However, the customer will be responsible for all costs and charges incurred as follows unless otherwise stated:

 - a. All waived and/or unpaid nonrecurring charges at the applicable rate(s) or charge(s) in effect when service was installed.
 - b. Any recurring non-usage rates at the effective rate under the term plan or other agreement in accordance with the service's minimum service period regulations.

3. For all services, the customer shall return any other benefits, credits, or discounts that may have been received.

An individual or small business seeking to disconnect service under this regulation must continuously meet the definitions and requirements from when the new service is installed until it is disconnected, whichever is shorter. Changing to or from a term plan for an existing service is not considered to be a new service for the purpose of this regulation.
