12. Specialized Service Or Arrangement

12.1 General

Specialized Service or Arrangements may be provided by the Telephone Company, at the request of a customer, on an individual case basis if such service or arrangements meet the following criteria:

(A) The requested service or arrangements are not offered under other sections of this tariff.

(B)The facilities utilized to provide the requested service or arrangements are of a type normally used by the Telephone Company in furnishing its other services.

- (C) The requested service or arrangements are provided within a LATA.
- (D) The requested service or arrangements are compatible with other Telephone Company services, facilities, and its engineering and maintenance practices.
- (E) This offering is subject to the availability of the necessary Telephone Company personnel and capital resources.

12.2 Move Charges

- (A) When service without a maximum termination liability charge associated with it is moved to a different building, the nonrecurring charge applies; when moved to a new location in the same building, a charge of one-half the nonrecurring charge applies application of a nonrecurring charge and the establishment
- (B) When service with a maximum termination liability charge associated with it is moved and is reinstalled at a new location, the customer may elect:
 - to pay the unexpired portion of the maximum termination liability charge for the service, if any, with the of a new maximum termination liability charge for such service at the new location, or

12. Specialized Service Or Arrangement (Cont'd)

12.2 Move Charges

- (B) (Cont'd)
 - to continue service subject to the unexpired portion of the maximum termination liability charge, if any, and pay the estimated costs of moving such service, provided that the customer requests these charges be quoted prior to ordering the service move. Charges for moving such service will be based on estimated costs attributable to the move.

Move charges include the estimated costs of removal, restoration of services or facilities necessitated by the move, transportation, storage, reinstallation, engineering, labor, supervision, materials, administration, and any other specific items of cost directly attributable to the move.

12.3 Rates and Charges

Rates and Charges and additional regulations, if applicable, for Z specialized services or arrangements provided on an individual case basis are filed following:

84-4 MCI Telecommunications Corp.

Specialized Transmission System consisting of 3 sections to provide fiber interconnection between MCI's locations in San Francisco,

Special Conditions:

- 1. At all customer locations the fibers will terminate on lightguide cable interconnect equipment.
- 2. Title to all systems, facilities and equipment used to provide these services will be retained by the Telephone Company in accordance with the applicable provisions of this tariff.
- 3. These services are offered to provide a maximum transmission bit speed of 405 megabits per second (MBps). Any transmission speed in excess of 405 MBps will constitute a different service offering, and different rates and charges will apply. Where design considerations dictate, the Telephone Company will provide appropriate regenerators. These regenerators will operate at 405 MBps. Any segment not requiring regenerators will be monitored to insure compliance with this provision. Any transmission in excess of 405 MBps will be in violation of these provisions and will be cause for service interruption and/or termination.
- 4. The use of these services may not be assigned or transferred except in accordance with the applicable provisions of this tariff.
- 5. The rates and charges detailed in these provisions are solely for facilities described. Any access service or additional facilities ordered from the Telephone Company, and provided over or in conjunction with these facilities, will be charged at the applicable tariff rates for such services or facilities.

12. Specialized Service Or Arrangement (Cont'd)

12.3 Rates and Charges (Cont'd)

Case No.

84-4 MCI Telecommunications Corp. (Cont'd)

Special Conditions: (Cont'd)

- 6. Repair of these facilities will be governed by existing tariffs and statutes on priorities of repair.
- 7. Compatibility between Telephone Company provided network equipment and customer provided premises equipment will be the responsibility of the customer, except that Telephone Company provided regenerators for these services will be Fujitsu in type as agreed upon with customer.
- 8. If any portion of these specialized facilities requires replacement involving capital investment, a replacement charge will apply. This charge will be in the same ratio to the total replacement cost as the initial optional payment charge was to the installed cost of the original specialized facilities. If any portion of the facilities subject to the replacement charge fails, service will not be restored until notification is provided in writing that replacement is required and such replacement is ordered.
- 9. If the Telephone Company is requested to rearrange these specialized facilities, a nonrecurring charge equal to the cost of any additional construction will apply.

Section 1

Install twenty-two single mode fibers between customer locations at 274 Brannan Street in the Central District Area of the San Francisco Exchange and 1221 Broadway in the Main-Piedmont District Area of the East Bay Exchange via the SNFC21 and OKLD03 offices, and an additional twenty-two single mode fibers between customer locations at 1221 Broadway, Oakland, and 21350 Cabot Boulevard in the Hayward Exchange via the OKLD03, HYWR01 and HYWR11 offices.

ACCESS SERVICE

12. Specialized Service or Arrangements (Cont'd)

12.3 Rates and Charges (Cont'd)

Case No.	Customer Name	Volume Tier*	Monthly Rate for <u>each Active Port</u>
00-SBC-1	MCI WorldCom Network Services,Inc.	1 - 200,000	\$12.00

Description

Remote Access Service (RAS) provides an ISDN PRI-based data transport service that supports MCI WorldCom Network Services, Inc. with medium to high speed transport capabilities for end user remote dial access to MCI WorldCom Network Services, Inc.'s internet network. RAS terminates in network access servers in Pacific Bell Telephone Company's central offices, which provide modem functionality. The connections between the central office and MCI WorldCom Network Services, Inc.'s network are not part of RAS. MCI WorldCom Network Services, Inc. will acquire these services separately.

MCI WorldCom Network Services, Inc. agrees to maintain a minimum of 148,800 active ports each month beginning March 27, 2003. MCI WorldCom Network Services, Inc. agrees to pay a monthly rate on a per port basis as outlined in the volume tier listed above. The volume tier is an aggregation of ports ordered by MCI WorldCom Network Services, Inc. through the tariffs and in the territories of Southwestern Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Ameritech Operating Companies, and Nevada Bell Telephone Company (hereinafter referred to as The Telephone Companies). In the event that MCI WorldCom Network Services, Inc. does not have 148,800 active ports during a given month after March 27, 2003, MCI WorldCom Network Services, Inc. agrees to pay The Telephone Companies the monthly rate for 148,800 ports in each such month regardless of the actual number of active ports. This modification arrangement shall expire as of the end of month twenty four (24) from March 27, 2003 and is limited to 200,000 ports.

(C)

- 1. In the event this service becomes the subject of a general tariff service offering, MCI WorldCom Network Services, Inc. shall be required to either terminate the service or convert the service to the general tariff offering at the rates, terms and conditions provided thereunder; No termination charges shall apply in either instance.
- 2. The rate and the terms and conditions of this subsection will not change during the term period of this specialized arrangement, unless noted herein or required by the F.C.C. All other tariff changes will apply accordingly.
 - * Number of Active and Ordered Ports
