A27.1 Sharing And Resale Of Basic Local Exchange Service

A27.1.1 General

- A.** In general, Basic Local Exchange Service is furnished for the exclusive use of the subscriber, and the subscriber's family, guests, employees, agents, or representatives. Resale of Basic Local Exchange Service is permitted only under the specific conditions described in this *Guidebook*. For the purpose of this *Guidebook* section, "sharing" of Basic Local Exchange Service is considered synonymous with "resale" of Basic Local Exchange Service. (T)
- B.** Customers desiring to resell exchange services provided by the Company must submit a copy of the approved certificate from the Alabama Public Service Commission authorizing the resale operations before service will be established. Customers subscribing to only one or two non-trunk lines with only one client charge are exempt from this requirement.
- When in the judgment of the Company it is deemed necessary, or when the projected number of clients is five or more, the customer must apply in writing to resell exchange services provided by the Company and may be required to submit layout maps defining the intended geographic resale area and anticipated development plan in terms of new or existing buildings.
- All rates and charges in connection with the resale operation and all repairs and rearrangements behind and including the reseller's communication system will be the responsibility of the reseller (customer of record)/owner. The reseller will be the single point of contact for all shared tenant services provided in the resale service area. Customers who choose to obtain service directly from the Company may subscribe to any local exchange service available. If a customer does business with both the reseller and the Company, measured service will be required.
- Nothing in this *Guidebook* section impairs the Company's franchise or ability to operate in the state. This *Guidebook* is not intended, nor does it, enfranchise or certify the recipients of this service as a telecommunications company. (T)
- C.** Resale is permitted where facilities permit and within the confines of specifically identified contiguous property areas under the control of a single owner or within a common development with a single name identity, i.e., office parks, shopping centers, apartment complexes, condominiums. Areas designated for resale may be intersected or transversed by public thoroughfares provided that the adjacent property segments created by intersecting or transversing thoroughfares would be contiguous in the absence of the thoroughfare. The designated resale service area must be wholly within the confines of existing exchange boundaries.
- D.** The premises definition as applies to resale of Basic Local Exchange Service is a resale area as defined by layout maps, if appropriate. See premises as defined in Section A1. (T)
- E.** Private Line Services may be provided to tenants of resellers under the *terms and conditions* specified in Section A2. and Section B2. of the Private Line *Guidebook*. (T)
- F.** Private interconnection of resale service areas within an exchange local calling area and LATA is prohibited. Tie Lines are restricted to the private use of a single resale client and cannot be used to access Local Exchange Service via Sharing and Resale trunks or lines. The resellers communication switch may not be connected via private lines to other communication systems which subscribe to Flat Rate Exchange Service.
- G.** All other *terms and conditions* specified in other sections of this *Guidebook* will apply. (T)
