Under authority of Special Permission No. 95-48 of the Federal Communications Commission, the effective date of the Advanced Carrier Identification Service (ACIS) Tariff and revisions to regulations found on the following tariff pages are being deferred to January 28, 1995. These tariff revisions were contained in Transmittal No. 2405 filed on December 2, 1994 to become effective January 16, 1995. Subsequently, the Telephone Company filed Transmittal No. 2408 to revise Transmittal No. 2405. Transmittal No. 2408 filed on December 9, 1994 and scheduled to become effective January 16, 1995, revised the Carrier Identification Feature (CIF) rate and modified supporting documentation.

The purpose of this Supplement is to cancel Supplement No. 16 issued December 13, 1994 and to replace it to include the additional Rate Adjustment Factors (RAFs) as listed below.

Supplement No. 16 was originally filed in compliance with the Bureau's Order in CC Docket No. 94-97, the Virtual Collocation Tariff Suspension Order released December 9, 1994, and Erratum released December 12, 1994 and under authority of DA94-1421. In Supplement No. 16, the Expanded Interconnection tariff revisions filed under Transmittal No. 2383, and revised under Transmittal Nos. 2388, 2392, 2397 and 2407, were advanced for one day to December 14, 1994 and suspended for one day to December 15, 1994, and employed RAFs outlined in the Bureau's Order. Subsequently, in the Erratum released February 10, 1995 in CC Docket No. 94-97, the Bureau addressed certain proposed rate elements which were filed in Transmittal No. 2407, but were inadvertently neglected in Appendix C of the Bureau's Virtual Collocation Tariff Suspension Order. These rate elements are included in this Supplement and are scheduled to become effective on February 18, 1995.

Pursuant to the Bureau's Virtual Collocation Tariff Suspension Order, the tariff revisions are suspended in part and the entire rate is suspended for one day and the part of the rate that exceeds the rate levels designated in the Virtual Collocation Tariff Suspension Order is suspended for five months to May 15, 1995.

In addition, under authority of Special Permission No. 94-95, SWBT proposes to revise rates filed in Supplement No. 16, which reflected the application of an incorrect RAF.

The purpose of this Supplement is to cancel Supplement No. 19, issued February 17, 1995, and to replace it to reflect the Rate Adjustment Factors (RAFs) and revised rates as listed below.

SWBT originally filed Supplement No. 16 in compliance with the Bureau's Order in CC Docket No. 94-97, the Virtual Collocation Tariff Suspension Order, released December 9, 1994, and Erratum, released December 12, 1994. In Supplement No. 16, the Expanded Interconnection tariff revisions which were filed under Transmittal No. 2383, and subsequently revised under Transmittal Nos. 2388, 2392, 2397 and 2407, were advanced for one day to December 14, 1994 and suspended for one day to December 15, 1994, and employed the RAFs outlined in the Bureau's Order. Subsequently, in the Erratum released February 10, 1995 in CC Docket No. 94-97, the Bureau addressed certain proposed rate elements which were filed in Transmittal No. 2407, but were inadvertently neglected in Appendix C of the Bureau's Virtual Collocation Tariff Suspension Order. These rate elements were included in Supplement No. 19, which canceled Supplement No. 16, and became effective on February 18, 1995. In addition, SWBT revised rates originally filed in Supplement No. 16 which reflected the application of an incorrect RAF.

At this time, pursuant to Commission directive, SWBT proposes to revise the rate elements that were originally filed in Transmittal No. 2407 and subsequently revised in Supplement No. 19. At the direction of the Commission, these rates are being revised to reflect the application of the RAFs that were specified in Appendix C of the Bureau's Virtual Collocation Tariff Suspension Order.

In addition and at the direction of the Commission Staff, SWBT proposes to apply the RAF specified in Appendix C of the Bureau's Virtual Collocation Tariff Suspension Order to the ADC SONEPLEX 2000 (SONEPLEX) rates filed under Transmittal No. 2407. SWBT originally filed the SONEPLEX rates under Transmittal No. 2397 and subsequently revised those rates under Transmittal No. 2407. Appendix C of the Bureau's Virtual Collocation Tariff Suspension Order neglected to reflect the revised SONEPLEX rates filed under Transmittal No. 2407. This Supplement clarifies that the RAFs are applied to all rates as of December 15, 1994.

Pursuant to the Bureau's Virtual Collocation Tariff Suspension Order, the tariff revisions are suspended in part and the entire rate is suspended for one day and the part of the rate that exceeds the rate levels designated in the Virtual Collocation Tariff Suspension Order is suspended for five months to May 15, 1995.

The suspended revisions are also subject to investigation under CC Docket No. 99-274.

The following language, filed under Transmittal No. 2773 on Original Page 14.206.2, is suspended by this supplement:

In addition, the service offered under the ADSL-VDP are provided on a wholesale basis to carriers and non-carriers, and are priced on such basis. The ADSL-VDP is not offered at retail, and accordingly, the Telephone Companies do not believe that the rates therein are subject to the rate provisions of Section 251(c)(4) and 252(d)(3) of the Communications Act, 47 U.S.C. 251(c)(4), 252(d)(3), and thus has priced them under that belief.

ACCESS SERVICE

This filing is made pursuant to the Bureau's Suspension Order DA 16-805 (Order), released July 15, 2016.

On July 1, 2016, SWBT issued its Transmittal No. 3428, which proposed to grandfather the DS1 High Capacity Service Portability Commitment and discontinue renewals. The DS1 High Capacity Service Portability Commitment was to continue to be available to existing subscribers for the remainder of each subscriber's 3-year commitment term. Additionally, SWBT proposed to remove the current charges for calculation of shortfall and early termination charges and replace those with a lower charge. Transmittal No. 3428 was scheduled to become effective on July 16, 2016.

The aforementioned Order DA 16-805 advances the currently scheduled effective date for this tariff revision, filed under Transmittal No. 3428, to July 15, 2016, and then suspends it for one date until July 16, 2016. For this purpose, Order DA 16-805 waives the following sections of the Commission's Rules, 47 C.F.R. §§ 61.58, 61.59 and 61.86. Listed are the affected tariff pages:

ACCESS SERVICE

This filing is made pursuant to the Wireline Competition Bureau (Bureau) *Order DA-16-1339A1* to terminate the investigation initiated on July 15, 2016, regarding the tariff revisions filed on July 1, 2016, by Southwestern Bell Telephone Company (SWBT), under Transmittal No. 3428.

On July 15, 2016, the Bureau suspended the tariff revisions and initiated an Investigation by its *Order DA 16-805 (Suspension Order)*. In response to that *Suspension Order*, SWBT filed its Supplement 66 under Transmittal No. 3430 to advance the effective date of Transmittal No. 3428 to July 15, 2016, and then suspend it for one day until July 16, 2016.

Based on the additional compliance filing by SWBT filed under Transmittal 3432, that became effective on August 30, 2016, the Bureau concluded that the issues raised in the *July 15 Suspension Order* have been resolved.
