

**1 INSIDE WIRE REPAIR SERVICES****A. DESCRIPTION**

Inside Wire Repair gives the Company's business customers the opportunity to subscribe to a plan or service under which the Company will repair their inside wire. The Company offers two inside wire repair options: WirePro and the Per Visit Inside Wire Repair Service. When the customer subscribes to WirePro (the Per Month Inside Wire Repair Plan), there is no additional charge for repair work done on the customer side of the demarcation point. At the customer's request, the Company will isolate trouble to the simple inside wire, jack, or customer provided equipment. The Company will perform repairs on the customer's simple inside wire and/or jack. The Company will isolate trouble associated with customer provided equipment but will not repair, adjust, nor perform any other work on customer provided equipment or facilities. WirePro applies only to line(s) that are covered by the plan (Plan is not transferable).

**B. DEFINITIONS****Demarcation Point**

The inside wire demarcation point begins where the customer's inside wire connects to the intrabuilding network cable (INC). Where there is no INC, the demarcation point is the point of entry at the Company's entrance facility. The purpose of this demarcation is to separate the responsibility of the end-user from that of a vendor or the Company, as the customer's vendor of choice for inside wire repair and CPE trouble isolation.

**Inside Wire**

Inside wire (also known as simple wire) refers to all non-system premises telephone wire. Inside wire includes the associated jacks on the customer's side of the inside wire demarcation point. Inside wire does not include customer premises equipment.

**Intrasystem Wire**

Intrasystem wire (also known as complex inside wire) connects station components to each other or to common equipment such as a PBX or key system. Connection of intrasystem wire to the telephone network is governed by Part 68, Subpart C, of the FCC's Rules and Regulations.

**1 INSIDE WIRE REPAIR SERVICES (cont'd)**

**B. DEFINITIONS (cont'd)**

Non-Standard Wire

Non-standard wire is the wire or wiring that does not meet the National Electric Code and Electronic Industry standards for either installation and wiring standards, or both.

Standard Wire

Standard wire meets the specifications outlined in the National Electrical Code and Electronic Industry Association Standards and has been installed in accordance with these standards.

**C REGULATIONS**

1. General

- a. The Company will repair inside wire. Such repair may include the replacement of nonworking wire and/or jack(s). However, if the inside wire is non-standard wire and the repair requires replacement of such non-standard wire, the Company may perform repairs and advise the customer that the non-standard wire must be replaced at the customer's expense.
- b. The Company reserves the right not to repair or replace inside wire that is in nonworking condition due to obvious neglect or willful misuse.
- c. The Company will determine whether the trouble is caused by inside wire or customer provided equipment. The Company will not perform any repair on customer provided equipment including, but not limited to, telephone cords, telephone sets, answering devices, or any other customer provided hardware.
- d. Inside Wire Repair does not include the installation of new services, extensions, or jacks.

**1. INSIDE WIRE REPAIR SERVICES (cont'd)**

C. REGULATIONS (cont'd)

1. General (cont'd)

- (D)
- e. The rates and charges for inside wire repair options are in the following section, are determined by the customer's class, type, and grade of services as set forth in California Guidebook Part 2, Section 2. (C)
- f. Customers who have hardwired equipment only, i.e., without a modular jack, are excluded from the provisions of this Guidebook and its associated rates and charges. Except as set forth in the following section, these customers are responsible, at their expense, for providing the modular jacks and inside wire necessary to restore their service. (C)
- g. Where customers experience trouble with hardwired equipment that supports nonmodular handicapped services, the Company at its discretion may modularize the jacks and wiring at no additional charge. (C)

**1. INSIDE WIRE REPAIR SERVICES (cont'd)****C. REGULATIONS (cont'd)**

## 2. WirePro

- a. Customers who subscribe to this plan are charged monthly as shown in the following Rates and Charges section. The rates are for trouble isolation and repair of inside wire and/or jacks within their premises. The Company will determine whether the trouble is caused by inside wire, jacks or customer provided equipment.
- b. Per Visit Inside Wire Repair Services charges do not apply.
- c. Customers may subscribe to WirePro only at the time their inside wire is in working condition and meets the Company's standards.
- d. Subscription to WirePro becomes effective with the installation due date of the service connection for new service or, with established service, at the time the subscriber requests participation.
- e. WirePro does not include re-installation of inside wiring beyond one working jack where the wiring was destroyed by fire, major flood, or similar catastrophes.
- f. Customers must advise the Company when they wish to cancel WirePro.
- g. Customers moving to another area served by the Company wishing to continue WirePro will need to re-establish subscription to the Repair Plan at the new location.
- h. Customers with non-standard wire are not eligible for the WirePro.
- i. WirePro applies to existing inside wire and/or jack(s) within customer premises. It does not cover inside wire and/or jack installation.

**1. INSIDE WIRE REPAIR SERVICES (cont'd)**

**C. REGULATIONS (cont'd)**

3. Per Visit Inside Wire Repair Service

- a. Customers not subscribing to WirePro shall pay for trouble isolation and repair of inside wire and/or jacks within their premises. The Company will determine whether the trouble is caused by inside wire, jacks or customer provided equipment.
- b. The Company shall provide a 90 day warranty on labor and materials used for all repairs performed on inside wire and/or jacks.
- c. Customers who request to have the Company visit their premises to repair their inside wire and then refuse to allow the Company access to their premises, may be subject to the Per Visit Inside Wire Repair Service charges shown in the following section, Rates and Charges.
- d. If the customer agrees to have the Company perform the Inside Wire Repair Service, the charges in the following section, Rates and Charges, shall apply.

**2. PRESUBSCRIPTION SERVICE****A. GENERAL INFORMATION**

Presubscription is the process under which a customer may designate a specific carrier(s) to complete interLATA and/or intraLATA calls, without dialing a carrier identification code. A customer's designated interLATA carrier is called its Primary Interexchange Carrier (PIC) and its designated intraLATA carrier is called its Local Primary Interexchange Carrier (LPIC). The customer may designate one carrier to handle both interLATA and intraLATA calls or different carriers to handle interLATA and intraLATA calls.

The designated PIC may direct the routing of interLATA (including international) calls to itself or another carrier.

The designated LPIC may direct the routing of intraLATA calls to itself or another carrier.

**B. AVAILABILITY**

InterLATA presubscription is available statewide. IntraLATA presubscription is available where the Local Exchange Carrier that provides the customer's dial tone has converted its switches to intraLATA equal access.

**C. NEW CUSTOMERS**

1. New customers who request services will be asked to select: (1) A Primary Interexchange Carrier (PIC) to complete their interLATA calls; and, (2) A Local Primary Interexchange Carrier (LPIC), if available, to complete their intraLATA calls.
2. New customers who do not select a PIC or, if available, an LPIC, will need to use Carrier Identification Codes (CICs), e.g., 101XXXX dialing, to place interLATA and/or intraLATA calls.

**2. PRESUBSCRIPTION SERVICE (cont'd)****D. EXISTING CUSTOMERS**

1. Within a six-month period immediately following implementation of intraLATA presubscription, an existing customer may change its intraLATA carrier one time at no charge.
2. At implementation of intraLATA presubscription, if an existing customer does not select a different intraLATA carrier its intraLATA calls will continue to be handled by its current intraLATA carrier.

**E. OBLIGATIONS OF THE COMPANY**

1. After availability of intraLATA presubscription, the Company will inform customers who inquire about intraLATA service that they have a choice of intraLATA carriers, including the Company.
2. After availability of intraLATA presubscription, if new customers are undecided on an intraLATA carrier, the Company will offer to read a randomly generated list of available carriers.

**F. OBLIGATIONS OF THE CARRIER**

1. A Carrier obtaining PIC/LPIC authorizations directly from customers and submitting them to the Company on the customer's behalf must:
  - a. Have authorization from the customer that complies with all applicable state and federal laws and/or regulations for each type of service that the customer designates it to handle, (e.g., interLATA and intraLATA service);
  - b. Retain the customer's authorization for the length of time required by applicable state and federal laws and/or regulations; and
  - c. Provide the customer's authorization to the Company, upon request, in the case of a PIC/LPIC dispute.
2. If a Carrier discontinues interLATA and/or intraLATA services, it must contact its customers in writing and inform them that they must select a new Carrier. The canceling Carrier must pay any applicable PIC/LPIC Change Charges set forth in the following section. The Company will bill the canceling Carrier based on the total number of customers assigned to the canceling Carrier at the time it notifies the Company of its discontinuance of interLATA and/or intraLATA service.

**2. PRESUBSCRIPTION SERVICE (cont'd)****G. PIC/LPIC DISPUTES**

If a customer informs the Company that it did not authorize a PIC/LPIC change that was submitted to the Company by the Carrier on behalf of the customer, the Company will:

1. Return the customer's line to its previous PIC/LPIC;
2. Credit the customer's bill for previously-billed PIC/LPIC change charges; and
3. Bill any PIC/LPIC change charges to the Carrier that submitted the disputed PIC/LPIC change.

**H. PRESUBSCRIPTION CHANGE CHARGE APPLICATION**

1. A new customer's initial interLATA carrier selection (PIC) and/or, where available, its initial intraLATA carrier selection (LPIC), will be exempt from the PIC/LPIC Change Charges set forth in the following section for six months after the customer's service date. A customer's expressed desire to not designate a preferred carrier on its line (i.e., no PIC and/or no LPIC) is considered an initial carrier selection.
2. An existing customer's initial intraLATA carrier selection (LPIC) will be exempt from the LPIC Change Charge set forth in the proceeding section for six months following the availability of intraLATA presubscription. A customer's expressed desire to not designate a preferred carrier on its line (i.e., no LPIC) is considered an initial carrier selection.
3. Except as set forth in the preceding sections, all changes in the customer's PIC/LPIC selections will incur the PIC/LPIC Change Charges set forth in the following section.

**2. PRESUBSCRIPTION SERVICE (cont'd)**

NBRI provides Individual Station Billing (ISB) Call Detail for Foreign Exchange Trunks, Tie Lines and Special Access Voice Grade Service that are used for off-net calling when routed through Flexible Route Selection Service (FRS). In addition, NBRI can be associated with customer dialed account recording which will provide an account number record of inward calls that are extended by an attendant to Centrex station lines and other services terminated in the Centrex system. NBRI is also provided for Interexchange Carrier (IEC) billed calls that are dialed direct or placed with operator assistance. This call detail option is available to business customers with both Centrex and non-Centrex lines used for placing intraLATA, interLATA, interstate and international calls where facilities and operating conditions permit. Furthermore, NBRI can be associated with Account Codes which will provide an account code number on outgoing calls that are direct dialed. This detail option is available to Individual Line Measured or Flat Rate Residence Service, Individual Line Measured Rate Business Service and Centrex stations who subscribe to Account Codes.

1. Summary Billing (SB) is a supplemental billing service that is offered to all customers for the same class of service. It provides for numerous accounts of a single customer to have their billing media consolidated under a single fictitious control account, and receive a single summarized bill or multiple summarized bills.
2. As determined by the Company, Northern SB region encompasses those accounts processed through the Company's Sacramento accounting center; Southern SB region encompasses accounts processed through the Company's Anaheim accounting center.
3. Preferential Bill Date (PBD) as defined in California Guidebook Part 8, Section 8 is a mandatory requirement when subscribing to SB service. The rates and charges associated with PBD service, as defined in PBD of this Guidebook are not applicable; PBD is inclusive of the SB service offering. However, when a customer changes their PBD in an established SB account, all nonrecurring charges as defined in PBD California Guidebook Part 8, Section 8 apply, except Company initiated charges.
4. Customers subscribing to SB service must select the same PBD for those accounts to be consolidated into one bill. The bill round date must be one of the standard bill round dates used by the Company.
5. Customers subscribing to SB in electronic format, may receive the bill in both electronic format and (C) paper format. Alternatively, they can choose to discontinue their paper bill. Customers who choose to discontinue their paper bill also have the option to receive the face page (front and back) and mandated bill inserts and messages by electronic means. (C)

**4. MISCELLANEOUS SERVICE OFFERINGS (cont'd)**

4.1 CUSTOMIZED BILLING AND MISCELLANEOUS BILLING SERVICES (cont'd)

A. TERMS AND CONDITIONS (cont'd)

- 6. Customer accounts can be grouped into multiple summarized bills. The SB customer is permitted to have one group of their accounts on SB only, a separate group on SB with electronic billing and another group on electronic billing alone. The customer cannot, however, include one single account into several different SB accounts. Each account must be consolidated into its own unique control account. (C)
  
- 7. Reserved (C)  
(D)  
|  
(D)
  
- 8. Customers may cancel established SB Service without penalty. Where a customer cancels and later reinstates SB service, all nonrecurring and recurring charges apply.
  
- 9. Where a customer requests SB service on a one time basis, all applicable nonrecurring and recurring charges apply. The customer is required to pay minimum billing for service in accordance with California Guidebook Part 2, Section 2.
  
- 10. The SB customer is responsible for payment on all accounts summarized in accordance with the Company's regular billing and collection practices. Failure to pay any one of the grouped accounts by the "Due by date" will cause the entire SB account to become delinquent and service to all accounts may be temporarily or permanently disconnected for non-payment as set forth in California Guidebook Part 2, Section 2. A late payment charge will apply to SB service as defined in California Guidebook Part 3, Section 1 and Part 2, Section 2.

**4. MISCELLANEOUS SERVICE OFFERINGS (cont'd)****4.1 CUSTOMIZED BILLING AND MISCELLANEOUS BILLING SERVICES (cont'd)****A TERMS AND CONDITIONS (cont'd)**

11. Centrex accounts subscribing to SB service are consolidated according to Sectional Billing Service as defined in California Guidebook Part 8, Section 10. In addition to the rates and charges associated with SB Service, Rates and Charges as defined in California Guidebook Part 8, Section 10, Sectional Billing Service, also apply.
12. Recurring volume discounts for SB with electronic billing are calculated on a per SB arrangement per accounting region basis; either Northern or Southern accounting region, but not inclusive of both. (C)
13. Volume discounts associated with SB in electronic format apply only to those accounts that remain on SB service. (C)
14. Descriptions and Regulations associated with electronic formats, as defined in Regulations, 1. Bill Detail-General, 2. Electronic Formats, 4. Call Detail, of California Guidebook Part 8, Section 8 apply in addition to the Rates and Charges associated with volume discounts. (C)

## Exceptions:

- a. Bill Detail - General, 2. and 3.
  - (1) SB Service is expanded to include Private Line Services.
  - (2) SB Service is not offered to Individual Residence or Party Line Services.
15. Nonrecurring charges, as defined in Rates and Charges, following are applicable when an existing auxiliary account is changed from one control account to another.
16. The Optional Block Discount Plan cannot be subscribed to for SB primary control accounts; however, each individual billing account may subscribe to the Optional Block Discount Plan service offering. In addition to the Rates and Charges associated with SB service, the Rates and Regulations defined in California Guidebook Part 9, Section 1 apply.

### 5.3 Miscellaneous Services (cont'd)

#### 5.3.3 Testing Services

Testing services are provided by Company personnel at the Company's local loop demarcation point. However, provisions are made in the following section for Company personnel to perform testing services on the customer's side of the local loop demarcation point at the customer's request and expense.

Testing Services offered under this section of the Guidebook are optional and subject to rates and charges as set forth in the following section. Other testing services provided by the Company in association with Access Services are furnished at no additional charge. These other testing services are described in Schedule Cal.P.U.C. 175-T Sections 6.1.6 and 7.1.8.

The offering of Testing Services under this section of the Guidebook is made subject to the availability of the necessary qualified personnel and test equipment at the various test locations mentioned in the following section.

#### A. Special Access Service

The Company will, at the request of a customer, provide assistance in performing specific tests requested by the customer.

##### 1. Nonscheduled Testing (NST)

When a customer provides a technician at its premises or at the end user premises, with suitable test equipment to perform the required tests, the Company will provide a technician at its office for the purpose of conducting Nonscheduled Testing. At the customer's request, the Company will provide a technician at the customer's premises or at the end user premises. Nonscheduled tests may consist of any tests, e.g., loss, noise, slope, envelope delay, which the customer may require.

##### 2. Obligation of the Customer

When the customer subscribes to Testing Service as set forth in this section, the customer shall make the facilities to be tested available to the Company at times mutually agreed upon.
