Credits for interruption of service as described in Section 2.14 of this pricing and service guide do not apply to PICCs.

In the event that no such arrangements are in place, the Company may, at its option, reimburse the Customer, or issue the appropriate credits on the Customer's invoice upon Customer's proof of payment of such PIC change charges.

9.6 Carrier Cost Recovery Fee

Residential Customers will be charged \$2.24 per month Carrier Cost Recovery Fee to recover certain costs associated with providing state-to-state and international long distance service including expenses for national regulatory fees and programs, and connection and account servicing charges. The Federal Regulatory Fee is a non-discountable monthly charge to recover amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired and costs associated with local number portability administration.
