## SPECIAL CONSTRUCTION

2. Regulations (Cont'd)2.6 Liabilities and Charges for Special Construction (Cont'd)2.6.4 Types of Liabilities and Charges (Cont'd)(B) Nonrecurring Charge (Cont'd)(4) Replacement Charge (Cont'd)<sup>(1)</sup>

the total replacement cost as the initial optional payment charge was to the installed cost of the original specially constructed facilities. If any portion of the facilities subject to the replacement charge fails, service will not be restored until notification is provided in writing that replacement is required and such replacement is ordered.

(5) Rearrangement Charge

If the Telephone Company is requested to rearrange existing specially constructed facilities, a nonrecurring charge equal to the cost of any additional special construction will apply.

(6) Special Construction of Facilities for Use for less than One Month

When the Telephone Company is requested to construct facilities to provide service for less than one month, a nonrecurring charge only applies. In addition to the case preparation charge component, this nonrecurring charge recovers all elements of cost, including engineering, shipping of equipment, equipment installation, line-up, equipment leasing, space rental, equipment removal, and any other costs associated with the construction of the facilities.

(7) Upfront Payment

Where the Telephone Company is requested to provide special construction, an upfront payment equal to the additional non-recoverable cost will apply. This (C) upfront payment must be paid prior to the start of construction. These non-recoverable costs will exclude those non-recoverable costs that the Telephone Company would recover through recurring and nonrecurring charges for the associated basic service.

(1) This charge is applicable to special construction cases filed prior to August 2, 1994.
