(E) When Directory Assistance Service is provided by the Utility, Directory Access Service will also be provided between the customer premises and the Directory Assistance Service access location by the Utility at rates and charges as set forth in 9.1.6 following.

(1) General

Each Directory Access Service will consist of the following:

9.2 Customer Guide Service

9.2.1 General Description

Customer Guide Service allows customers (interexchange carriers and competitive local carriers) who are certified by the California Public Utilities Commission to provide local and/or toll service within California's LATAs, to list their name, Company Code, telephone number and/or rates in the preface section of the Utility's White Pages directories.

Advertising, in the sense of "emphasizing desirable qualities so as to arouse a desire to buy or patronize" (Webster's Ninth New Collegiate Dictionary) is not permitted.

The customer's listing information and/or rates will appear in the Customer Guide section of all the Utility's White Pages telephone directories. This information will also appear in Spanish in those directories in which the Utility also publishes a Spanish section of the Customer Guide.

9.2.2 Undertaking of the Utility

(A) Format of Customer Guide Pages (T)

- (1) For purpose of this tariff, "listing information" in the Customer Guide is limited to two lines of information: the customer's name, its code number for dialing ("Company Code"), and either one or two telephone numbers. (T)
- (2) A customer may purchase as many listings in the Customer Guide section of any book as that customer desires. (T)
- (3) The rate for listing information will be determined at the directory close date (the date at which camera-ready graphics and text is due to the printer). (N)

(A) Format of Customer Guide Pages (Cont'd)

- (4) The listing rate will vary depending upon the space purchased by a customer proportionate to the space purchased by all other customers on the same sheet (two pages) times the rate for a sheet in that directory. (N)
- (5) The listing rate charged will not be less than the rate for one-eighth of a page nor greater than the rate for two pages in that directory. (N)
- (6) Customer listing information will be displayed on a table containing similar information for other companies. (T) (L)
- (7) The listing of customers will be randomized, rather than alphabetical. (L)
- (8) The customer's Company Code may be omitted at its request. When omission is requested, a footnote will state, "Service available only to customers who have established an account with this company". (T)
- (9) Telephone numbers will be listed in numerical form only. (T)

9.2.2 Undertaking of the Utility (Cont'd)

(A) Format of Customer Guide Pages

- (11) For purposes of this tariff, "rates" is limited to the customer's actual rates and/or descriptions of services and does not include any form of: advertising; puffery; slogans; comparisons to other companies' rates, services, or quality of service; or other promotional material. The Utility reserves the right to refuse to publish rates that do not comply with these requirements.
- (12) The Utility shall provide space in the Customer Guide section of the White Pages directory on a full-page, half-page or quarter-page basis for inclusion of rates.
- (13) Directories are always published in two-page (one sheet) increments. If the total space purchased by all customers in the Customer Guide results in an additional sheet or sheets being added to the Customer Guide that contains unused space, customers will be charged for the unused space on a prorated basis, according to the number of customers who have purchased space in that directory. (T)
- (14) If a customer purchases an amount of space on a page that requires space on an additional page to be used (e.g., the customer buys a half page beginning in the last quarter of a page that is already three-quarters full, necessitating purchase of one quarter of a new page), the Utility will work with the customer to design the text and graphic material so it can fit in less space (e.g., a quarter page instead of a half page). with its rates: "Rates are those in effect on
(effective date). For updated rates, please call
(customer telephone number)".

(16) The rates shall be displayed according to (T)
established Customer Guide guidelines in regards to
type face, point size, columnization, and other
features.

(17) Changes to previously published rates will be (T)
accommodated according to the Utility's Customer
Guide production and publishing schedules.

(18) If the customer provides inaccurate rates, the (T)
Utility will not issue corrective material.

9.2.3 Obligations of the Customer

(A) The customer will provide rates in "camera-ready" form. No
transcription of the rates will be done by the Utility.
The rates shall be provided to the Utility according to the
Customer Guide production and publishing schedules.

(B) If desired, the customer may provide a Spanish version of

apply.

(C) The customer shall certify in writing that the rates and

arising in any manner out of any demand, claim, suit, or
judgment for damages or injuries, however caused, which
may arise out of the Utility's publishing of listing

- (B) Precaution will be taken to avoid errors and omissions in (T)

occur, the Utility's liability for such error or omission
shall be limited to a pro-rata abatement of the charge (T)

reduces the value of the entire Customer Guide service
