2. Except for High Capacity (a.k.a. BellSouth SPA High Capacity) Individual Case Basis (ICB) services and associated channelization listed in Sections E7. and E12. of this Tariff, when a service with a minimum period greater than one month is discontinued prior to the expiration of the minimum period, the applicable charge will be the lesser of (1) the Company's total nonrecoverable costs less the net salvage value for the discontinued service or (2) the total monthly charges, at the rate level in effect at the time service is discontinued, for the remainder of the minimum period. For High Capacity (a.k.a. BellSouth SPA High Capacity) Individual Case Basis services the applicable charge is specified in the Individual Case Basis filing.

E2.4.3 Cancellation of an Order for Service

Provisions for the cancellation of an Access Order for BellSouth SWA or Special Access (a.k.a. BellSouth SPA) services are set forth in E5.2.4 of this Tariff.

E2.4.4 Credit Allowance for Service Interruptions**A. General**

A service is considered interrupted when it becomes unusable to the customer because of a failure of a facility component used to furnish service under this Tariff, or in the event that the protective controls applied by the Company result in the loss of use of the service by the customer as set forth in Section 6.5.1 of Tariff FCC No. 1. An interruption period starts when the customer reports the interruption to the Company, and ends when the service is operative.

B. When A Credit Allowance Applies

In case of an interruption to any service, allowance for the period of interruption, if not due to the negligence of the customer, shall be as follows:

1. For direct-routed BellSouth SWA service (i.e., not routed through an Access Tandem) and Switched Local Channel, Dedicated End Office Trunk Port Service, Dedicated Tandem Trunk Port, and Special Access (a.k.a. BellSouth SPA), no credit shall be allowed for an interruption of less than 30 minutes. The customer shall be credited for an interruption of 30 minutes or more at the rate of 1/1440 of the monthly charges for the facility or service for each period of 30 minutes or major fraction thereof that the interruption continues. (D)

The monthly charges used to determine the credit shall be as follows:

- a. The monthly charge shall be the total of all the monthly rate element charges associated with the service:
 - (1) For BellSouth SWA Transport: Switched Local Channel, BellSouth SWA Dedicated Interoffice Channel Dedicated End Office Trunk Port Service, Dedicated Tandem Trunk Port Service, Channelization Equipment (if applicable), and any Optional Features and Functions.

- b. For Special Access (a.k.a. **E5. ORDERING OPTIONS FOR BELLSOUTH SWA
 AND SPECIAL ACCESS (A.K.A. BELLSOUTH SPA) SERVICE**

E5.1 General

E5.1.1 Scope

- A. This section sets forth regulations and order related charges for Access Orders for BellSouth SWA and Special Access (a.k.a. BellSouth SPA) services. These charges are in addition to other applicable charges as set forth in other sections of this Tariff.
- B. An Access Order is the customer's request for the Telephone Company to provide the customer with BellSouth SWA service, Special Access service (a.k.a. BellSouth SPA) or to provide modifications to existing service. An Access Order may be submitted by Access Service Request (ASR) or by such other ordering processes as the Telephone Company may provide. Depending upon the services, facilities or service interval dates requested, one or more Access Orders may be required to provide the customer with access service. (D)

E5.1.2 Ordering Conditions

- A. A customer may order any number of services of the same type and between the same premises on a single Access Order. All details for services for a particular order must be identical except for those for multipoint service.
- B. The customer shall provide all information necessary for BellSouth to provide and bill for the requested service. In addition to the order information required in Section E5.2, the customer must also provide:
 - Customer name and premises address(es).
 - Billing name and address (when different from customer name and address).
 - Customer contact name(s) and telephone number(s) for the following provisioning activities:
 - order negotiation, order confirmation, interactive design, installation and billing.
- C. A customer that orders services from this Tariff as an Enhanced Service Provider (ESP), must provide a signed statement that it meets the ESP definition as provided in Section E2.6.
- D. BellSouth SWA service orders for BellSouth SWA FGA and BellSouth SWA LSBSA shall be in lines.
- E. BellSouth SWA service orders for BellSouth SWA FGB and BellSouth SWA TSBSA 1 shall be in trunks.
- F. A customer who converts from an existing BellSouth SWA FG service to an equivalent unbundled service (i.e., BellSouth SWA FGA to BellSouth SWA LSBSA, BellSouth SWA FGB to BellSouth SWA TSBSA 1, and BellSouth SWA FGD to BellSouth SWA TSBSA 3) shall do so on no lower than an end office level. The Company and the customer will work cooperatively to accomplish these conversions.
- G. The day upon which the customer has provided BellSouth a firm commitment for the service and complete and accurate information to allow for the processing of the Access Order by three o'clock p.m. Eastern Standard Time (EST)¹ is the Application Date. BellSouth will release an optional initial Pending Order Confirmation, which will include the BellSouth order number and circuit identification. At the customer's request, when the BellSouth facility availability is verified, either a Firm Order Confirmation, which will include critical date information, or a Design and Ordering Confirmation, which will include design as well as critical date information, will be released. Critical date information will include the Service Date. The Service Date (also sometimes referred to as the due date) is the date service is to be made available to the customer and billing will commence.

A Pending Order Confirmation is available for orders for BellSouth-provided switched access dedicated transport services, where ordered separately from other switched access services, and for BellSouth-provided special access services. A Design and Ordering Confirmation is not available for orders submitted by end users. A Pending Order Confirmation and a Design and Ordering Confirmation are not available on orders for services provided jointly with another Exchange Telephone Company.
- H. The time required to provision the service (i.e., the interval between the Application Date and the Service Date) is known as the service interval. Such intervals will be established in accordance with published service date interval guidelines which are available to customers upon request, whether the customer's service is subject to standard or negotiated intervals. The customer may request a service date other than that established pursuant to the service date interval guidelines, and the Company, where possible, will establish the service date in accordance with such request, subject, however, to other applicable provisions of this Tariff.
- I. The following charges will apply for the installation, move or rearrangement of BellSouth SWA or Special Access (a.k.a. BellSouth SPA) service orders with an agreed upon service date interval of four business days or less following the Application Date of the order. These charges are in addition to other applicable BellSouth SWA or Special Access (a.k.a. BellSouth SPA) nonrecurring charges for installations, moves or rearrangements of service. These charges will not apply to services provided on a Special Services Arrangement or on an Individual Case Basis, or in the event the agreed upon Service Date, as set forth preceding, is not met, or at the request of the customer to convert from a lower to higher order of service as provided for in Section E2.4.9A.
 - 1. Per Service Order

	Nonrecurring	
	Charge	USOC
(a) Special Access (a.k.a. BellSouth SPA)	\$203.00	SOCSP
