A4.4 Dual Service

A4.4.1 General

A. Dual Service is a service offering which supplies the same dial tone concurrently to two different addresses served from the same wire center for a limited period of time for nondesigned services only. The provision of Dual Service assures the customer continual service at both locations during the time of a move.

B. A request for Dual Service occurs on orders for a transfer of service (T&F) within the same wire center where no telephone number change is involved.

C. Dual Service will be offered subject to the availability of facilities and technical limitations.
