(s) and telephone number(s) for the following provisioning activities:
 - order negotiation, order confirmation, interactive design, installation and billing.
- C. A customer that orders services from this Tariff as an Enhanced Service Provider (ESP), must provide a signed statement that it meets the ESP definition as provided in Section E2.6.
- D. BellSouth SWA service orders for BellSouth SWA FGA and BellSouth SWA LSBSA shall be in lines.
- E. BellSouth SWA service orders for BellSouth SWA FGB and BellSouth SWA TSBSA 1 shall be in trunks.
- F. A customer who converts from an existing BellSouth SWA FG service to an equivalent unbundled service (i.e., BellSouth SWA FGA to BellSouth SWA LSBSA, BellSouth SWA FGB to BellSouth SWA TSBSA 1, and BellSouth SWA FGD to BellSouth SWA TSBSA 3) shall do so on no lower than an end office level. The Company and the customer will work cooperatively to accomplish these conversions.
- G. The day upon which the customer has provided BellSouth a firm commitment for the service and complete and accurate information to allow for the processing of the Access Order *by three o'clock p.m. Eastern Standard Time (EST)*¹ is the Application Date. BellSouth will release an optional initial Pending Order Confirmation, which will include the BellSouth order number and circuit identification. At the customer's request, when the BellSouth facility availability is verified, either a Firm Order Confirmation, which will include critical date information, or a Design and Ordering Confirmation, which will include design as well as critical date information, will be released. Critical date information will include the Service Date. The Service Date (also sometimes referred to as the due date) is the date service is to be made available to the customer and billing will commence.

A Pending Order Confirmation is available for orders for BellSouth-provided switched access dedicated transport services, where ordered separately from other switched access services, and for BellSouth-provided special access services. A Design and Ordering Confirmation is not available for orders submitted by end users. A Pending Order Confirmation and a Design and Ordering Confirmation are not available on orders for services provided jointly with another Exchange Telephone Company.
- H. The time required to provision the service (i.e., the interval between the Application Date and the Service Date) is known as the service interval. Such intervals will be established in accordance with published service date interval guidelines which are available to customers upon request, whether the customer's service is subject to standard or negotiated intervals. The customer may request a service date other than that established pursuant to the service date interval guidelines, and the Company, where possible, will establish the service date in accordance with such request, subject, however, to other applicable provisions of this Tariff.
- I. The following charges will apply for the installation, move or rearrangement of BellSouth SWA or Special Access (a.k.a. BellSouth SPA) service orders with an agreed upon service date interval of four business days or less following the Application Date of the order. These charges are in addition to other applicable BellSouth SWA or Special Access (a.k.a. BellSouth SPA) nonrecurring charges for installations, moves or rearrangements of service. These charges will not apply to services provided on a Special Services Arrangement or on an Individual Case Basis, or in the event the agreed upon Service Date, as set forth preceding, is not met, or at the request of the customer to convert from a lower to higher order of service as provided for in Section E2.4.9A.

E5. ORDERING OPTIONS FOR BELLSOUTH SWA AND SPECIAL ACCESS (A.K.A. BELLSOUTH SPA) SERVICE

E5.2 Access Order (Cont'd)

E5.2.2 BellSouth SWA Service to Cellular Interconnections

For BellSouth SWA FGB, BellSouth SWA FGD and BellSouth SWA TSBSA 1 and BellSouth SWA TSBSA 3 service to a Mobile Telephone Switching Office (MTSO) directly interconnected to a Company Access Tandem Office, the customer shall provide information to the Company indicating the NXX code(s) to be accessed.

E5.2.3 Access Order Modifications

- A. The customer may request a modification of its Access Order at anytime prior to notification by the Company that service is available for the customer's use. The Company will make every effort to accommodate a requested modification when it is able to do so with the normal work force assigned to complete such an order within normal business hours. If the modification cannot be made with the normal work force during normal business hours, the Company will notify the customer. If the customer still desires the Access Order modification, the Company will schedule a new service date. All charges for Access Order modifications will apply on a per occurrence basis. (D)
- B. Any increase in the number of Special Access (a.k.a. BellSouth SWA) service channels, BellSouth SWA service lines, trunks, or BellSouth SWA Transport Facilities or CCS7 Signaling Connections *and* CCS7 Signaling Terminations services will be treated as a new Access Order (for the increased amount only).
- C. If order modifications are necessary to satisfy the transmission performance for a Special Access (a.k.a. BellSouth SWA) service ordered by a customer, these changes will be made without order modification charges being incurred by the customer.
- D. Service Date Change Charge
 - 1. Access Order service dates for installation of new services or rearrangements of existing services may be changed, but the new service date may not exceed the original service date by more than 30 calendar days. When, for any reason, the customer indicates that service cannot be accepted for a period not to exceed 30 calendar days, and the Company accordingly delays the start of service, a Service Date Change Charge will apply. If the customer requested service date is more than 30 calendar days after the original service date, the order will be canceled by the Company and reissued with appropriate cancellation charges applied, unless the customer indicates that billing for the service is to commence as set forth in Section E5.2.4.A. (T)
 - 2. Failure to notify the Company prior to the original service date to request a different service date may result in the application of a Service Date Change-Additional Dispatch Charge for installations, moves and rearrangement of services. If a Company technician is dispatched to the customer's premises on the scheduled service date and the customer has failed to notify the Company before three o'clock p.m. EST on the business day prior to the scheduled service date that it wishes to change the service date, the Company will delay the start of service pending negotiations with the customer. If the customer reschedules the service date, a Service Date Change-Additional Dispatch Charge will apply in addition to a Service Date Change Charge as specified in Section E5.2.3.D.4(a). If the customer cancels the service date, cancellation charges will apply in accordance with terms and conditions for cancellation charges as set forth in Section E5.2.4. Cancellation of the order will not preclude the application of the Service Date Change Charge and Service Date Change-Additional Dispatch Charge assessed for prior occurrences on the same order. (T)
 - 3. A new service date may be established that is prior to the original service date if the Company determines it can accommodate the customer's request without delaying service dates for orders of other customers.
 - 4. A Service Date Change Charge will apply, on a per order per occurrence basis, for each service date changed. The Service Date Change-Additional Dispatch Charge will apply for each occurrence of a technician dispatch to the customer's premises when the customer is not ready for service as specified in Section E5.2.3.D.2. The applicable charges are: (T)

	Nonrecurring	USOC
	Charge	OMC
(a) Service Date Change Charge, per order	\$35.13	OMC
(b) Service Date Change-Additional Dispatch Charge, per occurrence	\$150.00	OMCAD

- 5. For multiple orders with the same service date for the same customer premises, only one Service Date Change-Additional Dispatch Charge will apply. However, a Service Date Change Charge will apply for each order.
- 6. Service Installation Guarantee, as set forth in Section E2.4.10, is not applicable for Service Date Change Charges. (T)

D. Service Date Change Charge (Cont'd)

7. An exception to the Service Date Change Charge provisions in Sections E5.2.3D.1-2 applies for BellSouth Metro Ethernet Service and AT&T Switched Ethernet Service. The following provisions apply:

If a Customer is unable to accept Service on the original due date, the Customer may issue one or more supplements to an Access Order to change the original due date to a date no more than 120 calendar days after the original due date. When such requests are made, the Telephone Company will accordingly delay the start of service and the Customer will incur a Service Date Change Charge. The first supplement to the access order must be received by the Telephone Company on or before 30 calendar days after the original due date.

If a Customer has opted to issue a supplement to an access order to extend the original due date but is unable to accept Service within 121 calendar days after the original due date, one of the following will apply:

- If Service has not been fully provisioned, the Telephone Company will cancel the order on the 121st calendar day after the original due date and charges specified in Section E5.2.3.D.4(a) will apply, or
- If Service has been fully provisioned, the Telephone Company will begin billing for the Service on the 121st day after the original due date.

1. Any decrease in the number of ordered Special Access (a.k.a. BellSouth SPA) service channels, BellSouth SWA service lines, trunks or BellSouth SWA Transport facilities or *CCS7 Signaling Connections and CCS7 Signaling Terminations services* will be treated as a partial cancellation and the charges as set forth in Section E5.2.4.B, will apply.

E5.2.4 Cancellation of an Access Order

- A. A customer may cancel an Access Order for the installation of service at any time prior to the notification by the Company that service is available for the customer's use. The cancellation date is the date the Company receives written notice from the customer that the order is to be canceled.

(D)
(D)

- B. When a customer cancels an Access Order for the installation of service, a Cancellation Charge will apply as follows:

(D)

1. Costs incurred in conjunction with the provision of BellSouth SWA or Special Access (a.k.a. BellSouth SPA) service starts on the Application Date as defined in Section E5.2.4.B.4.b.
2. When the customer cancels an Access Order prior to the Design Layout Report Date, as defined in Section E5.2.4.B.4.b., no charges shall apply.
3. When the customer cancels an Access Order on or after the Design Layout Report Date, a charge equal to the estimated costs incurred by the Company shall apply. Such charge is determined as specified in Section E5.2.4.B.4.
4. Charges applicable as specified in Section E5.2.4.B.3 are based on the estimated costs incurred by the Company at the time the order is canceled. The estimated costs incurred are determined based on the following:
 - a. Certain Company critical dates are associated with an Access Order provisioning interval, whether standard or negotiated. These dates are used by the Company to monitor the progress of the provisioning process. At any point in the Access Order interval the Company is able to determine which critical date was last completed and can thus determine what percentage of the Company's provisioning costs have been incurred as of that critical date.
 - b. The critical dates tracked by the Company are as follows:

Application Date (APP): The date the customer provides to the Company, (1) a firm commitment for service and (2) sufficient information as detailed in Section E5.1 to enable the Company to begin service provisioning. This is also the order date.
