D. PAYMENT OF BILLS (Cont'd)

Late payment Charge - Also see Definition of Terms as shown in Schedule (L)
Cal.P.U.C. No. A2.1.1.

A Late Payment Charge as set forth in the Guidebook, Part 3, Section 1. is applicable if payment is not received at the Company or one of its authorized payment locations by the date shown in the bottom portion of the bill in the "LATE: After" section. The late payment charge date will not be less than twenty-two (22) days from the date the bill is mailed by the Company. When a customer claims that the late payment charge date was less than twenty-two (22) days from the date of mailing, the Company will research and determine the actual date of mailing from its internal records. If the late payment date printed on the bill is less than twenty-two (22) days from the date of mailing, the customer will be allowed at least twenty-two (22) days from the date of actual mailing in which to make payment before a late payment charge is imposed.

NOTE 1: If a late payment charge appears on a customer's bill even though the payment was received by the Company or an authorized payment location prior to or on the late payment date, the charge will be reversed and a credit will appear on the customer's next bill. This provision may be applicable to payments that are received but cannot be processed in a timely manner due to the lack of customer information being submitted with the payment. (L)
