7.3.6 Video Service(A) Basic Channel Description(1) Broadcast Video (TV1)⁽²⁾

(N)

A Broadcast Video service provides a video channel with one-way point to point or multipoint transmission capability for a standard 525 line/60 field monochrome, or National Television Systems Committee (NTSC) color video signal with zero to four associated audio signals. Video signals with one to four 20 kilohertz (kHz) audio signals are non-diplexed⁽¹⁾ at a video channel bandwidth of 30 Hz to 4.2 MHz.

The provision of the associated audio signal(s) is a function of the channel interface selected by the customer. The audio signal(s) can support any bandwidth up to 20 kHz that the customer requires.

Broadcast Video channels are provided between customer designated premises or between a customer designated premise and a Telephone Company Hub using a single fiber facility.

Broadcast Video Services are provided where facilities are available. Where facilities are not available, Special Construction may apply.

TV1 customers may upgrade to 270 Mbps or higher video services without incurring termination liability charges, subject to the following conditions:

(1) The customer must issue a disconnect order for the existing TV1 service and place a service order for the new higher speed video service at the same locations such that there is no more than 60 days overlap between the two services.

(2) The same locations must be utilized for the new higher-speed video service.

(3) The customer must subscribe to a new TPP term that is greater than or equal to the remaining months in the existing term for the lower speed service.

(4) The existing TV1 service must have been in service for a minimum period of 15 months for a 3-year term, or 18 months for a 5-year term.

(5) Nonrecurring charges will apply where applicable.

(1) Non-diplexed means video and audio signals are provided on separate transmission interfaces.

(2) Effective December 31, 2020, Broadcast Video (TV1) service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add, or change existing service arrangements will not be accepted.
