INTEREXCHANGE, INTERSTATE AND INTERNATIONAL SERVICES**

SECTION 3 – GENERAL INFORMATION

3.1 Interstate Service Descriptions (continued)

3.1.4 Outbound Long Distance Services

The Company's outbound long distance services allow Customers to place calls to terminating locations on a direct dial basis. Customers must dial "1+" the destination telephone number, including area code to reach the called party. With outbound long distance services, the Customer as caller is billed for services provided.

Outbound long distance services are available to Customers who; 1) presubscribe their local access lines to the Company's network, or 2) dial the Company's access code (where available) to gain access to the network.

The following optional features and services are available for an additional charge to business Customers who subscribe to Business MTS or a direct dial outbound business calling plan.

(D)

(D)

- (A) Range Privileges - Allows the Customer to restrict certain types of outbound calling on a line or per account basis. Range Privileges may be standard or custom. Range privileges will not restrict access to dial-around (10-10-XXX) calls. Customer is responsible for such calls.

(C)

- .1 Standard Range Privileges: Provides the Customer the ability to choose from predefined privileges as follows:

- No calls allowed except operator-assisted, toll-free and local calls
- No calls allowed except to domestic 50 states
- No calls allowed except domestic 50 states, Canada, Puerto Rico and/or U.S. Virgin Islands
- No calls allowed except to entire North American Dialing Plan locations

- .2 Custom Range Privileges: Allows the Customer to restrict outbound calling by NPA, by NPA-NXX, by state and/or by international country code.

SECTION 3 – GENERAL INFORMATION

3.1 Interstate Service Descriptions (continued)

3.1.4 Outbound Long Distance Services (continued)

- (B) Override Codes - Provides the Customer the ability to override range privileges by using a specific code. (C)

Rates, billing increments, discounts and qualifications, if applicable, vary by service plan and are provided in later sections of this pricing and service guide.

3.1.5 Inbound Long Distance Services

The Company's inbound long distance services are toll-free number (e.g., 800, 888) services. Calls may originate from any valid exchange and terminate to the Customer's location at no charge to the calling party. With inbound long distance services, the Customer is billed for the call rather than the calling party.

Inbound long distance services may terminate to Customer local exchange access lines using Switched Access termination.

The following standard features are available at no additional charge to Customers who subscribe to AT&T Long Distance Toll FreeSM Service.

- (A) On Demand Reroute - Allows the Customer to designate, upon demand, alternate routing of incoming toll-free calls to another location.
- (B) Vanity Numbers - Personalized toll-free number requested by the Customer, subject to the availability of the requested number.

The following optional features and services are available for an additional charge to Customers who subscribe to AT&T Long Distance Toll FreeSM Service.

- (A) Authorization Codes - Allows the Customer to limit unintentional or unauthorized calls placed on a toll-free number by requiring the caller to enter a specific code before the toll-free call can be completed. (C)
- (B) Call Blocking - Allows the Customer to define specific geographic areas where calls cannot originate or allows blocking of calls that originate from a payphone. (C)

SECTION 3 – GENERAL INFORMATION

3.1 Interstate Service Descriptions (continued)

3.1.5 Inbound Long Distance Services (continued)

- (C) National Toll-Free Directory Assistance Listing Service - Beginning September 1, 2003, this service will allow up to one (1) listing per each toll-free number in the National Toll-Free Directory Assistance Listing Service, except that Customer who previously have been allowed up to three (3) listings per each toll-free number in the National Toll-Free Directory Assistance Listing Service will be permitted to retain these listings in accordance with other terms and conditions contained in 4.13 of this pricing and service guide. (C)

Rates, billing increments, discounts and qualifications, if applicable, vary by service plan and are provided in later sections of this pricing and service guide.

3.1.6 Operator Services

Operator Services are available on a presubscribed basis to Business Customers. Operator Services allow the Customer to place a call and arrange for billing to the presubscribed Business Access Line or to a commercial credit card. Calls are rounded up to the next whole minute for billing purposes.

Services provided to transient end users from Pay Telephones, Hotels, Motels or other Aggregator location are provided for under the Company's FCC OSP Informational Tariff on file with the FCC.

- (A) The following billing arrangements are available to Customers through the Company's Operator Services:

(1) Operator Station (Operator Assisted 0+-)

This is a Service whereby the Customer places a non-person-to-person call by dialing 0 + area code + station number and chooses to wait for the assistance of an operator (live or automated). When placing an operator station call, the caller is connected to a non-specified individual at the terminating end. Such calls may be billed to a credit card.
