Advice Letter No. 50369

Public Utilities Commission of the State of California  
Advice Letter Coordinator, Communications Division  
505 Van Ness Avenue  
San Francisco, CA 94102

Re: Unavailability of Certain Services in Certain Geographic Areas

Pursuant to General Order 96-B, AT&T California (U-1001-C) submits this Advice Letter to make changes to Schedule Cal. P.U.C. Nos. B. Private Line Services, B2. General Regulations and 175-T Access Service, Section 2. General Regulations.

This filing denotes that certain services will no longer be available in specified wirecenters within designated Distribution Areas. There are no customers subscribing to the services being discontinued from the distribution areas.

Copper facilities in these areas are being replaced with Gigabit Passive Optical Network/Fiber-to-the-Premises (GPN/FTTP) facilities due to copper theft, city projects requiring moving of facilities, or damaged facilities.

This filing will not increase any rate or charge, nor conflict with other schedules or rules.

This advice letter is submitted as a Tier I filing in accordance with General Order 96-B. AT&T California requests that this advice letter become effective on the same day as the submission date, July 20, 2026.

Included in this filing are the following revised tariff sheets:
