1. Number Retention Service (NRS) allows business customers the option of retaining their existing number(s) when changing within or between grades of service and/or from another Local Exchange Carrier if a number change is required. Calls made to the customer's retained number are forwarded to the customer's assigned number. This is transparent to the calling party.

E. ORDERING OPTIONS

1. General

This section sets forth the regulations and order related charges for Access Advantage Plus orders.

These charges are in addition to other applicable charges as set forth in other sections of this tariff. Access Advantage Plus allows specific data and exchange voice services to be connected at DS0 levels to a channelized (1.544 Mbps) high capacity facility.

a. Ordering Options

The customer shall provide all information necessary for the Company to provide and bill for the requested service. In addition to the order information required, the customer must also provide:

- Customer name and premises address(es).
- Billing name and address (when different from customer name and address).
- Customer contact name(s) and telephone number(s) for the following provisioning activities: order negotiation, order confirmation, interactive design, installation and billing.

b. Customers purchasing Access Advantage Plus and the connecting services must be customers purchasing the service for their own use.

c. Access Advantage Plus must be ordered with B8ZS and ESF signaling capabilities.

2. Service Date Change Charge

Access Advantage Plus order dates for the installation of new services or migration of existing services may be changed, but the new service date may not exceed the original service date by more than 30 calendar days. When, for any reason, the customer indicates that service cannot be accepted for a period not to exceed 30 calendar days, and the Company accordingly delays the start of service, a Service Date Change Charge will apply. If the customer requested service date is more than 30 calendar days after the original service date, the order will be cancelled by the Company and reissued with the appropriate cancellation charges applied.

If the service date is changed to an earlier date, and the Company determines additional labor or extraordinary costs are necessary to meet the earlier service date requested by the customer, the customer will be notified by the Company that Expedited Order Charges as set forth in C.1 following apply. Such charges will apply in addition to the Service Date Change Charge.

If the Company determines it can accommodate the customer's request without delaying service dates for orders of other customers, a new service date may be established that is prior to the original standard or negotiated interval service date.

A service date change charge will apply on a per order, per occurrence basis for each service date changed as specified in Schedule Cal.P.U.C. No. 175-T, Section 5.2.2.

3. Order Modifications

a. Expedited Order Charge

When placing an Access Advantage Plus Order, a customer may request an expedited service date. A customer may also request an earlier service date on a pending Access Advantage Plus Order. If the Company determines that service can be provided to meet the requested service date and that additional labor cost or extraordinary costs are required the customer will be notified and will be provided with an estimate of the additional charges involved. Such additional charges will be determined and billed to the customer as follows:

To calculate the additional labor charges, the Company will, upon authorization from the customer to incur the additional labor charges, and to bill the customer for such charges, keep track of the additional labor hours used to meet the request of the customer and will bill the customer at the applicable Additional Labor charges as set forth in Schedule Cal.P.U.C. No. 175-T, Section 13.2.6.

To develop, determine and bill the customer the extraordinary costs which may be involved, the special construction terms and conditions as set forth in Schedule Cal.P.U.C. No. 175-T, Section 15 will be used by the Company. Authorization to incur the costs and to bill the customer will be in accordance with the terms and conditions of Schedule Cal.P.U.C. No. 175-T, Section 15.

When the request for expediting occurs subsequent to the issuance of the Access Advantage Plus Order, a Service Date Charge as set forth preceding also applies.

Any Expedited Order Charges in excess of 10% over the estimate of the additional charges shall not be billed.

b. Cancellation of an Access Advantage Plus Order

(1) A customer may cancel an Access Advantage Plus Order for the installation of service on any date prior to the service date. The cancellation date is the date the Company received written or verbal notice from the customer that the order is to be cancelled. The verbal notice must be followed by written confirmation within 10 days. If a customer is unable to accept Access Advantage Plus within 30 calendar days of the original service date, the customer has the choice of the following options:

- The Access Advantage Plus Order shall be cancelled and charges set forth in (b) following will apply; or
- Billing for the service will commence.

In such instances, the cancellation date or the billing date, depending on which option is selected by the customer, shall be the 31st day beyond the original service date of the Access Advantage Plus Order.

- (b) Where the customer cancels an Access Advantage Plus Order prior to the start of installation of Access Advantage Plus facilities, no charges shall apply.
- (c) Where installation of Access Advantage Plus facilities has been started prior to the cancellation, the charges specified in (a) or (b) following, whichever is lower, shall apply.

- (d) In no event will cancellation charges be applied until the customer is notified of such charges. Cancellation charges as set forth in (c)(ii) preceding are determined from the last critical date completed. Such dates are provided to the customer on the firm order confirmation at the time the order is placed.
- (e) When a customer cancels an order for the discontinuance of service, no charges apply for the cancellation.
- (f) If the Company misses a service date by more than 30 days due to circumstances over which it has direct control (excluding e.g., acts of God, government requirements, work stoppages and civil commotions), the customer may cancel the Access Advantage Plus Order without incurring cancellation charges.
