22.224.5 Minimum Annual Revenue Commitment

The Customer must satisfy a Minimum Annual Revenue Commitment (MARC) for each Term Year of this Contract Offer. The MARC shall be satisfied by gross billed recurring revenue, after application of any discounts or credits applicable to those recurring revenues (except those issued under the Concurrently Subscribed Contract Offers), as well as adjustments for overbilling, under-billing and billing dispute settlements issued during that Term Year for Subject Services and Non-Subject Services purchased by and billed to Customer under the Eligible ACNAs (collectively, "MARC-Eligible Charges"). The Customer's MARC-Eligible Charges shall specifically exclude non-recurring charges, usage-based charges and temporary service charges. Credits under this Contract Offer are conditioned on the Customer's satisfaction of the MARC in each Term Year. Satisfaction of the MARC shall be determined according to MARC-Eligible Revenue.

22.224 Contract Offer No. 224 – Access Service Offer (Cont'd)22.224.6 Billing & Credits (Cont'd)(B) Service Portability Credits

The Qualified Companies will issue credits in the amount of any termination liability charges that would otherwise apply as a result of the disconnection of Subject Services during the Term Period, provided that the conditions set forth below have been met. Such charges initially will be billed, and must be paid, as provided in the relevant sections of Ameritech Tariff F.C.C. No. 2, not including this Contract Offer. The Telephone Company will calculate and issue credits for each Quarter, which will be issued no later than sixty (60) days after the end of each Quarter.

- (1) Any disconnected Subject Service(s) must have been in service for a minimum of twelve (12) months.
- (2) The Customer must continue to purchase no less than the number of DS1 and DS3 Subject Services (which is defined in Section 22.224.3) that were in service as of the Subscription Date of this Contract Offer.

(C) Credits for Termination Liability or Plan Shortfall Charges

The Qualified Companies will issue credits in the amount of any termination liability charges or any charges for failure to satisfy a minimum Commitment Level pursuant to a High Capacity Service Portability Commitment, when such charges would otherwise apply as a result of the disconnection of Subject Services during the Term Period, provided that the conditions set forth below have been met. Such charges initially will be billed, and must be paid, as provided in the relevant sections of Ameritech Tariff F.C.C. No. 2, not including this Contract Offer. The Telephone Company will calculate and issue credits for each Term Year, which will be issued no later than sixty (60) days after the end of each Term Year. As clarification, but not to modify this paragraph, the BellSouth Area Commitment Plan (ACP) is not a High Capacity Service Portability Commitment within the meaning of this Section 22.224.6(C) and is not eligible for termination liability or plan shortfall credits.

- (1) Any disconnected Subject Service(s) must have been in service for a minimum of twelve (12) months.
- (2) MARC-Eligible Charges for the Term Year must have been equal to or greater than the MARC.

22.224 Contract Offer No. 224 – Access Service Offer (Cont'd)22.224.7 Access Service Ratio

The Customer (including any of its Affiliates included in this Contract Offer) must maintain an Access Service Ratio as further provided in this Section 22.224.7. The Access Service Ratio shall be calculated quarterly, based on data for the most recent single month for which information is available at the time of the calculation. The Qualified Companies will calculate the Customer's Access Service Ratio as of the Subscription Date and for each Quarter thereafter, as follows:

$$\text{Access Service Ratio} = \frac{\text{Access Revenue}}{(\text{Access Revenue} + \text{Wholesale Revenue})}$$

During the Term Period, the Access Service Ratio may not decline by more than 3%, as compared to the Access Service Ratio on the Subscription Date, as determined by each quarterly calculation of the Access Service Ratio.

Example: Assume that the Customer's Access Service Ratio, as calculated for the Subscription Date, is 95%. For each subsequent quarterly calculation of the Access Service Ratio, the Customer would be required to achieve an Access Service Ratio of at least 92%.

If during the Term Period, any of the Qualified Companies offers additional ILEC access services or UNEs, such additional ILEC access services or UNEs shall also be included in the calculation of the Access Service Ratio. Recurring revenue, for purposes of calculating the Access Service Ratio, will be measured according to gross billed recurring revenue, after application of any discounts or credits applicable to that recurring revenue, plus any adjustments for overbilling, under-billing and billing dispute settlements. The calculation of recurring revenue will not include any DS1 Plan Credits issued pursuant to this Contract Offer.

If, upon the initial review or any quarterly review of the Customer's compliance with the Access Service Ratio, the Qualified Companies determines that the Customer has not complied with the Access Service Ratio, the Qualified Companies will so notify the Customer in writing. The Customer will have sixty (60) days after such notice to cure its noncompliance with the Access Service Ratio.

"Access Revenue" means the Qualified Companies' interstate recurring revenue from the Customer and its "Affiliates" associated with the services defined in Tables E and F, below. An "Affiliate" of a party to this Contract Offer means any entity that controls, is controlled by, or is under common control with, such party.
