20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations

This section contains the specific regulations governing the rates and charges which may apply to MegaLink Custom Service.

The rates and charges in effect at the time the MegaLink Custom Service is installed and accepted by the customer are the rates and charges which will be billed to the customer requesting the service. The rates and charges in effect at that time may not be the same as those rates and charges in effect at the time the customer requests the service.

If the Telephone Company initiates rate changes resulting in a decrease of rates for an existing service with a 1, 3, 5 or 10 year⁽¹⁾ billing period, those rate changes will be passed along to the customer. Rate changes resulting in an increase of rates for an existing service with a 1, 3, 5 or 10 year⁽¹⁾ billing period will not exceed the original rate for that selected bill period. Rate changes may occur as a result of F.C.C. action. (N)

Rates and charges (both monthly and nonrecurring) for Kansas MegaLink Custom Services (identified as Nonzoned) will be applied as contained in 20.5. Rates and charges for Arkansas, Missouri, Oklahoma and Texas will be applied based on Pricing Zones as contained in 20.5. The Pricing Zone for each serving wire center is as specified in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4. Additionally, if the Channel Mileage crosses Pricing Zones (e.g., serving wire center 1 is in Pricing Zone 1 and serving wire center 2 is in Pricing Zone 2), the higher priced mileage rate will be applied to the entire channel mileage. (N)

MegaLink Custom Services offer Portability for any existing term priced service provided each of the following conditions are met:

- (a) Service to be moved is either a 5 year or 10 year⁽¹⁾ Billing Period. (N)
- (b) Customer must begin a new Billing Period (5 years or greater)⁽¹⁾ for the service to be moved and the monthly revenue must be equal to or greater than that of the service in original location. (N)
- (c) New service location is within the same state (i.e. Arkansas, Kansas, Missouri, Oklahoma or Texas) as the original service.
- (d) Facilities and equipment are available in the desired new location.

Charges to MegaLink Custom portability are set forth in 20.4.2(G).

⁽¹⁾ Effective October 25, 2014, MegaLink Custom Services 10 year term plans are no longer available for new circuits. There is no change for existing circuits. (N)

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.4 Billing Period

- (A) The billing period establishes the amount of time that rates for a service are stabilized by the Telephone Company.

The following billing periods are available for MegaLink Custom Services and associated optional features, BSEs and functions:

Monthly (Temp-DS3)
Month to Month*
Monthly Extension
1 year
3 year
5 year
10 year⁽¹⁾

(N)

One month prior to the expiration of the billing period, with the exception of Temp-DS3, the customer must select one of the following options:

- (1) Renew the service for a specified period of time as provided in this tariff under the regulations, nonvintage rates in effect at the time of expiration of the existing service.
- (2) Elect to be converted to monthly extension rates.
- (3) Elect to disconnect the service upon expiration of the billing period.

If a customer selects neither (1) nor (3) preceding, the current regulations, non-vintage rates and charges for the Month to Month rate option will be applied upon expiration of the billing period.*

If the customer does not choose one of the preceding options prior to the expiration date of the commitment period, monthly extension rates will be applied upon expiration of the commitment period.

Option (1) as described preceding is available to customers if the term plans remain in effect and are not grandfathered. If the term plans are grandfathered and the service expires, absent customer notification, the customers expired service will be converted to monthly extension rates upon expiration.

The customer must provide the Telephone Company with a written notice of intent to extend the DS3 billing period no later than one month prior to the expiration of the service period.

The customer's existing service will not be subject to the 1 year minimum service period after reverting to the monthly extension rate option.

Nonrecurring charges are not applicable for services renewed, as long as the same number of DS3s are renewed. Any change in the number of DS3s will incur the appropriate nonrecurring charges.

For Temp-DS3 the minimum billing period is one (1) month and the maximum billing period is eleven (11) months.

* This option will no longer be available for new circuits provisioned on or after, November 21, 2003. There will be no change to existing circuits.

⁽¹⁾ Effective October 25, 2014, MegaLink Custom Services 10 year term plans are no longer available for new circuits. There is no change for existing circuits.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.6 Termination Charges

In the event service is terminated prior to the expiration of the minimum service period, charges, as specified in Section 20.4.5 (Minimum Service Periods), will apply. Termination charges do not apply to Temp-DS3 service. In the event service is terminated after the minimum service period and prior to the end of the billing period, a termination charge utilizing the following termination percentage will apply:

<u>Billing Period</u>	<u>Termination Percentage</u>	
1, 3, 5 or 10 year ⁽¹⁾	20%	(N)

The termination charge is based on the volume option selected by the customer.

The termination charge is calculated as follows:

monthly rate x $\frac{\text{months remaining}}{\text{in billing period}}$ x termination percentage

Example: A customer with a \$5,000 monthly rate terminates service with 10 months remaining in a 3 year billing period. The termination charge would be calculated as follows:

$$\$5,000 \times 10 \times .20 = \$10,000$$

The termination charge would be: \$10,000

If Special Construction applied for the service being terminated, an associated Termination Charge, as set forth in F.C.C. No. 69, Section 2.6.4 (Types of Liabilities and Charges), may apply.

When a MegaLink Custom service, which is billed under the Shared Use provision is terminated, the termination liability will be based on the full charges as listed in Section 20.5 herein, as opposed to the Shared Use billed amount.

⁽¹⁾ Effective October 25, 2014, MegaLink Custom Services 10 year term plans are no longer available (N) for new circuits. There is no change for existing circuits. (N)
