## 21. Metropolitan Statistical Area Access Services (Cont'd)

## 21.1 General Description

(A) This section of the tariff provides the regulations, rates and terms and conditions that apply to telecommunications services provided by the Telephone Company in the Metropolitan Statistical Areas (MSAs) in which the Telephone Company has received Phase II pricing flexibility pursuant to Subpart H of Part 69 of the Commission's Rules. MSAs are divided into the categories below:

(1) Full Service MSAs

Full Service Relief MSAs are those MSAs which qualified for Phase II pricing flexibility for all elements of service, i.e., local channels (channel terminations) between LEC end offices and customer (end user) premises; entrance facilities; dedicated interoffice facilities; local channels (channel terminations) between an interexchange carrier's point of presence and a serving wire center. The Full Service Relief MSAs are set forth in Section 21.2 (A) following.

(2) Limited Service MSAs

Limited Service Relief MSAs are those MSAs that qualified for Phase II pricing flexibility for all elements of service except local channels (channel terminations) between a LEC end office and a customer (end user) premise. The Limited Service Relief MSAs are set forth in Section 21.2 (B) following.

(B) The services provided in MSAs pursuant to this section of the tariff are set forth in Section 21.3, following. These services are comparable to the SWA Dedicated Transport Services in Sections 6.9.1(D)(12)(a), 6.9.1(D)(12)(b), 6.9.1(D)(12)(c), 6.9.6(A)(1), 6.9.6(A)(6), and (T) 6.9.6(B) <sup>(1)</sup>. The general regulations, service descriptions and rate regulations for the SWA (D) Dedicated Transport Services in Section 6 <sup>(1)</sup> are also applicable to the services specified in (D) this section, except as provided below.

An exception in 21.4(F) applies for term pricing plans.

(C) Unless otherwise provided for in this section, regulations set forth in Sections 1, 2, 5, 13 and 14 are also applicable.

<sup>(1)</sup> Material in this section has been de-tariffed pursuant to FCC Order No. 17-43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at [www.att.com/guidebook](http://www.att.com/guidebook).

## 21.5.2.18 Vintage Rates

## (A) General Regulations

Term pricing plan vintage rates are those rates that apply to existing services provided under a term plan in the event the Telephone Company initiates a rate increase. Vintage rates as set forth following are classified as vintage because the Telephone Company ensures that rates provided under a term plan will not be increased by the Telephone Company above the term plan rate in effect at the beginning of the customer's term plan.

Vintage term pricing plan rates associated with services and/or MSA's which have not been approved for Phase II pricing flexibility are found in Section 7.5. These vintage rates are applicable in the above mentioned rate increase situations for term plans of services and/or within MSA's with no pricing flexibility approval at beginning of the term plan.

Term plans associated with approved services/MSA's at the outset of the contract will employ Section 21 for vintage rates in regards to rate increase situations.
