## 6. THE BIG EASY PLAN

## A. DESCRIPTION

The Big Easy Plan (Big Easy) is a business package that includes unlimited local calling and series completion hunting. Unlimited local calling provides unlimited directly dialed communications to Zone Usage Measurement (ZUM) Zones 1, 2 and 3 and non-ZUM (local) exchanges. ZUM and Hunting are defined in Guidebook, Part 4, Section 2

The Big Easy is available to business customers with individual measured rate business access line service (access line), described in Guidebook, Part 4, Section 2 under Measured Rate Service, who enter into a three-year written term agreement (contract) to maintain a minimum number of access lines state-wide and a minimum number of access lines per customer location<sup>1</sup>.

The Big Easy will provide a fixed monthly rate for each access line equipped with the package. The rate will be dependent upon the minimum number of access lines committed to in the state and the minimum number of access lines committed to per location. There will also be a maximum number of lines per location. The customer has a choice of a minimum of either 700 access lines (Option A) or 50 access lines (Option B) as the state-wide minimum and a choice of 2 or 4 lines minimum per location. The minimum number of access lines per location is the same for all customer locations in the state. The maximum number of access lines per location is 20 (with a minimum state-wide commitment of 50 lines) or 40 (with a minimum state-wide commitment of 700 lines).

/1/ Location will be considered synonymous with Premises, as defined in Schedule Cal.P.U.C. No. A2.1, Definition of Terms.

## 6. THE BIG EASY PLAN (cont'd)

## B. REGULATIONS

1. Additional access lines (lines) and billing telephone numbers may be added to the contract during the contract term. New lines and billing telephone numbers will be counted towards the state-wide minimum access line requirements.
2. In any given month, if the total number of access lines in the state falls below the selected state-wide minimum, a debit adjustment of \$10.00 (ten dollars) per line for each line below the minimum, will be applied to the customer's designated master billing telephone number.
3. A minimum average of 2 lines per location must be maintained. Where the customer commits to a minimum of 4 lines per location, an annual line size assessment will be performed by the Company. Using the past 12 months of line size data, if the average number of lines per location falls below 4 lines, the customer will be converted to the 2 line minimum pricing schedule. If the customer falls below an average of 2 lines per location, the contract will be voided and the customer will go to standard Guidebook pricing<sup>1</sup>. Termination charges will not apply.
4. The customer may move or disconnect entire locations without incurring termination charges as long as the minimum number of lines in the state is maintained.
5. Upon expiration of the service agreement, the service will be automatically billed at the standard Guidebook rates<sup>1</sup> in effect at the time the service agreement expires, (as set forth in Guidebook, Part 4, Section 2) unless a new service agreement is negotiated prior to the expiration of the original agreement.
6. Customers not subscribing to eligible classes of service (per Guidebook, Part 4, Section 2) who wish to add The Big Easy Plan will need to first convert to the eligible class of service before subscribing to The Big Easy. Any charges to make the necessary changes will be billed in accordance with the Guidebook rates for such changes.
7. Call detail will not be provided to the customer on Zone 1 and Zone 2 calls.
8. The Big Easy Plan may not be furnished to any individual business access line measured rate service that is interconnected physically, acoustically or by any other means to any other line, facility or service at the customer's premises to extend a two-point connection beyond the originating station and the called station location.

**12. COMPLETE CHOICE® BASIC PACKAGE (cont'd)**

**E. Complete Choice Basic Offer**

Eligible residential customers who purchase and retain the Complete Choice Basic (CCB) package with Flat Rate service may receive a bill credit for 12 months on up to two (2) lines. The bill credit will provide a net price of \$15.00 for the CCB Package.

Eligible customers are those residential customers who have at least one local exchange access line or a substitute (e.g. wireless or VoIP service) with a provider other than the Company at a service location that can be served by the Company.

Eligible customers must request the qualifying service at the same address as the existing service, unless they are planning an imminent move--within 30 (thirty) days of responding to the offer--from one address in an AT&T incumbent local exchange service area to another address in an AT&T incumbent local exchange service area.

The customer is required to subscribe to AT&T for local service and the Complete Choice Basic package with Flat Rate service on each line (maximum of 2 lines) receiving a credit. If the customer discontinues the Complete Choice Basic package, the credit(s) will cease.
