## C. REGULATIONS

1. The Company may furnish Custom Calling Services where there is available central office equipment with the proper program updates as determined by the Company.
2. Custom Calling Services - Residence will not be provided in connection with Semipublic Service or Centrex Service.
3. Speed Calling Thirty Code Capacity (USOC: ESF)<sup>2,3</sup> is offered on an individual feature basis only. Service can be ordered on the same line with other Custom Calling Services at Service Charges shown in Guidebook, Part 3, Section 1.
4. The Intercom feature is offered to individual single line residence customers only, provided central office facilities and operating conditions permit.<sup>1,2</sup>

## Limitations:

- a. Intercom will work only with a Company provided dialable line where dial tone is normally served.
- b. Intercom is not provided on lines arranged for multiline or series completion hunting.
- c. Intercom capability cannot be utilized on a line which has Call Forwarding activated.
- d. The Intercom feature is operational on a line equipped with Call Waiting; however, Call Waiting is deactivated for the duration of the Intercom Call.
- e. Intercom calls may not be initiated or included as any part of a three-way call.

/1/ See Regulation C.1. preceding.

/2/ See Schedule Cal.P.U.C. No. 2.1.2,A.4, Frozen/Grandfathered Services

/3/ The offering of Speed Calling 30 will continue to be furnished to certified disabled customer as defined in Guidebook, Part 8, Section 9.

(C)

- 4. Privacy Manager<sup>/1/</sup> (USOC: PVM) works with Caller ID to identify any incoming calls that have been identified as “blocked” “out of area” “unavailable” or “unknown”. All calls that are identified through the subscribers Caller ID service will complete as normal. The unidentified caller is intercepted before the end users telephone rings, and is given one of two up-front announcements.

/2/(C)

If the number is recognized as “blocked” (anonymous or private), the caller will be told that the person they are trying to reach does not take unidentified calls. The caller will be given the option to enter an access code, temporarily unblock their Caller ID for this one call, or record their name or the company they represent. Privacy Manager will then announce their call to the subscriber. If the caller chooses not record their name or unblock their number the call is disconnected.

Other unidentified calls such as “unavailable” or “out of area” will be intercepted before the subscriber’s telephone rings and the caller will be asked to enter an access code or to record their name/company to complete the call. Privacy Manager will then announce their call to the subscriber. If the caller chooses not to record their name, the call is disconnected.

Once the subscriber hears the recording of the name of the person calling, they can:

- accept the call
- decline the call
- send the call to voicemail, an answering service or an answering device, or
- activate a recording to the caller informing them that the person they are calling does not accept solicitations and requesting them to add this person’s name and telephone number to their “do not call” list.

If the Privacy Manager subscriber takes no action, the service will forward the call directly to the customer’s voicemail or answering service when Call Forwarding Busy Line/Don’t Answer (CFBL/DA) is present. If the customer does not have CFBL/DA on their account, and is not home to answer the call, Privacy Manager will play a recording that the caller is unavailable on or after the sixth ring.

/1/ Effective March 1, 2017, Privacy Manager is no longer available to new residence subscribers. Effective July 1, 2017, Privacy Manager will be eliminated for residence subscribers.

**COMPLETE CHOICE® BASIC PACKAGE<sup>/1/</sup>**

/2/ (C)

**A. Description and Availability**

1. Complete Choice® Basic is a package of exchange services available to residential customers in Zone Usage Measurement (ZUM) and non-ZUM exchanges as defined in Schedule Cal. P.U.C. No. A5.1.1 and A5.2.2.
2. Complete Choice® Basic consists of a residential access line and the following Custom Calling Services:
  - Caller ID
  - Call Waiting

The residential access line may be a Flat Rate service or Measured Rate Service, or California Lifeline service (flat or measured rate) as described in Schedule Cal. P.U.C. No. A5.2.2 and A5.2.5,E. Custom Calling Services Regulations are found in Part 7, Section 2.

3. Complete Choice® Basic is available where Caller ID is available. See Part 7, Section 2.

**B. Terms and Conditions**

1. Complete Choice® Basic is available on a customer's primary or additional line.
2. Caller ID and Call Waiting must be purchased on the same access line. Features may not be split between access lines.
3. The components of Complete Choice® Basic may be purchased individually at their tariff and/or Guidebook rates.
4. Usage Sensitive Custom Calling Services and charges are not included in the Complete Choice® Basic package or package rate.
5. Customers currently subscribing to all components of the Complete Choice® Basic may request billing at Complete Choice® Basic rate.
6. Complete Choice® Basic may be included in other packages, bundles and product groupings that are marketed under other names. When Complete Choice® Basic is combined with other, additional services, the price may be represented as a combined price that exceeds the Complete Choice® Basic Guidebook rate.
7. Non-recurring charges apply for newly ordered access lines and Custom Calling Services, found in AT&T California Guidebook, Part 3, Section 1, however if the customer converts their service from Select Feature Package to Complete Choice® Basic, the non-recurring feature charge will be waived.

/2/

/1/ Effective February 1, 2021, Complete Choice Basic Package is no longer available to new customers. Existing customers may keep the package until they move or make changes to their service.

(d) Advantage Plan<sup>2</sup> (The Advantage Plan)  
6 Custom Calling Features and Caller ID

The qualifying features for The Advantage Plan are:

Privacy Manager*	<b>Caller ID</b>
Call Forwarding*	Call Waiting ID*
Call Return*	Three-Way Calling*
Call Waiting*	

Any of the six qualifying features (\*) above may be substituted with any of the following:

Call Screen	Select Call Forwarding
Priority Ringing	Speed Calling-8
Repeat Dialing	Metro Plan <sup>SM3</sup>

/1/ See C.1 preceding.

/2/ Frozen/Grandfathered Advantage Plan and 2-Line Voice Discount feature package discounts – See General Regulations, Schedule Cal.P.U.C. No. A2.1.2,A.4.

/3/ As an alternative to a qualifying feature, customers may choose Metro Plan<sup>SM</sup> (see Guidebook, Part 4, Section 2, preceding). For a fixed monthly rate Metro Plan<sup>SM</sup> offers to one-party residence service customers unlimited calling on directly dialed calls to ZUM Zone 3 exchanges. Metro Plan<sup>SM</sup> service is furnished as an adjunct to the one-party residence exchange services and provides for directly dialed communications to ZUM Zone 3 exchanges as specified in Guidebook, Part 4, Section 1 and Part 9, Section 2, respectively.

/1/ Refer to Guidebook, Part 3, Section 1 for Service Charge application.

/2/ The discount rate is applied only when all of the components of the packages are in place at the time of billing. The package discount will be prorated for the time period between the order complete date and the customer's bill round date. Package discounts will not be prorated if the customer cancels the service prior to their bill round date. For Packages, minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1.9,F., only applies to the features contained in the package when the customer removes a feature that results in a different package or removes the package. In this situation, the feature removed from the customer's account will be billed at the full tariff rate. However, if the customer removes a feature(s) that does not result in a different package, minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1.9,F. does not apply. The customer continues to pay the same tariffed package rate. After the 30 day minimum billing all removals and additions of features and packages will be billed, refunded and adjusted at the discounted package rate.

/3/ See C.1. preceding.

/4/ Busy Call Forwarding (BCF)<sup>8</sup> and Delayed Call Forwarding (DCF)<sup>8</sup> are no longer included as qualifying features for Packages. However, customers who qualify for a package may subscribe to BCF and DCF at the monthly rate of \$1.35<sup>8</sup> per feature.

/5/ Customers subscribing to the following services in addition to the Works<sup>8</sup> will receive a discount of \$1.85<sup>8</sup> off the package monthly rate: Access Line, Call Waiting ID, an Optional Calling Plan (either Saver 60, Saver Plus or OnePrice Saver) and WirePro.

- /1/ Refer to Guidebook, Part 3, Section 1 for Service Charge application.
- /2/ The discount rate is applied only when all of the components of the packages are in place at the time of billing. The package discount will be prorated for the time period between the order complete date and the customer's bill round date. Package discounts will not be prorated if the customer cancels the service prior to their bill round date. For Packages, minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1.9,F., only applies to the features contained in the package when the customer removes a feature that results in a different package or removes the package. In this situation, the feature removed from the customer's account will be billed at the full tariff rate. However, if the customer removes a feature(s) that does not result in a different package, minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1.9,F. does not apply. The customer continues to pay the same tariffed package rate. After the 30 day minimum billing all removals and additions of features and packages will be billed, refunded and adjusted at the discounted package rate.
- /3/ Effective April 24, 2004, the Value Plan was renamed uSelect<sup>SM</sup> 3 with two additional qualifying features added: Privacy Manager and Distinctive Ring.
- /4/ 2-Line uSelect<sup>SM</sup> 3 or 2-Line uSelect<sup>SM</sup> 6 is available on a residential customer's Primary Line when the customer subscribes to an Additional Line billed to the same account. Both lines must be of the same class of service. Only one 2-Line uSelect<sup>SM</sup> 3 or 2-Line uSelect<sup>SM</sup> 6 option may be billed per account and the features must be provisioned on the Primary Line: They can not be split between multiple lines. (Customers may have uSelect<sup>SM</sup> 3 or uSelect<sup>SM</sup> 6 on their additional access lines.) If the customer discontinues the qualifying Additional Line and retains the Primary Line features, 2-Line uSelect<sup>SM</sup> 3 will revert to uSelect<sup>SM</sup> 3 and 2-Line uSelect<sup>SM</sup> 6 will revert to uSelect<sup>SM</sup> 6 at rates set forth herein.
- /5/ See C.1. preceding.
- /6/ uSelect<sup>SM</sup> Standard is available where facilities and/or operating conditions do not support packages containing Caller ID.
- /7/ Frozen/Grandfathered all uSelect<sup>SM</sup> packages effective 1/1/2008. See Schedule Cal. P.U.C. No. A2.1.2, A.4.

C. REGULATIONS

1. The feature package discount on the Two-Line Solution is available only to customers who subscribe to both a Primary Line and an Additional Line, as set forth in this Guidebook. Customers with existing two line residential service, or customers with one residential line, who add an additional line are also eligible for the Two-Line Solution Discount, provided they meet all the requirements associated with the Two-Line Solution Discount. (As mentioned in paragraph 1.B preceding.)
2. Both lines must carry the same residence class of service, both lines must be billed on the same bill to apply the discount, and include WirePro on both lines. Existing restrictions as set forth in the Guidebook are applicable to Two-Line Solution Discount.
3. If the customer has additional Custom Calling Services on their additional line that qualify them for The WORKS<sup>1</sup> or THE ECONOMY PLAN<sup>1</sup> package, then they will not qualify for the Two-Line Solution Discount. However, the customer has the option to adjust their features to qualify for the Two-Line Solution Discount.
4. Any existing discounted or waived installation charges available with any of the above listed services will continue to apply.
5. This package is available to residence customers only, where facilities and operating conditions permit.
6. All services listed above are provided as set forth in the Guidebook.

**7. COMMSTAR II<sup>/1/</sup>**

/3/

**A. Description**

Commstar II is an optional telephone service arrangement of central office features furnished to individual line business and residence customers wishing to combine a single exchange access line or up to thirty exchange access lines into Commstar II. It is available within the exchange area of all exchanges served by a central office where facilities and operating conditions permit.

**1. Basic Package Features<sup>/2/</sup>****Commstar II Intercom**

Up to twenty-nine other lines can be dialed in the same Commstar II by dialing an access code followed by two digits. Two user locations with the same line number cannot access each other utilizing the Intercom feature.

**Commstar II Call Hold**

A call can be placed on hold by flashing the switchhook and dialing a code. This frees the line to originate another call or use the call pickup feature.

**Commstar II Call Pickup**

A call can be answered which has been directed to another line in the Commstar II group. Additional call pickup groups are available on an optional basis.

**Commstar II Call Transfer**

Any established call can be transferred to another line within or outside the Commstar II. One person on the final connection must still be within the Commstar II.

**Commstar II Three-Way Calling**

A call in progress can be placed on hold and a second call completed while maintaining privacy from the first call. In addition, the user of a Commstar II equipped line may choose to add on the previously held call into a three-way conference.

/3/

/1/ Commstar II is Frozen/Grandfathered for business and residence customers effective September 28, 2012. See Part 2, Section 2, for Frozen/Grandfathered services.

/2/ See B.21, Regulations following.

**7. COMMSTAR II<sup>/1/</sup> (cont'd)**

/2/

**A. Description (cont'd)**

## 2. Optional Line Features

## Commstar II Call Waiting

A tone burst is provided to a user on an existing call that another call is waiting.

## Commstar II Call Forwarding

All calls made to the subscribing line are automatically transferred to a different line, within or outside the Commstar II.

## Commstar II Busy Call Forwarding/Delay Call Forwarding

This feature automatically transfers incoming and intercom calls that encounter a busy line condition and/or a don't answer condition after a preselected number of rings (from 1 to 7) on the subscribing Commstar II equipped line to an alternate designated line within or outside the Commstar II group but within the same central office switch. Because of technical limitations, the actual number of ring cycles before a don't answer call is transferred may vary slightly from the preset value. The number to which the calls are transferred and the approximate number of ring cycles before a don't answer call is transferred are specified by the customer at the time the feature is ordered. This feature is in operation on a continuous basis and cannot be activated or deactivated by the customer. Changes to the feature must be requested from the Company.

## Commstar II Speed Calling

Allows a user to abbreviate dialing patterns for frequently called and emergency numbers. By dialing an access code followed by one digit, a customer can dial up to 6 preprogrammed numbers.

## Commstar II Call Selection

Call Selection will allow a customer to determine which calls can be placed on the Commstar II lines. There are three offerings:

- A. Allows ZUM 1 and 2 (denies 7 and 10 digit toll, and ZUM 3)
- B. Allows ZUM 1, 2 and 3 (denies 7 and 10 digit toll)
- C. Allows ZUM 1, 2 and 3 and 7 digit toll (denies 10 digit toll)

**7. COMMSTAR II<sup>/1/</sup> (cont'd)**

/2/

**A. Description (cont'd)**

## 3. Optional Group Features

## Commstar II Distinctive Ringing

Allows a user to distinguish between incoming and intercom calls by providing distinctive ringing patterns. Commstar II lines equipped for distinctive ringing which are also assigned the Call Waiting feature will receive distinctive tones on incoming and intercom calls which are waiting.

## Commstar II /800 Service Access

Allows access to 800 Service by dialing a separate access line. The 800 Line(s) is not included in the maximum line capacity of the Commstar II.

Commstar II Features will continue to function in a normal manner when the 800 Line is in use.

800 service must terminate in the same central office and same switch as the local service common block.

## Custom 800 Service

Custom 800 Service as set forth in Guidebook, Part 10, Section 1 may be provisioned on a Commstar II line. The Custom 800 line is not counted in the maximum 30 line capacity of the Commstar II. There are no nonrecurring charges associated with the provisioning of Custom 800 Service on the Commstar II line.

/2/

/1/ Commstar II is Frozen/Grandfathered for business and residence customers effective September 28, 2012. See Part 2, Section 2, for Frozen/Grandfathered services.

/2/ Material formerly appeared in Part 7, Section 2, Sheet 59.

**7. COMMSTAR II<sup>/1/</sup> (cont'd)**

/2/

**B. Regulations**

1. The Company may furnish Commstar II where there is available central office equipment with the proper program updates as determined by the Company.
2. Commstar II is available on all individual business and residence access lines other than public or semi-public service lines.
3. A customer or customers may choose to combine access lines located at different premises into a Commstar II. All access lines combined in Commstar II must be served by the same central office.
4. The combining of access lines carrying different classes of service designations into a Commstar II is permitted.
5. All Commstar II lines must be equipped for Touch-Tone signaling.
6. The quality of transmission for calls utilizing Commstar II Call Forwarding or Commstar II Three-Way Calling may vary depending on the distance and routing involved. The Company makes no representation as to the quality of the transmission on such calls.
7. Different customers may arrange to have their individual access lines combined in a Commstar II.

In the case where either of the optional features, Commstar II Speed Dialing or Commstar II Distinctive Ringing are ordered, an agreement must be reached between customers and Company as to which customer will be responsible for these particular features.

8. A customer with a line equipped with Commstar II Call Forwarding is responsible for the payment of any applicable charges for each completed call between the subscribing line and the forwarded to line. This charge for local, message unit, zone calling units or dial station toll applies to all forwarding calls that are answered at the forwarded to line station.

/2/

/1/ Commstar II is Frozen/Grandfathered for business and residence customers effective September 28, 2012. See Part 2, Section 2, for Frozen/Grandfathered services.

**7. COMMSTAR II<sup>/1/</sup> (cont'd)**

/2/

**B. Regulations (cont'd)**

9. It is the responsibility of the customer forwarding calls to another service to obtain any necessary permission of the customer to whom the calls are forwarded. Schedule Cal.P.U.C. No. A2.1.11 prohibits interference of telephone service of another.
10. The Company may discontinue the telephone service of a customer with Commstar II service for nonpayment or noncompliance with other rules. Refer to Schedule Cal.P.U.C. No. A2.1.11.
11. Temporary Service is not offered with Commstar II.
12. The limitation of the Company's liability is set forth in Guidebook, Part 2, Section 2.
13. A minimum of two (2) lines will be needed to establish a Commstar II.
14. Unless otherwise specifically stated in this tariff schedule, Commstar II, access lines will be treated as Individual Line Business and/or Residence Service and all applicable tariff and/or Guidebook schedules of the Company will apply.
15. The Company is not responsible for incompatibility between Company provided service and customer-provided terminal equipment as set forth in Guidebook, Part 8, Section 8.
16. A control account is necessary with any Commstar II so central office translations can be provided to activate the Intercom feature. An agreement must be reached between the customer(s) and the Company as to which customer will be designated as the control account. The customer of the control account is also responsible for handling order inquiries and maintenance problems with the Company.
