A2.3.2 Flat, Measured And Message Rate Service

- A. When Flat Rate or Area Calling Services are offered in an exchange, an applicant may, at his option, select either type of service or combination of services for the applicant's private residence location.

An applicant at a business location may select either Flat Rate, Measured Rate, Area Calling Services or Message Rate Service when they are available in the exchange. However, a combination of these different types of services will not be furnished to the same subscriber at the same business location. Different applicants at the same business location, even in the same office, may each subscribe to a different type of service as long as each applicant has a different account and the applicants do not share a communication or other key-type system. The exceptions to the mixing restrictions for business locations are listed following:

1. To hotel and hospital premises where Flat Rate Service may be furnished for the exclusive use of the hotel or hospital management in addition to the Measured, Message, or Area Calling Service ordinarily provided in guests' or patients' rooms and lobbies. Flat Rate Service may be provided in guests' or patients' rooms in addition to Flat Rate Service for management use in hotels or hospitals. Regardless of the type of service the hotel or hospital subscribes to, a guest or patient using the room or station as a residence may subscribe individually to any type of service ordinarily available to residence subscribers;
2. To premises where semipublic or public telephones may properly be located;
3. To flat rate foreign exchange lines terminating on a premises where Measured, Message, or Area Calling Service is furnished;

B2.1.5 Reserved For Future Use

B2.1.6 Work Performed Outside Regular Working Hours

The rates and charges specified in this Guidebook contemplate that work will be performed during regular working hours and that work once begun will not be interrupted by the customer. If, at the request of the customer, work is performed outside of regular working hours, either to meet his convenience or because the time allowed is insufficient to permit completion during regular hours or if the customer interrupts work which has begun, the customer may be required to pay any additional costs incurred.

B2.1.7 Reserved For Future Use

B2.1.8 Obligation To Furnish Service

The Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain and maintain suitable rights and facilities, and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.

The Company's obligation to furnish service or to continue to furnish service may be modified during a Trial as specified elsewhere in this Guidebook.

B2.1.9 Telecommunications Service Priority (TSP) System

A. Service Description

1. The Telecommunications Service Priority (TSP) System is a structured coding scheme that prescribes the order in which National Security Emergency Preparedness (NSEP) telecommunications services are installed or restored. The TSP System was developed to support the requirements of the U. S. Government and applies only to NSEP telecommunications services to which the Company is able to apply priority treatment. It requires and authorizes priority action by the Company.
2. Conditions of emergency or crises that cause invocation of NSEP treatment can only be declared by authorized officials of the Federal Government or other officials (Federal or non-Federal) specified by the Director, Office of Emergency Communications (OEC) on behalf of the Executive Office of the President of the United States.

Note 1: Effective June 30, 2021, SynchroNet Service is obsolete. See B107.2 for service availability.
