### A3. BASIC LOCAL EXCHANGE SERVICE

#### A3.1 Exchange Access Lines

##### A3.1.1 General

- A. Rates for Basic Local Exchange Service are related to the total number of Main Station Lines, Private Branch Exchange Trunks and Centrex Type Services Main Station Lines within the Local Calling Area, including those of other telephone companies within the same Local Calling Area.
- B. The Exchange Service Area for each exchange is identified on maps.
- C. The rates for service and equipment not specifically shown in this section are presented in other sections of this Guidebook.
- D. Individual Residence and Business Main Station Line Service are comprised of serving central office line equipment and all outside plant facilities needed to connect the serving central office with the customer premises at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the Telecommunications Network for Message Toll Service and for local calling.
- E. Effective December 10, 1993, rotary dial service will not be available for new installations. For Area Calling Service<sup>1</sup> subscribers with rotary dial service and inward facilities (connected prior to December 10, 1993), a credit of \$.75 per residence Area Calling Service line or trunk and \$1.50 per Area Calling Service business line or trunk will apply to the rates specified in A3.2.9. Existing rotary dial service and inward facilities for Area Calling Service subscribers may be modified or changed at the current location (with the exception of a change in class of service), but may not be relocated to a different address. Existing Area Calling Service subscribers with rotary dial service and inward facilities who change to a different class of service and Area Calling Service subscribers who connect new lines or trunks will be billed at the rates specified in A103.2.9 (Residence) or A3.2.9 (Business).
- F. A Cost Assessment Charge (CAC) is assessed on a per access line basis for residential and business customers. The CAC recovers ongoing costs associated with the administration of Local Number Portability. The CAC also recovers property taxes from business customers. This charge is not a tax or fee that the government requires AT&T to collect from customers. The following will not be assessed a CAC: Resale, Lifeline, 911 Services, Coin Services and Federal, State and Local Government Accounts.
