U 1001 C
 Advice Letter No. 47344

Public Utilities Commission of the State of California

We attach for filing this Tier I advice letter to make the following changes in tariff sheets:

SCHEDULE CAL.P.U.C. NO. 175-T

9th Revised TOC Sheet 2-M-1			
8th	"	"	2-O
5th Revised Sheet 541

	"	"	623
	"	"	624
	"	"	625
	"	"	626
	"	"	627

This filing revises Schedule Cal. P.U.C. No. 175-T Access Service, Section 8. Billing and Collection Services and Section 13. Additional Engineering, Additional Labor and Miscellaneous Services, to move Billing Name and Address (BNA) service from Section 8 to Section 13. This administrative, organizational change places BNA service in its own subsection of Section 13 near a related service, Presubscription. BNA is related to Presubscription because it provides Interexchange Carriers (IXCs) with the billing name and address associated with an IXC's end user's working telephone number (WTN) so that the IXC may accurately bill the end user for a call. The end user must be presubscribed to the IXC for local and/or long distance service in order for the IXC to obtain the WTN's billing name and address information. BNA, like Presubscription, is provided via an industry standard process, the Carrier Access Records Exchange (CARE).

AT&T

The relocation of BNA service to Section 13 does not affect the rates, terms or conditions of BNA service. There is minimal renumbering of paragraphs to fit the Section 13 numbering order.

In addition, unrelated to BNA, this filing includes clerical changes to Sheets 588 and 589 to improve format and readability.

An Accessible Letter will notify Interexchange Carrier Customers of the relocation of BNA service.

In compliance with General Order 96-B, we are serving a copy of this advice letter and related tariff sheets to interested parties who have requested. This advice letter with attachments may be viewed on AT&T California's Web-Site at <https://ebiznet.att.com/calreg/>. If there are any questions regarding the distribution of this advice letter, call 415.778.1299.

This filing will not increase any rate or charge, cause the withdrawal of service, nor conflict with other schedules or rules.

Anyone may object to this advice letter, which was filed May 9, 2018, by sending a written protest to: Telecommunications Advice Letter Coordinator, Communications Division, 505 Van Ness Avenue, 3rd Floor, San Francisco, CA 94102-3298. The protest must state specifically the grounds on which it is based. The protest must be received by the Telecommunications Advice Letter Coordinator no later than 20 days after the date that the advice letter was filed. On or before the day that the protest is sent to the Telecommunications Advice Letter Coordinator, the protestant must send a copy of the protest to Eric Batongbacal, 430 Bush Street, 5th Floor, San Francisco, CA 94108 (fax number 214.486.1580). If this advice letter was served via e-mail, the protest must be served to AT&T California via e-mail at att-regulatory-ca@att.com. To obtain information about the Commission's procedures for advice letters and protests, go to the Commission's Internet site (www.cpuc.ca.gov) and look for document links to General Order 96-B.

This filing is effective May 9, 2018.

Yours truly,

AT&T California

Eric Batongbacal
AVP – AT&T Regulatory

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)

8.7 End User Account Information

8.7.1 General Description

End User Account Information is the provision of certain information to the Customer from the Utility records. All End User Account Information will be used by the Customer in a manner consistent with the restrictions set forth below.

Unless otherwise specified, End User Account Information is available upon request to the certificated Carrier, as set forth in Section 2.1.4(B) preceding, or their authorized agents consistent with legal and regulatory requirements.

End User Account Information offered under this Section 8.7 is comprised of the following:

(A) Account Information as set forth in Section 8.7.2 following provides certain end user account detail for a Customer's presubscribed end users for limited business purposes.

(B) Reserved (T)

(C) Customer Name and Locality (CNL) Information as set forth in Section 8.7.4 following provides the name and town information associated with a telephone number for the purpose of authorizing a call, investigating a call or handling an emergency situation.

(D) Reserved

Material omitted now appears in Section 13, Sheet 618

13. Additional Engineering, Additional Labor and Miscellaneous Services

In this section normally scheduled working hours are an employee's scheduled work period in any given calendar day (e.g., 7:00 a.m. to 4:00 p.m.) for the application of rates based on working hours.

13.1 Additional Engineering

Additional Engineering will be provided by the Utility at the request of the customer only when:

- (A) A customer requests additional technical information after the Utility has already provided the technical information normally included on the Design Layout Report (DLR) as set forth in 6.1.5 and 7.1.6 preceding.
- (B) Additional engineering time is incurred by the Utility to engineer a customer's request for a customized service as set forth in 7.1.1 preceding.

The Utility will notify the customer that additional engineering charges, as set forth in 13.1.3 following, will apply before any additional engineering is undertaken.

13.1.1 Reserved (T)

13.1.2 Reserved (T)

13.1.3 Charges For Additional Engineering (L)

13. Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)

13.2 Additional Labor

In this section the Normal Business Day is Monday - Friday,
8 am - 5 pm.

All charges apply, per technician.

Holidays will be defined as: New Year's Day, Memorial Day,
Independence Day, Labor Day, Thanksgiving Day, the day after
Thanksgiving and Christmas Day.

Additional labor is that labor requested by the customer on a given
service and agreed to by the Utility as set forth in 13.2.1 through
13.2.5 following. The Utility will notify the customer that
additional labor charges as set forth in 13.2.6 following will apply
before any additional labor is undertaken.

13.2.1 Overtime Installation

Work related efforts of the Company performed outside a
Normal Business Day.

13.2.2 Reserved

13. Additional Engineering, Additional Labor And Miscellaneous Services
(Cont'd)

13.3 Miscellaneous Services (Cont'd)

13.3.15 Billing Name and Address (BNA)

(L) (T)

Billing Name and Address (BNA) provides the billing name and address associated with a telephone number for the purpose of billing a call.

(T)
(T)

(L)

At the request of a certificated Carrier or its authorized billing agent, the Utility will provision BNA Service. BNA Service will be provided to the Customer for the limited purpose of billing a call, where the originating telephone number is provided by the Customer, and the original telephone number was obtained through Automatic Number Identification (ANI).

(L) x

(L) x

BNA will be provided to the Customer in the industry supported Customer Account Record Exchange (CARE) format at the time the end user presubscribes to the Customer's service. Additional information will be provided to the Customer regarding end users presubscribed to the Customer, via the supported CARE format, advising the Customer when a toll restriction is either initiated and/or removed from the end user's account.

(L) y (T)
(T)

(L)

The Utility will bill Customers for BNA services under this tariff. The payment regulations set forth in Section 2.4 preceding apply.

(Cont'd)

13.3 Miscellaneous Services (Cont'd)

13.3.15 Billing Name and Address (BNA) (Cont'd)

(L) (T)

(A) Undertaking of the Utility

- (1) The Utility will determine the period of time to establish the Customer's BNA service. A standard format for the receipt and provision of originating telephone numbers and BNA information will be established by the Utility and provided to the Customer.
- (2) Once established, the Utility will receive from the Customer via magnetic tape or Data Transmission which contains the originating telephone numbers obtained through ANI. The frequency will be at intervals mutually agreed upon between the Utility and the Customer. The Customer provided end user telephone numbers will be associated with the proper end user BNA contained in the Utility's file at that time. The BNA associated with the Customer provided telephone number will contain an indicator for nonpublished status. The information will then be provided to the Customer as set forth in (3) following.

13.3 Miscellaneous Services (Cont'd)

13.3.15 Billing Name and Address (BNA) (Cont'd)

(L) (T)

(A) Undertaking of the Utility (Cont'd)

- (3) Output magnetic tape(s) containing BNA details will be provided to the Customer as part of the BNA Service. The Utility will determine the number of magnetic tapes required to provide the BNA Service detail.
- (4) The Utility will normally make the output magnetic tape available 6 business days after receipt of the Customer provided magnetic tape, or at an interval that is mutually agreed upon by the Utility and the Customer. Availability may be delayed in the case of input data errors in the Customer provided magnetic tape.
- (5) The output magnetic tapes will be provided by the Utility without the return of previously supplied Customer provided tapes. Unless otherwise mutually agreed to by the Utility and the Customer, the output magnetic tapes will be sent to the Customer via first class U.S. Mail. The Customer may pick up the output magnetic tapes at a location designated by the Utility.
- (6) BNA Service detail will not be retained by the Utility for longer than 45 days. If the Customer requests that the initially provided output magnetic tape be made available again, such requests must be within 30 days from the date the first output magnetic tape was made available. The Utility will resupply the detail to the Customer and apply the Magnetic Tape charge as set forth in (E) following.
- (7) As an alternative to the Utility provided magnetic tape output, upon acceptance of a Customer special order, the Utility will develop procedures to data transmit to the Customer the BNA details from the magnetic tape output files.

13.3 Miscellaneous Services (Cont'd)

13.3.15 Billing Name and Address (BNA) (Cont'd)

(L) (T)

(A) Undertaking of the Utility (Cont'd)

- (8) When the BNA details are data transmitted to a Customer location, program development charges to design, develop, test and maintain the necessary programs will apply as set forth in (E) (4) and data transmission charges will be determined on an individual case basis. The data transmission hardware and software specifications will be mutually agreed to by the Utility and Customer.
- (9) Any Customer purchasing output magnetic tapes or electronic data transmission pursuant to this tariff agrees to abide by all applicable Commission rules, decisions, orders, statues and laws concerning the disclosure of published and nonpublished telephone numbers, and further agrees to use the information contained therein only for the purpose of billing telephone calls to its end users.
- (10) The Utility reserves the right to terminate the provision of services described in this Section 13.3.15 if, at the Utility's sole discretion, the Customer is failing to comply with the requirements set forth in this Section 13.3.15. The Customer will be notified of the Utility's decision to discontinue the provision of the services described in this Section 13.3.15. The Utility will require the immediate return of the tapes, paper or files to the Utility or the removal from the Customer's records of Utility provided BNA when services are discontinued.
- (11) All BNA output files as described in this Section 13.3.15, including magnetic or cartridge tapes, paper reproductions, etc., shall remain the sole property of the Utility.

(B) Liability of the Utility

Notwithstanding Section 2.1.3 preceding, in the absence of willful misconduct, no liability for damages to the Customer or other person or entity shall attach to the Utility for its action or the conduct of its employees in providing BNA Service.

(T)

(1) The Utility warrants that the information provided to the Customer is correct to the best of the Utility's knowledge at the time the information is provided. The utility makes no other warranty, expressed or implied, with respect to such information or data exchange medium, and expressly disclaims any implied warranties or merchantability or fitness for a particular purpose.

(2) The Customer shall indemnify and hold harmless the Utility against any loss, costs, claim or damage resulting from or in connection with the use of the output tapes or information provided by the Utility.

(L) (T)

(C) Obligation of the Customer

- (1) The Customer will order BNA as described in this Section 13.3.15 using a Customer Order. The Utility will accept the first Customer provided magnetic tape no less than 60 days following service establishment.
- (2) The Customer will provide a test magnetic tape to the Utility 30 days in advance of the proposed delivery to the Utility of the first Customer provided magnetic tape. In the event the Customer's initial test tape is unacceptable, the Customer will be charged program development charges as set forth in Section (E) (4) following, for the time spent by Utility personnel to provide technical assistance to the Customer and in processing additional test tapes.
- (3) The Customer will retain a duplicate magnetic tape or file of originating telephone numbers contained on the Customer provided tape for a period of 45 days from the date such Customer provided tapes were received by the Utility.
- (4) At the Customer's request, the Utility may undertake the development of a program or project to enable the data transmission of BNA detail. Development charges as set forth in (E) (4) following, will apply.
- (5) When the BNA is received, the Customer will use the BNA solely to bill the telephone call.

(C) Obligation of the Customer (Cont'd)

(6) The Customer will hold the information provided in strict confidence and take the necessary steps to prevent the transfer or disclosure of any BNA to any employee or agent of the Customer who does not have a need for the BNA in connection with job duties relating to account care and/or fraud control. The Customer will not copy any portion of the BNA except for the Customer's internal use as permitted under this tariff.

(7) The Customer will not release, sell or otherwise provide the Utility provided BNA or output tapes to any parent, subsidiary, affiliate, agent of the Customer, or to any third party, unless otherwise authorized in writing from the Utility.

(8) The Customer will not use BNA in connection with any marketing or related activity. All uses of BNA must be directly related to account care and/or fraud control.

(9) The Customer will, at the time of requesting BNA, provide the Utility with a written statement describing the safeguards and/or procedures that the Customer has in place to ensure compliance with this Section 13.3.15. The Utility reserves the right, on a reasonable notice, to audit the safeguards and/or procedures described in the Customer's written statement.

(10) The Customer shall not publicize or represent to others that the Utility jointly participates with the Customer in the development of the Customer's end user account records, or other uses the Customer develops based on the Utility provided information.

(L)

(11) The Customer shall be responsible for all contacts and inquiries from its end user concerning BNA.

(L) (T)

(D) Ordering Provisions

(1) The Utility will determine the commencement date for billing services based upon the receipt of the signed Customer Order and payment of the applicable charges.

(2) The Customer may cancel a Customer Order for BNA on any date prior to the in-service date. The cancellation date is the date the Utility receives written or verbal notice from the Customer that the Customer Order is to be canceled. The verbal notice must be followed by written confirmation within 10 days. When a Customer cancels a Customer Order within 10 days of the date of the Customer Order, the Utility will refund half the set up charges, if applicable. When a Customer cancels a Customer order 10 or more days after the date of the Customer Order, the Utility will not refund any portion of the charges by the Utility to implement the requested change.

(T)

(3) Customer requested changes to a pending Customer Order will be undertaken if they can be accommodated by the Utility. The Utility will advise the Customer if the requested changes will impact the scheduled in-service date. The Customer is responsible for any costs incurred by the Utility to implement the requested change.
