ACCESS SERVICE

2. General Regulations (Cont'd)2.1 Undertaking of the Telephone Company (Cont'd)2.1.4 Provision of Services

- (A) The Telephone Company will provide to the customer, upon reasonable notice, services offered in this tariff at the specified rates and charges, to the extent that such services are or can be made available with reasonable effort and after provisions have been made for the Telephone Company's Telephone Exchange Service.

Not all services described in this tariff are available from every wire center. The services available from each specific wire center are listed in the National Exchange Carrier Association, Inc., Tariff F.C.C. No. 4.

In addition, the Telephone Company may discontinue certain Telephone Company services in geographic areas for which the Telephone Company has no customers subscribing to those services and has received no reasonable requests within the prior 30 days.

In the event that the customer's request cannot be fulfilled with existing facilities and equipment or the request is not consistent with the Telephone Company's filed tariffs and technical references contained therein, alternative designs may be provided by the Telephone Company. Additionally, the Telephone Company will work with the customer to reach an agreeable solution.

Effective December 20, 2025, High Capacity DS1 and MegaLink Custom Services will no longer be available for purchase by new or existing customers. This action does not apply to Local Interconnections, Tandem Switched Access, SS7, or E911 selective router terminations. Requests for renewals, moves, adds, or changes to existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly rates until Service is discontinued. For the avoidance of doubt, this action does not supersede any prior grandfathering or discontinuance of these Services in specific wire centers.

ACCESS SERVICE

2. General Regulations (Cont'd)2.1 Undertaking of the Telephone Company (Cont'd)2.1.4 Provision of Services (Cont'd)

- (B) The services provided under this tariff are provided over such routes and facilities as the Telephone Company may elect. Requests for special facilities or routing of access service will be provided in accordance with Southwestern Bell Tariff F.C.C. No. 2 or Section 27 (Diversity), as appropriate. (M) (Z)
- (C) The services in this tariff (not including Expanded Interconnection, as set forth in Section 25) will be provided as follows:
- (1) The service will include any entrance cable or drop wiring and wiring or as set forth in Part 68 of the F.C.C.'s Rules and Regulations.
 - (2) The service will be installed by the Telephone Company to such point of termination. Access Service is provided with only one Point of Termination per customer request, the Telephone Company will provide additional Points of Termination at an additional charge. The charge for additional points of termination will include the cost of additional materials and labor. The labor rates, as set forth in 13.4.2(C) (Charges for Additional labor), will apply. (M)
- (D) Moves involving the point of termination at the customer's premises for Access Services offered under this tariff are discussed in the appropriate section of this tariff.
- (E) Standard Jacks, discussed in 13.3.5 (Standard Jacks), are used where appropriate to terminate services. Jacks other than those used to terminate services may be provided by the Telephone Company as specified in the General Exchange Tariff.
- (F) Except as provided for equipment and systems subject to F.C.C. Part 68 Regulation at 47 C.F.R. Section 68.110(b), the Telephone Company may, where such action is reasonably required in the operation of its business:
- (1) Substitute, change or rearrange any facilities used in providing service under this tariff, including but not limited to:
 - substitution of different metallic facilities,
 - substitution of carrier or derived facilities for metallic facilities used to provide other than metallic facilities, and
 - substitution of metallic facilities for carrier or derived facilities used to provide other than metallic facilities;
 - (2) Change minimum network protection criteria;
 - (3) Change operating or maintenance characteristics of facilities; or
 - (4) Change operations or procedures of the Telephone Company.

Material on this page 2-15 previously appeared on page 2-14. (N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.2 Access Order (Cont'd)5.2.3.1 Negotiated Interval

The Telephone Company will negotiate a service date interval with the customer when:

- (A) There is no standard interval for the service, or
- (B) The quantity of Access Services ordered exceeds the quantities specified in Section 5.3.2(C) (1), or
- (C) The customer requests a service date beyond the applicable standard interval service date.

Standard Intervals		
Analog/Voice Grade/DS0	10 days	
DS1 ⁽⁴⁾ /Megalink Data (128, 256, 384, 512, 768 kbps) ⁽³⁾	5 days	(N)
DS3 ⁽⁴⁾	7 days ⁽¹⁾	(N)
(2)		

The Telephone Company will offer a service date based on the type and quantity of Access Services the customer has requested. The negotiated interval may not exceed by more than six months the standard interval service date, or, when there is no standard interval, the Telephone Company offered service date.

⁽¹⁾ Interval only applies where facilities and equipment exist. When facilities and equipment do not exist the interval is dependent upon the complete installation of new facilities and equipment.

⁽²⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

⁽³⁾ Effective October 27, 2016, MegaLink Data Service 128.0, 256.0, 384.0, 512.0 and 768.0 Kbps channels are limited to existing Customers for existing service arrangements; no new or additional term commitments of any kind, including any otherwise available renewals, will be available; and no move, add, or change orders will be accepted.

⁽⁴⁾ See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges

The customer may request a modification of its access order at any time prior to the service date or notification by the Telephone Company that service is available for the customer's use, whichever is later. The Telephone Company will make every effort to accommodate a requested modification when it is able to do so during normal business hours with the normal work force assigned to complete such an order. If the modification cannot be made with the normal work force during normal business hours, the Telephone Company will notify the customer. If the customer still desires the access order modification, the Telephone Company will schedule a new service date. All charges for access order modifications will apply on a per occurrence basis.

The following will be treated as a new access order (for the increased amount only) when any increase occurs in the number of:

- Special Access Service channels;
- MegaLink Custom⁽²⁾ Service channels; (N)
- Switched Access Service lines, trunks, DNAL channels, Switched Transport channels or Directory Transport channels;
- MicroLink II Service Access Terminations;⁽¹⁾
- STN additional DTLs or Access Nodes;
- CCS/SS7 STP port terminations;
- LIDB OPCs; or
- Expanded Interconnection entrance cables, basic arrangements, conversion arrangements, arrays, termination cards, interconnection cross connects and switched transport connections; or
- ReliaNet MACs or ACs.

For STN or ReliaNet service, an increase in DTL or SONET Volume Option (SVO), respectively, will be treated as a new access order and the pending access order will be cancelled as specified in 5.3.3.1.

(1) As of October 6, 2004, MicroLink II service utilizing the X.75 protocol is obsolete and limited to existing installations, at existing locations, for existing customers.

(2) See Section 2.1.4(A) for service availability. (N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(A) Design Change Charge (Cont'd)

Design changes do not include a change of customer premises, end user premises, end office switch, feature group type or basic serving arrangement, Switched Transport or Directory Transport channel type, Special Access or MegaLink Custom Service⁽²⁾ channel type, or type of MicroLink II Service access terminations⁽¹⁾. Changes of this nature will require the issuance of a new access order and the cancellation of the original access order with appropriate Cancellation Charges applied.

(N)

The Telephone Company will review the requested change and notify the customer whether the change is a design change, if it can be accommodated and if a new service date is required. If a change of service date is required, the Service Date Change Charge described in (B) following will also apply.

The Design Change Charge will apply on a per access order per occurrence basis, for each access order requiring a design change. Design Change Charges are specified in 5.4 (Rates and Charges).

Credit for Missed Installation on Confirmed Due Date as described in 2.5.5 (Missed Installation on Confirmed Due Date) does not apply to Design Change Charge.

(B) Service Date Change Charge/Dispatch Charge

A Customer may request a change in the access order service date for the installation of new services or rearrangements of existing services provided the new service date is no more than 30 calendar days beyond the original service date. When such a request is made, the Telephone Company will accordingly change the start of service and a Service Date Change Charge will apply. The application date will not change as a result of a service date change.

If a design change has been requested as described in Section 5.3.2(A), preceding, and the engineering review cannot be completed within the 30 calendar day timeframe, the new service date may exceed the original service date by more than 30 calendar days. If a service date change is necessary to accommodate a customer requested design change, both the Service Date Change Charge and the Design Change Charge apply.

(1) As of October 6, 2004, MicroLink II service utilizing the X.75 protocol is obsolete and limited to existing installations, at existing locations, for existing customers.

(2) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(B) Service Date Change Charge/Dispatch Charge (Cont'd)

- (1) For services other than Megalink Data, High Capacity DS1⁽¹⁾ and MegaLink Custom⁽¹⁾ special access services: (N)

If a Customer does not accept Access Service within 30 calendar days after the original service date, the order will be cancelled. Appropriate cancellation charges will be applied as set forth in Section 5.3.3(B). The Customer must issue a new order specifying the desired service date if Access Service is still required.

- (2) For Megalink Data, High Capacity DS1⁽¹⁾ and MegaLink Custom⁽¹⁾ special access services: (N)

If a Customer does not accept Access Service within 30 calendar days after the original service date, the Customer will, at its option:

- (a) Cancel its Access Order, in which case Section 5.3.3(B) shall apply; or
- (b) Accept billing within 30 calendar days after the original service date, in which case billing will begin; or
- (c) Neither cancel the Access Order nor accept service, in which case the following will apply. If the Customer neither cancels the Access Order nor accepts service, all applicable service charges shall begin to accrue on the 31st calendar day after the original service date (the Effective Billing Date). If the Customer accepts service within 90 calendar days after the original service date, the Telephone Company will commence billing upon the Customer's acceptance of service and such billing will apply as of the Effective Billing Date. If the Customer fails to accept service within 90 calendar days after the original service date, the Telephone Company will cancel the relevant Access Order(s) and will bill the Customer for cancellation charges, as set forth in 5.3.3(B), following, plus all charges accrued between the Effective Billing Date and the date of cancellation using the rate associated with the shortest term available for the service being cancelled.

(1) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(B) Service Date Change Charge/Dispatch Charge (Cont'd)

(4) (Cont'd)

A Service Date Change Charge is applicable on a per order per occurrence basis for each service date changed. A Service Date Change Dispatch Charge will apply per occurrence when a technician is dispatched to the Customer's premises and the Customer is not ready for service. Service Date Change Charges and Service Date Change Dispatch Charges are specified in Section 5.4.

Credit for Missed Installation on Confirmed Due Date, as described in Section 2.5.5, does not apply to Service Date Change Charge.

(C) Expedite Charges

Analog (Metallic, Telegraph), DS0 (Megalink Data (2.4, 4.8, 9.6, 19.2, 56, 64 Kbps)), Entrance Facilities (Voice Grade, DS1, DS3), High Capacity DS1 (Megalink Data (128, 256, 384, 512, 768 Kbps))⁽²⁾ Access Services and MegaLink Custom Services^{(1) (3)}

(N)

If a Customer desires that service be provided on a due date earlier than the standard interval, the Customer may request that service be provided on an expedited service interval. To qualify for an expedited interval the Customer must provide End User premises access, where needed, until 11PM (CT), Monday-Friday.

When the Customer requests a 0-2 day expedite interval, on DS3, Analog (Metallic, Telegraph, Direct Analog), DS0 (Base Rate), DS1 128, 256, 384, 512, 768 Kbps, Entrance Facilities (Voice Grade, DS1, DS3) and DS1/DS3 Access Service, the request must be received by the Telephone Company by 8:30AM (CT), Monday-Friday. All 0-2 day expedite interval requests received after 8:30AM (CT) will reflect an application date of the next business day and the due date will also be changed to the next business day. Expedite charges will be determined by the interval between the application date and the expedite due date. APP day 0 does not begin until SBC verifies facilities or determines facilities are not in place.

If, upon reviewing availability of equipment, facilities and scheduled workload, the Telephone Company agrees to provide service on an expedited basis and the Customer accepts this proposal, an Expedite Order Charge (in case of Analog, DS0, Voice Grade/DS1 Entrance Facilities and High Capacity DS1 Access Services) or Expedite Circuit Charge (in case of DS3 Entrance Facilities and MegaLink Custom Services) will apply.

⁽¹⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

⁽²⁾ Effective October 27, 2016, MegaLink Data Service 128.0, 256.0, 384.0, 512.0 and 768.0 Kbps channels are limited to existing Customers for existing service arrangements; no new or additional term commitments of any kind, including any otherwise available renewals, will be available; and no move, add, or change orders will be accepted.

⁽³⁾ See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(C) Expedite Charges (Cont'd)

- (1) Analog (Metallic, Telegraph), DS0 (Megalink Data (2.4, 4.8, 9.6, 19.2, 56, 64 Kbps)), Entrance Facilities (Voice Grade, DS1, DS3), High Capacity DS1 (Megalink Data (128, 256, 384, 512, 768 Kbps))⁽²⁾ Access Services, and Megalink Custom Services^{(1) (3)} (Cont'd)

(N)

The maximum number of circuits, which may be expedited, is limited to twelve (12) two-point or six (6) multi-point Analog/DS0 circuits at the same location; a limit of nine (9) DS1 circuits at the same location; a limit of four (4) DS1 (Megalink Data (128, 256, 384, 512, 768 Kbps)) circuits at the same location; and a limit of two (2) DS3 circuit at the same location. ⁽¹⁾ When the number of access circuits exceeds the maximum threshold the interval will be negotiated.

If the Telephone Company determines that service can be provided on an expedited basis, the following charges will apply based upon agreed upon expedited service interval. The Expedited Order Charge (in case of Analog, DS0, Voice Grade/DS1 Entrance Facilities and High Capacity DS1 Access Services) applies on a per order basis, regardless of the number of circuits on the order. The Expedited Circuit Charge (in case of DS3 Entrance Facilities, and Megalink Custom Services ⁽¹⁾) applies on a per circuit basis.

USOC	Analog/Voice Grade/DS0 Access Services

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(C) Expedite Charges (Cont'd)

- (1) Analog (Metallic, Telegraph), DS0 (Megalink Data (2.4, 4.8, 9.6, 19.2, 56, 64 Kbps)), Entrance Facilities (Voice Grade, DS1, DS3), High Capacity DS1 (Megalink Data (128, 256, 384, 512, 768 Kbps))⁽²⁾
Access Services, and MegaLink Custom Services^{(1) (3)} (N)

(c) If the Telephone Company is subsequently unable to meet an agreed upon expedited service date, no Expedite Order Charge or Expedite Circuit Charge will apply, unless the missed service date was caused by the customer.

(d) The Telephone Company will adhere to the expedite intervals as specified above, except during circumstances beyond its direct control (i.e., acts of God, governmental requirements, work stoppages and civil commotions).

- (2) For all Access Services, excluding Analog (Metallic, Telegraph), DS0 (Megalink Data (2.4, 4.8, 9.6, 19.2, 56, 64 Kbps), DovLink), Entrance Facilities (Voice Grade, DS1, DS3), High Capacity DS1 (Megalink Data (128, 256, 384, 512, 768 Kbps)) Access Services and MegaLink Custom Services^{(1) (3)} (N)

If the customer desires that service be provided on an earlier date than that which has been established for the access order or the provision of the Access Service, the customer may request that service be provided on an expedited basis. If the Telephone Company determines that service can be provided on the requested date and that additional labor costs or extraordinary costs are required to meet the requested service date, the customer will be notified and will be provided with an estimate of the additional charges involved. The total charge to the customer for the Additional Engineering may not exceed the estimated amount by more than 10%. If the customer instructs the Telephone Company to proceed, such additional charges will be determined and billed to the customer as follows:

To calculate the additional labor charges, the Telephone Company will, upon authorization from the customer to incur the additional labor charges, keep track of the additional labor hours used to meet the request of the customer and will bill the customer at the applicable additional labor charges as set forth in Section 13.4.

⁽¹⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

⁽²⁾ Effective October 27, 2016, MegaLink Data Service 128.0, 256.0, 384.0, 512.0 and 768.0 Kbps channels are limited to existing Customers for existing service arrangements; no new or additional term commitments of any kind, including any otherwise available renewals, will be available; and no move, add, or change orders will be accepted.

⁽³⁾ See Section 2.1.4(A) for service availability.

ACCESS SERVICE

5. Ordering for Access Service (Cont'd)5.3 Rate Regulations (Cont'd)5.3.2 Access Order Modification Charges (Cont'd)(C) Expedite Charges (Cont'd)

(2) For all Access Services, excluding Analog (Metallic, Telegraph), DS0 (Megalink Data), Entrance Facilities (Voice Grade, DS1, DS3), High Capacity DS1 Access Services and MegaLink Custom Services⁽²⁾⁽³⁾ (Cont'd)

(N)

(a) Extraordinary Costs: The special construction terms and conditions specified in Southwestern Bell Tariff F.C.C. No. 69 will be used by the Telephone Company to determine charges to recover the extraordinary costs which may be involved. Authorization to incur the costs and to bill the customer will be in accordance with the terms and conditions of Southwestern Bell Tariff F.C.C. No. 69.

(b) When the request for expediting occurs subsequent to the issuance of the access order, a Service Date Change Charge as specified in (B) preceding also applies.

(c) If the Telephone Company is subsequently unable to meet an agreed upon expedited service date, no Expedite Order Charge or Expedite Circuit Charge will apply, unless the missed service date was caused by the customer.

(d) The Telephone Company will adhere to customer requested expedites approved by the Telephone Company, except during circumstances beyond its direct control (i.e., acts of God, governmental requirements, work stoppages and civil commotions).

(D) Partial Cancellation Charge

Any decrease in the number of the following Access Services or Arrangements ordered will be treated as a partial cancellation and the charges described in 5.3.3, will apply.

- CCS/SS7 STP port terminations
- LIDB OPCs
- MicroLink II Service access terminations⁽¹⁾
- Switched Access Service lines, trunks, DNAL channels, Switched Transport channels or Directory Transport channels

⁽¹⁾ As of October 6, 2004, MicroLink II service utilizing the X.75 protocol is obsolete and limited to existing installations, at existing locations, for existing customers.

⁽²⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.1 Service Provisioning (Cont'd)7.1.2 Types of Channels

For the purpose of ordering, there are ten categories (channel types) of Special Access Service. These are as follows:

Metallic⁽¹⁾
Telegraph Grade⁽¹⁾
Voice Grade⁽¹⁾
Program Audio^{(2) (4)}
Video⁽³⁾

MegaLink Data⁽¹⁾
High Capacity⁽⁵⁾

(N)

Detailed descriptions of each of the channel types are provided in Section 7.3.

(1) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after November 1, 2020.

(3) Effective December 31, 2020, Broadcast Video (TV1) service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add, or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly rate until the service is discontinued. AT&T currently plans to discontinue this Service on or after December 31, 2021.

(4) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

(5) See Section 2.1.4(A) for service availability.

(N)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.1 Service Provisioning (Cont'd)7.1.4 Ordering Options and Provisions

Each channel type is identified as a type of Special Access Service. However, such identification is not intended to limit a customer's use of the channel nor to imply that the channel is limited to a particular use. For example, if a customer's equipment is capable of transmitting voice over a channel that is identified as a Metallic Service in this tariff, there is no restriction against doing so.

Customers can order a basic channel and select from a list of available transmission parameters and channel interfaces to meet specific communications requirements.

Additionally, the customer may specify optional features and BSEs for the individual channels derived from the facility to further tailor the channels to meet specific communications requirements. Descriptions of the optional features, BSEs and functions available are set forth in 7.3 (Service Descriptions, Rates and Charges).

The customer has the option of ordering Voice Grade⁽¹⁾ and High Capacity⁽⁵⁾ (analog or digital) facilities (i.e., Group, Supergroup, Mastergroup, DS1 and DS3) to a Telephone Company Facility Hub for multiplexing⁽⁴⁾ to individual channels of lower capacity or bandwidth (i.e., Telegraph⁽¹⁾, Voice⁽¹⁾, Program Audio^{(2) (3)}, etc.). (N)

(1) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after November 1, 2020.

(3) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

(4) This service has been de-tariffed pursuant to FCC Order No. 17- 43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.

(5) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.1 Service Provisioning (Cont'd)7.1.7 Acceptance Testing

Testing and test results, are available at the customer's request as follows:

(A) At no additional charge, the Telephone Company will cooperatively test the following parameters at the time of installation:

(1) For Voice Grade analog services (including WATS Access Lines)⁽¹⁾, acceptance test will include tests for loss, 3-tone slope, DC continuity, operational signaling, C-notched noise, and C-message noise when these parameters are applicable and specified in the order for service. Additionally, for Voice Grade services, a balance test will be made if the customer has ordered the Improved Return Loss or Improved Equal Level Echo Path Loss optional features.

(2) For other analog services (i.e., Metallic⁽¹⁾, Telegraph⁽¹⁾, Program Audio^{(2) (4)}, and Video⁽³⁾) acceptance tests will include tests for the parameters applicable to the service as specified by the customer in the order for service.

(3) For digital services, acceptance tests will include tests applicable to the service as specified in the appropriate Technical References for MegaLink Data⁽¹⁾ and High Capacity⁽⁵⁾ services.

(N)

(1) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after November 1, 2020.

(3) Effective December 31, 2020, Broadcast Video (TV1) service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add, or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly rate until the service is discontinued. AT&T currently plans to discontinue this Service on or after December 31, 2021.

(4) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.1 Rate Elements (Cont'd)(D) Service to Service Through Connect Arrangement

The Service to Service Through Connect Arrangement rate element provides for an interconnection of like services in a Telephone Company Hub or serving wire center. The through connection is provided in conjunction with Voice Grade Analog⁽¹⁾, Program Audio^{(2) (3)}, MegaLink Data⁽¹⁾ and High Capacity⁽⁴⁾ services. The customer billed for the through connect arrangement will be responsible for all (N) billing associated with the interconnection.

(E) Collocation Transport

Collocation Transport provides for the transmission facilities between collocation arrangements located in Telephone Company Central Offices. There are two components of Collocation Transport.

(1) Inter/Intra Office Fixed

Inter/Intra office fixed rate element provides for the electronic equipment required to terminate a channel between two collocation arrangements located either in the same central office (intra) or in two separate central offices (inter).

When the Intra Office Fixed channel is ordered between two collocation arrangements that are for the same collocator, it will be provisioned as a temporary arrangement and will be in service until the collocator's own facilities are installed. There is no additional charge to disconnect these temporary facilities.

(2) Inter Office Per Mile

The Per Mile charge provides for the electronic equipment and facilities necessary to provide the interoffice transport between two collocation arrangements.

- (1) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.
- (2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after November 1, 2020.
- (3) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).
- (4) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.4 Nonrecurring Charges* (Cont'd)(B) Installation of Optional Features, BSEs and Functions

Nonrecurring charges apply for the installation of some of the optional features, BSEs and functions available with Special Access Service. The charge applies whether the feature, BSE or function is installed coincident with the initial installation of service or at any time subsequent to the installation of the service.

The optional features for which nonrecurring charges apply are:

- Voice Grade⁽¹⁾ Data Capability
- Program Audio^{(2) (3)} Gain Conditioning
- Program Audio^{(2) (3)} Stereo
- MegaLink Data⁽¹⁾ Loop Transfer Arrangement
- MegaLink Data⁽¹⁾ Secondary Channel
- High Capacity⁽⁴⁾ Transfer Arrangement (N)
- High Capacity⁽⁴⁾ Clear Channel Capability
- High Capacity⁽⁴⁾ SecureNet Hub Redundancy
- High Capacity⁽⁴⁾ SecureNet Serving Wire Center and Facility Redundancy (N)

(N) Installation of Service to Service Through Connect Arrangements

Nonrecurring charges apply for the work activity necessary to provide the intraoffice connection between dedicated, like services. The through connection is provided in conjunction with Voice Grade Analog⁽¹⁾, Program Audio^{(2) (3)}, MegaLink Data⁽¹⁾, and High Capacity⁽⁴⁾ two-point services. (N)

* For Services ordered under MVP, refer to Section 38.3(E) (5).

- (1) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.
- (2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.5 Surcharge for Special Access Service(A) General Description

The Special Access Surcharge, with the exception of part-time or occasional Video⁽¹⁾ and Program Audio Services⁽²⁾, applies to all jurisdictionally interstate special access facilities ordered from the Special Access, MegaLink Custom⁽³⁾ Services, Self-healing Transport Network and Synchronous Broadband Network Services (SBNS) sections of the Access Service Tariff unless exempted as specified in (B) following. (N)

All such facilities terminated at an end user's PBX or other device that connect the special access facility with local exchange lines or trunks, irrespective of whether the interconnection capability exists in the customer's premises equipment or in a Centrex CO type switch are subject to the surcharge.

(B) Exemption Certification

(1) The special access facility will be exempted from the monthly surcharge if the customer provides the Telephone Company written certification or an Access Service Request (ASR) indicating that the interstate special access facility termination is one of the following:

(a) An open-end termination in a Telephone Company switch of an FX line, including CCSA and CCSA-equivalent ONALs; or

(b) An analog non-competitive end user channel termination that is used for full-time radio or television program transmission; or

(1) Effective December 31, 2020, Broadcast Video (TV1) service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add, or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly rate until the service is discontinued. AT&T currently plans to discontinue this Service on or after December 31, 2021.

(2) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

(3) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.18 Service to Service Through Connect Arrangements

The Service to Service Through Connect Arrangement rate element provides for an interconnection of like services in a Telephone Company Hub or serving wire center. This arrangement is an intraoffice connection that is provisioned in lieu of a non-competitive end user channel termination to a customer designated premises. The through connection is provided in conjunction with Voice Grade Analog, Program Audio⁽¹⁾, MegaLink Data and High Capacity⁽³⁾ services.

(N)

The customer billed for the through connect arrangement will be responsible for all billing associated with the interconnection.

The following diagram depicts a Service to Service Through Connect Arrangement in which Voice Grade Services, extended from DS1 multiplexed services⁽²⁾, utilize a through connect arrangement in a Telephone Company Hub. Additional channel mileage⁽²⁾ was required to coterminate the services. The applicable rate elements are:

- 1.544 Mbps Non-Competitive End User Channel Terminations (2 applicable)*
- DS1⁽³⁾ to Voice Multiplexers⁽²⁾ (2 applicable)*
- Voice Grade Channel Mileage⁽²⁾
- Multiplexer to Multiplexer⁽²⁾ Service to Service Thru Connect Arrangement

(N)

CT - Channel Termination
CM - Channel Mileage
MUX - Multiplexer
- Service to Service through Connect Arrangement

* Service already established.

(1) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

(2) These services have been de-tariffed pursuant to FCC Order No. 17-43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.

(3) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.19 Optional Payment Plan (Cont'd)(B) Services Available Under Optional Payment Plan

A customer may elect to participate in an OPP for the following services and rate elements as described in 7.3 (Service Descriptions, Rates and Charges):

- (1) Four-Wire Voice Grade Service ⁽⁴⁾
 - Non-Competitive End User Channel Termination
 -
 - Optional Features, Basic Service Elements (BSEs) and Functions
- (2) MegaLink Data Service (All Speeds) ⁽⁴⁾
 - Non-Competitive End User Channel Termination
 -
 - Optional Features, BSEs and Functions
- (3) High Capacity Service (1.544 Mbps) ^{(1) (2) (3) (5)} (N)
 - Non-Competitive End User Channel Termination
 -
 - Optional Features, BSEs and Functions

⁽¹⁾ Effective May 17, 2003, High Capacity Service (1.544 Mbps) Optional Pricing Plan (OPP) service will no longer be available to new customers. There will be no change to existing customers.

⁽²⁾ At the expiration of the grandfathered DS1 High Capacity Service OPP term, the customer may choose a new DS1 Term Payment Plan with the prices in effect at that time. If the customer elects not to establish a new DS1 TPP, or does not renew the existing OPP as stipulated in 7.2.19(E), the service will be billed the tariffed month-to-month rates in effect at the time the grandfathered DS1 High Capacity Service OPP term expires.

⁽³⁾ Existing DS1 High Capacity Service OPP terms may be converted to a new DS1 Term Payment Plan. If the expiration date for the new DS1 Term Payment Plan is beyond the expiration of the original DS1 High Capacity Service OPP term, the remaining charges and any nonrecurring termination charges for the original DS1 High Capacity Service OPP term will not apply. Access Order charges associated with conversion to new DS1 TPPs will be waived. Refer to DS1 Term Payment Plan in section 7.2.22 following for all DS1 TPP terms and conditions.

⁽⁴⁾ Effective on September 13, 2017, Optional Payment Plans are no longer available for Four-Wire Voice Grade Service and MegaLink Data Service, including for any otherwise available renewals, extensions or conversions. Circuits already subject to a Four-Wire Voice Grade Service or MegaLink Data Service Optional Payment Plan, as of September 13, 2017, will continue to be provided under the then-current Optional Payment Plan term for the remainder of that term.

⁽⁵⁾ See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan (DS1 TPP) ⁽⁵⁾

(N)

(A) General Description

The DS1 Term Payment Plan (DS1 TPP) is a term plan that allows a customer to purchase DS1 High Capacity Service over a 3 year period.^{(1) (2) (3)} During the term of the selected DS1 TPP, Telephone Company initiated recurring rate changes (increases or decreases) will automatically be applied to the monthly payments for the remaining months of the current DS1 TPP term. The monthly recurring rate during the DS1 TPP term will never exceed the initial DS1 TPP rate. The DS1 TPP rates can be found in Section 7.3.10 (F) (10.4).

The DS1 TPP cannot be combined with other discounts, or pricing flexibility contracts, unless explicitly stated in the respective tariff terms and conditions.

The following recurring rate elements are included in the DS1 TPP and are described in Section 7.3 (Service Descriptions):

- DS1 High Capacity Service Non-Competitive End User Channel Termination
-
-
- DS1 High Capacity Service Collocation Transport (Fixed and Per Mile⁽⁴⁾)

- (1) Effective on September 13, 2017, DS1 TPP 5- and 7-year Payment Plans are no longer available, including for any otherwise available conversions. Circuits already subject to a DS1 TPP 5- or 7-year Payment Plan, as of September 13, 2017, will continue to be provided under the then-current DS1 TPP 5- or 7-year Payment Plan term for the remainder of that term.
- (2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (3) Effective January 17, 2024, DS1 Term Payment Plan 1-year and MegaLink Custom 1-year Payment Plans (collectively, Term Plan Services) are no longer available, including conversions. Existing Term Plan Services on January 17, 2024, will continue to be provided for the remainder of the then-current terms.
- (4) This service has been de-tariffed pursuant to FCC Order No. 17- 43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.
- (5) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽⁴⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment⁽²⁾

DS1 High Capacity Service Portability Commitment (Portability Commitment)⁽²⁾ provides a Customer the ability to establish a volume commitment in the form of DS1 Channel Terminations and receive a waiver on DS1 TPP Termination Liability, as described in 7.2.22 (G), during the life of the Portability Commitment⁽²⁾. The Portability Commitment⁽²⁾ will consist of a Commitment Level (CL), as described below, and will have a term of three years. The Portability Commitment⁽²⁾ does not otherwise affect the rates, terms, or conditions of the Customer's DS1 TPP. Only Portability Commitments⁽²⁾ established prior to August 30, 2016, may be renewed. To renew, the Customer must notify the Telephone Company, in writing, with such notice directed to both the Customer's account manager and the access service center, and specifically identify the Customer's Commitment Level (as defined herein), prior to the expiration of the Customer's existing Portability Commitment⁽²⁾ term.

For a Portability Commitment⁽²⁾ under Section 7.2.22(E)(1), Customers may purchase DS1 service under DS1 TPP terms of 2, 3, 5, or 7 years⁽¹⁾⁽³⁾ and have the associated Channel Terminations count towards the CL. After establishing the CL, Customer may continue to purchase DS1 service on a month-to-month arrangement or under a DS1 TPP of 1, 2, 3, 5, or 7 years⁽¹⁾ without portability and have the associated Channel Terminations not count toward the Customer's portability CL.

For a Portability Commitment⁽²⁾ under Section 7.2.22(E)(2), Customers may purchase DS1 service under DS1 TPP terms of 1, 2, 3, 5, or 7 years⁽¹⁾ or on a month-to-month basis and have the associated Channel Terminations count towards the CL.

Access Order Charges and all installation charges will be billed as applicable.

(1) For Portability Commitments⁽²⁾ established prior to August 30, 2016, the terms and conditions associated with the Portability Commitment⁽²⁾ are as follows in this Section 7.2.22(E)(1):

- (a) Customer commits to a 3-Year Commitment Level (CL) that is reviewed on a monthly basis. The initial monthly CL is calculated by the Telephone Company and is the total of all DS1 Channel Terminations in-service for the month previous to the month in which the Customer notifies the Telephone Company, in writing, of the Customer's CL. The initial monthly CL will consist of all Channel Terminations including those on Month-to-Month terms and other term pricing plans. The effective date of the Portability Commitment⁽²⁾ will be the first day of the month immediately following the month in which the Portability Commitment⁽²⁾ is signed;
- (b) Customer must have a minimum of 40 Channel Terminations in-service each month and at least 80% of the CL under a 2, 3, 5, or 7 year DS1 TPP each month;
- (c) At the commencement of the Customer's Portability Commitment⁽²⁾ and upon any renewal of a Portability Commitment⁽²⁾, at least 80 percent of the Customer's CL must be purchased under a 2, 3, 5, or 7 year DS1 TPP; and

- (1) Effective on September 13, 2017, DS1 TPP 5- and 7-year Payment Plans are no longer available, including for any otherwise available conversions. Circuits already subject to a DS1 TPP 5- or 7-year Payment Plan, as of September 13, 2017, will continue to be provided under the then-current DS1 TPP 5 or 7-year Payment Plan term for the remainder of that term.
- (2) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.
- (3) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (4) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽³⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment^{(1) (2)} (Cont'd)

(1) (Cont'd)

(d) Each month, the total number of 2 or 3 year DS1 TPP Non-Competitive End User Channel Terminations for the previous month will be calculated and measured against the corresponding monthly CL;

(i) If the total number of Non-Competitive End User Channel Terminations, as calculated above, is 80% - 124% of the CL, no other charges will apply for the previous month.

(ii) If the total number of Non-Competitive End User Channel Terminations, as calculated above, is less than 80% of the CL, charges will be assessed as follows:

Customer will be billed the difference between 80% of the CL and the actual number of in-service Non-Competitive End User Channel Terminations.

EXAMPLE #1: Customer A has a CL = 1,000 Non-Competitive End User Channel Terminations for the month of June. Customer A must have at least 800 DS1 Non-Competitive End User Channel Terminations in-service to meet the 80% target. In July, the monthly review calculated 795 DS1 Non-Competitive End User Channel Terminations in-service for the month of June. The difference between 80% of the CL (800) and the actual in-service total (795) is 5 Non-Competitive End User Channel Terminations. Therefore, the Customer will be billed an amount equal to 5 Non-Competitive End User Channel Terminations multiplied by the lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate, as set forth in Section 7.3.10(F) (10.4). For subsequent months, Customer A will continue to be billed an amount equal to the difference between 80% of the CL and the actual in-service number of Non-Competitive End User Channel Terminations that are below 80% of the CL (multiplied) by the lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate, as set forth in Section 7.3.10(F) (10.4), until 80% of the CL is met.

(1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.

(2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.

(3) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽³⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment^{(1) (2)} (Cont'd)

(1) (Cont'd)

(d) (Cont'd)

- (iii) If the total number of in-service Non-Competitive End User Channel Terminations, as calculated above, is more than 124% of the CL, the Customer will be billed an adjustment factor equal to the Nonrecurring Non-Competitive End User Channel Termination charge multiplied by the difference between the actual number of Non-Competitive End User Channel Terminations in-service and 124% of the CL.

EXAMPLE #2: Customer B has a CL of 500 Non-Competitive End User Channel Terminations. In month 5 of the commitment, Customer B has 650 Non-Competitive End User Channel Terminations in-service. Customer B has exceeded the CL by more than the 124% threshold (620). Customer B will be charged an adjustment factor equal to 30 Non-Competitive End User Channel Terminations (650-620) multiplied by the current Nonrecurring Non-Competitive End User Channel Termination rate. For subsequent months, Customer B will continue to be charged the Nonrecurring Non-Competitive End User Channel Termination rate multiplied by the difference between the actual number of Non-Competitive End User Channel Terminations in-service and 124% of the CL until Customer B no longer exceeds the CL by the 124% threshold.

- (iv) Customers may increase the CL at any time by providing written notification to Telephone Company. Credits for previously charged adjustments billed for exceeding the CL will not be provided when a Customer increases the CL. However, an adjustment factor will not be billed if notice to increase the CL is provided to the Telephone Company within the calendar month following a reported adjustment, and the CL increase is sufficient that the number of in-service rate elements does not exceed 124% of the new CL. For instance, in Example #2 above, if the Customer increases the CL from 500 to 525 before the end of month 6, the adjustment factor applicable to month 5 will not be billed because the actual in-service volume (650) is less than or equal to the new 124% threshold (651).

- (1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.
- (2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (3) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽³⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment^{(1) (2)}
(Cont'd)

(1) (Cont'd)

(d) (Cont'd)

(v) If the Customer elects to terminate the DS1 High Capacity Service Portability Commitment⁽¹⁾ or elects to decrease the CL prior to the 3-Year commitment, Termination Liabilities will apply. Termination Liability is calculated as the decreased number of Non-Competitive End User Channel Terminations multiplied by the lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate, as set forth in Section 7.3.10(F) (10.4), multiplied by the number of months remaining in the term of the Portability Commitment⁽¹⁾.

EXAMPLE #3: Customer C has a CL equal to 1,000 Non-Competitive End User Channel Terminations. In month 10 of the 36-month Portability Commitment⁽¹⁾, Customer C elects to decrease the CL by 50 Non-Competitive End User Channel Terminations. The Termination Liability associated with the decrease is equal to:

(50 Non-Competitive End User Channel Terminations) X
(26 months remaining) X (Lowest Available Price
Cap Zone 1 Non-Competitive End User Channel
Termination rate)

EXAMPLE #4: Customer D has a CL equal to 500 Non-Competitive End User Channel Terminations. In month 20 of the 36-month Portability Commitment⁽¹⁾, Customer D elects to terminate the entire Portability Commitment⁽¹⁾. The Termination Liability associated with the termination of the entire commitment is equal to:

(500 Non-Competitive End User Channel Terminations)
X (16 months remaining) X (Lowest Available Price
Cap Zone 1 Non-Competitive End User Channel
Termination rate)

- (1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.
- (2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽³⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment^{(1) (2)}
(Cont'd)

- (2) For Portability Commitments⁽¹⁾ established on or after August 30, 2016, the terms and conditions associated with the Portability Commitment⁽¹⁾ are as follows in this Section 7.2.22(E) (2):

- (a) Customer commits to a 3-Year Commitment Level (CL) that is reviewed on a monthly basis by the Telephone Company. To begin the process of establishing a Portability Commitment⁽¹⁾, Customer must request from the Telephone Company a list of DS1 circuits with Non-Competitive End User Channel Terminations for all of the ACNAs of Customer and any entities that are then affiliated companies of Customer. Customer must designate from the provided list which DS1 circuits with Non-Competitive End User Channel Terminations are to be included in, and which are to be excluded from, its Portability Commitment⁽¹⁾ and return the list with those designations to the Telephone Company. Failure to provide a designation for a listed circuit will be deemed to be a designation that such circuit is to be excluded from its Portability Commitment⁽¹⁾.

Only those DS1 circuits with Non-Competitive End User Channel Terminations that are designated as being included ("Designated DS1s") will be subject to the Portability Commitment⁽¹⁾.

The Customer's initial monthly CL is the total number of Non-Competitive End User Channel Termination associated with Designated DS1s.

The effective date of the Portability Commitment⁽¹⁾ will be the first day of the month immediately following the month in which the Portability Commitment⁽¹⁾ is signed.

- (b) Customer must commit a minimum of 100 DS1 circuits with Non-Competitive End User Channel Terminations to establish a Portability Commitment⁽¹⁾.
- (c) Customer, including all of its ACNAs and Affiliates, may be subject to only one Portability Commitment⁽¹⁾ for the operating territory of the Telephone Company. An "Affiliate," as that term is used in connection with the Portability Commitment⁽¹⁾, is a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of the prior sentence, "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent.
- (d) Designated DS1s that are disconnected during the term of the Portability Commitment⁽¹⁾ will not incur Termination Liability charges.

- (1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.
- (2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (3) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan⁽³⁾ (Cont'd)

(N)

(E) DS1 High Capacity Service Portability Commitment^{(1) (2)} (Cont'd)

(2) (Cont'd)

(e) Circuits which are not included in the Portability Commitment⁽¹⁾ by Customer in the initial designation, as described in Section 7.22(E) (2) (a), or ordered under the DS1 TPP on or after August 30, 2016 without being designated for the Portability Commitment⁽¹⁾, may not be added to the Portability Commitment⁽¹⁾ for the duration of the Portability Commitment⁽¹⁾ term.

(f) Customer may add additional DS1 circuits with Non-Competitive End User channel terminations to the Portability Commitment⁽¹⁾ during the term of the Portability Commitment⁽¹⁾ only when initially ordering such DS1 circuit. A DS1 circuit with a Non-Competitive End User Channel Termination that is so added, will be considered a Designated DS1.

(g) Any Designated DS1 with an expired term plan that is subject to month-to-month rates will continue to count toward Customer's CL.

(h) During the monthly review of Customer's Designated DS1s and its CL by the Telephone Company, it will be determined if Customer met, did not meet, or exceeded its CL on the last day of the month being reviewed.

If Customer did not meet its CL, Customer will be billed a charge for each Non-Competitive End User Channel Termination below its CL equal to the lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate, as set forth in Section 7.3.10(F) (10.4), on such last day of the month.

Example: Customer's CL is 100 Non-Competitive End User Channel Terminations. At the end of the month, Customer had 90 Non-Competitive End User Channel Terminations in service. Customer will be billed:

$(100 - 90) \times (\text{Lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate})$

If a Customer exceeds its CL by 115 percent or greater for three consecutive months, Customer's CL will be increased to ninety percent (90%) of the average number of Designated DS1s for those three months.

Example: Customer's CL is 100 Non-Competitive End User Channel Terminations. For three consecutive months during the Portability Commitment⁽¹⁾ term, the Customer's Non-Competitive End User Channel Termination volumes are 118, 120 and 122, for an average of 120. The Customer's new CL will be:

$((118+120+122)/(3)) \times (90\%) = 108$

(i) If Customer elects to decrease the CL prior to expiration of the 3-Year commitment, a buy-down charge will apply. The buy-down charge is calculated as the number by which the CL is decreased multiplied by the lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate, as set forth in Section 7.3.10(F) (10.4), on the date of the buy-down multiplied by the number of months remaining in the term of the Portability Commitment⁽¹⁾.

Example: Customer C has a CL equal to 1,000 Non-Competitive End User Channel Terminations. In month 10 of the 36-month Portability Commitment⁽¹⁾, Customer C elects to decrease the CL by 50 Non-Competitive End User Channel Terminations. The buy-down charge associated with the decrease is equal to:

$(50 \text{ Non-Competitive End User Channel Terminations}) \times (\text{Lowest available Price Cap Zone 1 Non-Competitive End User Channel Termination rate}) \times (26 \text{ months remaining}) = \text{Buy-down Charge}$

(1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.

(2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.

(3) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.22 DS1 Term Payment Plan^{(2) (3) (4)} (Cont'd)

(N)

(F) Applicable One-Time Charges(1) Access Order Charge

Access Order Charges will apply, as described in section 5.3.1, to all order activity. An Access Order charge will apply on any changes made to a plan (e.g., moving from a 3 year to a 7 year plan, on physical moves of DS1 High Capacity Services, and new installations) as applicable.

(2) DS1 Term Payment Plan Non-Recurring Charges

Nonrecurring Non-Competitive End User Channel Termination charges will apply per Non-Competitive End User Channel Termination or the nonrecurring Collocation Transport nonrecurring charge will apply on new installations of DS1 High Capacity Service on 1 year DS1 TPP term, and on all physical moves of DS1 High Capacity Services. Nonrecurring Non-Competitive End User Channel Termination charges and nonrecurring Collocation Transport charges will be waived on new installations with 2 or 3 year DS1 TPP terms. The Nonrecurring Non-Competitive End User Channel Termination Charge will also apply, applicable as stated in 7.2.22(E) previously, for Customers who have a DS1 High Capacity Service Portability Commitment⁽¹⁾.

(G) Termination Liability

Termination liability charges will apply in the following cases:

- (1) In the event service is terminated prior to the expiration of the minimum service period, charges, as specified in Section 5.3.4 (Minimum Period Requirements), will apply in addition to the termination liability charges identified in 7.2.22(G) (2) following.

- (2) In the event service is terminated prior to the end of the DS1 TPP term, a termination charge utilizing the following termination percentage will apply:

Termination Billing Period Percentage: 40%

The termination charge is calculated as follows:

(Monthly Recurring Rate) X (Months remaining in DS1 TPP term) X (Termination Billing Period Percentage)

Example: A Customer with a \$500 monthly rate terminates service with 10 months remaining in a 3 year DS1 TPP term. The termination liability charge would be calculated as follows:

$$(\$500) \times (10) \times (.40) = \$2000$$

(1) Effective on October 30, 2020, new DS1 High Capacity Service Portability Commitments will no longer be available for new or existing customers, and existing Portability Commitments may no longer be renewed.

(2) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.

(3) Effective January 17, 2024, DS1 Term Payment Plan 1-year and MegaLink Custom 1-year Payment Plans (collectively, Term Plan Services) are no longer available, including conversions. Existing Term Plan Services on January 17, 2024, will continue to be provided for the remainder of the then-current terms.

(4) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Service Descriptions, Rates and Charges

Non-Competitive End-User Channel Terminations (and associated optional features and functions) are the Special Access Services offered under this tariff. Other Special Access Services required to complete a circuit are available at www.att.com/guidebook.

7.3.1 General

The types of Special Access Service are:

Metallic⁽³⁾ (MT)
Telegraph Grade⁽³⁾ (TG)
Voice Grade⁽³⁾ (VG)
Program Audio^{(4) (6)} (AP)
Video⁽⁵⁾
MegaLink Data⁽³⁾ (DA)
High Capacity⁽⁷⁾ (HC)

(N)

Each of the channel types has its own characteristics. All are subdivided by one or more of the following:

- Transmission specifications
- Bandwidth
- Speed (i.e., bit rate)
- Spectrum.

(A) Descriptions

Each service consists of a basic channel to which the following services can be added as required to construct the service desired by the customer:

- Technical specifications packages (customized or predefined)
- Channel interface(s)
- Optional features, BSEs and functions.

(1) Until February 1, 2018, End User channel terminations and their optional features that had not qualified for Phase II, Level 2 pricing flexibility prior to June 1, 2017, will be rated at the price cap rate regardless of the status of the county in which the applicable wire center is located.

(2) Optional features for End User channel terminations includes all optional features in Section 7.3, except for the Loop Transfer Arrangement.

(3) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(4) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(5) Effective December 31, 2020, Broadcast Video (TV1) service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add, or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly rate until the service is discontinued. AT&T currently plans to discontinue this Service on or after December 31, 2021.

(6) Program Audio is discontinued and no longer available in this publication (see WC Dkt. 19-238).

(7) See Section 2.1.4(A) for service availability.

(C) Channel Interfaces

A matrix is provided in paragraph (C) of Sections 7.3.2 through 7.3.10 that indicates the channel interfaces which are compatible with each channel type.

Channel interfaces at each Point of Termination on a two-point or multipoint service may be symmetrical or asymmetrical. However, communications can only be provided between points of termination with compatible channel interfaces. Only certain channel interfaces are compatible. These may be found in the appropriate Technical Reference cited for each channel type.

(1) Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

(2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(3) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after November 1, 2020.

(4) Program Audio is discontinued and no longer available in this publication (see WC Dkt 19-238).

(5) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Service Descriptions, Rates and Charges (Cont'd)7.3.10 High Capacity Service⁽³⁾

(N)

(A) Basic Channel Description

A High Capacity channel is a channel for the transmission of nominal 64.0 kbps*⁽²⁾ or 1.544 Mbps, isochronous serial data. The actual bit rate and framing format is a function of the channel interface selected by the customer. High Capacity channels are provisioned (1) between customer designated premises, (2) between a customer designated premises and a Telephone Company Hub, (3) between Network Reconfiguration Service Hubs at 1.544 Mbps transmission, (4) between Transport Resource Management Service Hubs at 1.544 Mbps transmission, (5) between a Transport Resource Management Service Hub and a Telephone Company Hub at 1.544 Mbps transmission, (6) between a Network Reconfiguration Service Hub and a Transport Resource Management Service Hub at 1.544 Mbps transmission, or (7) between a Network Reconfiguration Service Hub and a Telephone Company Hub at 1.544 Mbps transmission.

Loop Redundancy⁽¹⁾, which provides automatic restoration of the 1.544 Mbps High Capacity Service Non-Competitive End User Channel Termination and physical route redundancy between the customer's premises and the customer's serving wire center in the event of a single loop failure, will be provided on High Capacity Non-Competitive End User Channel Terminations in those situations where the customer's premises and serving wire center are equipped with the necessary equipment and facilities. If the equipment and facilities are not available, the interval for loop redundancy will be within 2 years from the date of customer request or the agreed upon date if Special Construction applies.

It is the customer's responsibility to arrange for the Network Non-Competitive End User Channel Terminating Equipment associated with the High Capacity channel at the customer's premises. When a single High Capacity channel is ordered to be terminated at a customer's designated Interexchange Carrier's all digital POP which requires a minimum digital interface level of 44.736 Mbps, the Telephone Company will provide the required interface where facilities are available.

(1) As of the effective date of the tariff, by the end of 1997, all but 500 of the current High Capacity lines in SWBT territory will be served from wire centers providing Loop Redundancy (with basic DS1 service).

* Available only as a channel of a 1.544 Mbps facility between two Telephone Company MegaLink Data Hubs. The customer must provide system and channel assignment data.

(2) Effective November 20, 2019, this Service will no longer be available for purchase by new or existing customers, and service agreements may no longer be renewed. In addition, requests to move, add or change existing service arrangements will not be accepted. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable monthly extension rates until the service is discontinued. AT&T currently plans to discontinue this Service on or after June 30, 2024.

(3) See Section 2.1.4(A) for service availability.

20. MegaLink Custom Services⁽¹⁾

(N)

20.1 General Description

Non-Competitive End-User Channel Terminations (and associated optional features and functions) are the Special Access Services offered under this tariff. Other Special Access Services required to complete a circuit are available at www.att.com/guidebook.

MegaLink Custom Service is a special access service utilizing DS3 technology to provide dedicated high capacity transport between customer designated premises*, either directly or through a Telephone Company Hub where bridging, Transport Resource Management Service, or Network Reconfiguration Service functions are performed. (Transport Resource Management Service and Network Reconfiguration Service, as set forth in Section 18, work in conjunction with MegaLink Custom Service, allowing customers the ability to reconfigure their circuits.) The DS3 signal provides for the transmission of nominal 44.736 Mbps isochronous serial data. MegaLink Custom Services are provided (1) between two customer designated premises, (2) between a customer designated premises and a Telephone Company Hub Central Office, (3) between a Telephone Company Hub Central Office and a Transport Resource Management Service Hub, (4) between Transport Resource Management Service Hubs at 44.736 Mbps transmission, (5) between Network Reconfiguration Service Hubs at 44.736 Mbps transmission, (6) between a Network Reconfiguration Service Hub and a Transport Resource Management Service Hub at 44.736 Mbps transmission, (7) between a Network Reconfiguration Service Hub and a Telephone Company Hub at 44.736 Mbps transmission, or (8) between a Telephone Company Hub Central Office and a ReliaNet Node, for interconnection with High Capacity Services or other MegaLink Custom Services. MegaLink Custom Services may include Optional Features, BSEs and Functions.

MegaLink Custom Service offers the customer the option of requesting either an electrical or optical interface at their premises. The interface at a Telephone Company Hub Central Office is electrical.

Customers requesting electrical interface will receive an electrical signal with a transmission speed of 44.736 Mbps per channel. Compatible channel interfaces are set forth in Technical Reference Publication TR-INS-000342.

Rates and charges for MegaLink Custom Services are set forth in Section 20.5 following, with the exception of the services provided by the Telephone Company in the Metropolitan Statistical Areas (MSAs) in which the Telephone Company has received Phase II pricing flexibility pursuant to Subpart H of Part 69 of the Commission's Rules. The rates and charges for the Optical Carrier Network (OCN) Point-to-Point Service in the MSAs that have received Phase II pricing flexibility are set forth in Section 39.

*Telephone Company Centrex CO-like switches and Telephone Company Answering Service Concentrators are considered to be customer premises for purposes of administering regulations and rates contained in this tariff.

(1) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

20. MegaLink Custom Services⁽³⁾ (Cont'd)

(N)

20.1 General Description (Cont'd)

Customers requesting an optical interface will receive (an) optical signal(s) at the transmission speed(s) associated with the equivalent number of DS3s requested on the Access Order. The transmission speeds for optical interfaces are stated as approximate multiples of 44.736 Mbps.

Technical specifications for MegaLink Custom Services may be found in the following Technical Reference Publications:

Technical Reference PUB 76625
Technical Reference TR-INS-000342

It is the customer's responsibility to arrange for the Network Non-Competitive End User Channel Terminating Equipment associated with the high capacity channel at the customer's premises.

The four basic rate categories which apply to MegaLink Custom Service are Non-Competitive End User Channel Termination, Service to Service Through Connect Arrangements and Optional Features and Functions. Non-Competitive End User Channel Termination provides for the communications path between a customer designated premises and the serving wire center for that premises or for the communications path within a building which connects a customer's facilities with a customer designated premises without routing through the serving wire center. Interoffice Mileage⁽²⁾ provides for the transmission facilities between the serving wire centers associated with two customer designated premises, between a serving wire center and a Telephone Company Hub Central Office or, in the case of a Service Extension, between two Telephone Company Hub Central Offices. The Service to Service Through Connect Arrangement rate category provides for an interconnection of two MegaLink Custom Services or a MegaLink Custom Service and a DTL associated with STN Service in the same Telephone Company Hub Central Office. The Optional Features, BSEs and Functions rate category provides for optional features and functions which may be added to a MegaLink Custom Service to improve its quality or utility to meet specific communications requirements.

Loop Redundancy⁽¹⁾, which provides automatic restoration of the Megalink Custom Service Non-Competitive End User Channel Termination and physical route redundancy between the customer's premises and the customer's serving wire center in the event of a single loop failure, will be provided on Megalink Custom Non-Competitive End User Channel Terminations in those situations where the customer's premises and serving wire center are equipped with the necessary equipment and facilities. If the equipment and facilities are not available, the interval for loop redundancy will be within 2 years from the date of customer request or the agreed upon date if Special Construction applies.

- (1) As of the effective date of the tariff, by the end of 1997, all but 100 of the current MegaLink Custom lines in SWBT territory will be served from wire centers providing Loop Redundancy (with basic DS3 service).
- (2) This service has been de-tariffed pursuant to FCC Order No. 17- 43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.
- (3) See Section 2.1.4(A) for service availability.

(N)

20.1 General Description (Cont'd)Service to Service Through Connect Arrangement

The Service to Service Through Connect Arrangement provides for an interconnection of two MegaLink Custom Services, a MegaLink Custom Service and a Digital Transmission Link (DTL) associated with a Self-healing Transport Network (STN), or MegaLink Custom Service and ReliaNet DS3 Access Ports in the same Telephone Company Hub Central Office.

Example:

MegaLink Custom Service offers the customer Portability on existing services under certain provisions as set forth in Section 20.4 following. Portability is the ability to move MegaLink services to another location without incurring Termination Liabilities.

(1) See Section 2.1.4(A) for service availability.

(N)

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.2 Optional Feature, BSE and Function Descriptions

20.2.1

20.2.2 SecureNet

SecureNet options provide MegaLink Custom Service with automatic restoration capabilities which prevent service interruption in the event of a single facility break or a single electronics failure. SecureNet options are available only where fiber optic facilities are used to provide the underlying MegaLink Custom Service.

The automatic restoration capabilities are provided through the use of intelligent components which are capable of sensing a transmission failure and by separately routing the primary transmission path and secondary transmission path in geographically separate fiber optic cables. In the event of a transmission failure, the intelligent components will automatically switch the MegaLink Custom Service to either the primary or secondary path within 2.0 seconds.

The primary and secondary transmission paths for MegaLink Custom Service will be routed in geographically separate fiber optic cables up to the nearest point to the customer's premises that route redundancy can be achieved.

(1) See Section 2.1.4(A) for service availability.

(N)

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.2 Optional Feature, BSE and Function Descriptions (Cont'd)20.2.2 SecureNet (Cont'd)

In the event a facility break occurs in that portion of the service for which route redundancy could not be achieved, the Telephone Company cannot guarantee automatic restoration of the customer's service within 2.0 seconds and a credit as set forth for SecureNet in Section 2.5.5(B) (When A Credit Allowance Applies) will not apply.

SecureNet options are only available with MegaLink Custom Service, with electrical interfaces at the customer's premises. SecureNet options are available at those serving wire centers where equipment and facilities are available. Hub Redundancy and Serving Wire Center and Facility Redundancy will be provided in those serving wire centers found in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4. Technical specifications may be referenced in Technical Reference TP 76625 and in Technical Reference TR-INS-000342.

ACCESS SERVICE

20. MegaLink Custom Services⁽²⁾ (Cont'd)

(N)

20.2 Optional Feature, BSE and Function Descriptions (Cont'd)20.2.2 SecureNet (Cont'd)

SecureNet is provided with three options allowing for various levels of self-healing capabilities.

(A) Hub Redundancy

This option provides automatic restoration and physical route redundancy from the customer's premises to the customer's DS3/DS1 multiplexing⁽¹⁾ hub in the event of a single loop, wire center, interoffice facility or hub failure.

Hub Redundancy is only available for MegaLink Custom Service, with electrical interfaces at the customer's premises, provided from a customer's premises to a DS3/DS1 multiplexing⁽¹⁾ hub office. The MegaLink Custom Service must be equipped with a DS3 to DS1 Central Office Multiplexing⁽¹⁾ arrangement. The Hub Redundancy option includes the multiplexing⁽¹⁾ capabilities provisioned on the secondary transmission path at the redundant DS3/DS1 multiplexing⁽¹⁾ hub office. The serving wire center and multiplexing⁽¹⁾ hub may be collocated.

Hub Redundancy is available where more than one exchange telephone company is involved (i.e., jointly provided service) when those telephone companies have agreed upon facilities and terms and conditions of the jointly provided service.

(1) This service has been de-tariffed pursuant to FCC Order No. 17- 43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.

(2) See Section 2.1.4(A) for service availability.

20.2.5

(1) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd) (N)20.3 Service Provisioning20.3.1 Design Layout Report

At the request of the customer, the Telephone Company will provide to the customer the make-up of the facilities and services provided under this tariff as MegaLink Custom Service to aid the customer in designing its overall service. This information will be provided in the form of a Design Layout Report. The Design Layout Report will be provided to the customer at no charge, and will be reissued or updated whenever these facilities are materially changed.

20.3.2 Acceptance Testing

At no additional charge, the Telephone Company will, at the customer's request, cooperatively test at the time of installation, the parameters contained in Technical Reference TP 76625.

In addition to the above tests, Additional Cooperative Acceptance Testing, to test other parameters not defined in Technical Reference TP 76625, is available at the customer's request. Charges as defined in Section 13.3.7 (Special Access, MegaLink Custom Service and STN Rates and Charges) will apply. All test results will be made available to the customer upon request.

20.3.3 Diversity

A customer may request that the facilities used to provide MegaLink Custom (DS3) services be specially routed. The regulations, rates and charges for Diversity are set forth in Section 27.

(1) See Section 2.1.4(A) for service availability.

(N)

(This page filed under Transmittal No. 14)

ACCESS SERVICE

20. MegaLink Custom Services⁽⁷⁾ (Cont'd)

(N)

20.4 Rate Regulations

This section contains the specific regulations governing the rates and charges which may apply to MegaLink Custom Service.

The rates and charges in effect at the time the MegaLink Custom Service is installed and accepted by the customer are the rates and charges which will be billed to the customer requesting the service. The rates and charges in effect at that time may not be the same as those rates and charges in effect at the time the customer requests the service.

If the Telephone Company initiates rate changes resulting in a decrease of rates for an existing service with a 1 or 3 year⁽¹⁾⁽²⁾⁽⁵⁾⁽⁶⁾ billing period, those rate changes will be passed along to the customer. Rate changes resulting in an increase of rates for an existing service with a 1 or 3 year⁽¹⁾⁽²⁾⁽³⁾⁽⁶⁾ billing period will not exceed the original rate for that selected bill period. Rate changes may occur as a result of F.C.C. action.

Rates and charges (both monthly and nonrecurring) for Kansas MegaLink Custom Services (identified as Nonzoned) will be applied as contained in 20.5. Rates and charges for Arkansas, Missouri, Oklahoma and Texas will be applied based on Pricing Zones as contained in 20.5. The Pricing Zone for each serving wire center is as specified in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Effective November 1, 2017, Competitive Counties and Non-Competitive Counties have been established and are defined in Section 2.7 and the wire centers within such counties are listed in Sections 15.2(C) and (D).

For End User Local Distribution Channels and their applicable optional features,⁽²⁾ the application of "price cap" or "de-tariffed" is dependent upon whether or not the serving wire center is located in a Competitive County. If the End User Local Distribution Channel is in a Competitive County, these services have been de-tariffed pursuant to FCC Order No. 17-43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook. If the End User Local Distribution Channel is in a Non-Competitive County, price cap rates and charges apply, as provided in Section 39.5.2.

- (1) Effective October 25, 2014, MegaLink Custom Services 10-year term plans are no longer available for new circuits. There is no change for existing circuits.
- (2) Effective on September 13, 2017, MegaLink Custom Services 5-year Payment Plans are no longer available, including for any otherwise available renewals or conversions. Circuits already subject to a MegaLink Custom Services 5-year Payment Plan, as of September 13, 2017, will continue to be provided under the then-current MegaLink Custom Services 5-year Payment Plan term for the remainder of that term.
- (3) Until February 1, 2018, End User channel terminations and their optional features that had not qualified for Phase II, Level 2 pricing flexibility prior to June 1, 2017, will be rated at the price cap rate regardless of the status of the county in which the applicable wire center is located.
- (4) Optional features for End User channel terminations includes all optional features in Section 7.3, except for the Loop Transfer Arrangement, and all optional features in Section 20.5.
- (5) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and Megalink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (6) Effective January 17, 2024, DS1 Term Payment Plan 1-year and MegaLink Custom 1-year Payment Plans (collectively, Term Plan Services) are no longer available, including conversions. Existing Term Plan Services on January 17, 2024, will continue to be provided for the remainder of the then-current terms.
- (7) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽²⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)

MegaLink Custom Services offer Portability for any existing term priced service provided each of the following conditions are met:

- (a)
- (b) Customer must begin a new Billing Period for the service to be moved and the monthly revenue must be equal to or greater than that of the service in original location.
- (c) New service location is within the same state (i.e. Arkansas, Kansas, Missouri, Oklahoma or Texas) as the original service.
- (d) Facilities and equipment are available in the desired new location.

Charges to MegaLink Custom portability are set forth in 20.4.2(G).

20.4.1 Rate Categories

There are three basic rate categories which apply to MegaLink Custom Service:

- Non-Competitive End User Channel Termination
-
- Service to Service Through Connect Arrangements
- Optional Features, BSEs and Functions

⁽¹⁾ [Deleted]

⁽²⁾ See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.1 Rate Categories (Cont'd)(A) Non-Competitive End User Channel Termination

Non-Competitive End User Channel Termination provides for the communications path between a customer designated premises and the serving wire center for that premises or for the communications path within a building which connects a customer's facilities with a customer designated premises without routing through the serving wire center.

Two types of Non-Competitive End User Channel Terminations are provided.

(1) Electrical Non-Competitive End User Channel Termination

An Electrical Non-Competitive End User Channel Termination provides for an electrical interface at the customer designated premises.

(2) Optical Channel Termination

An Optical Non-Competitive End User Channel Termination provides for an optical interface at the customer designated premises.

(1) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.1 Rate Categories (Cont'd)(C) Service to Service Through Connect Arrangements

The Service to Service Through Connect Arrangement rate category provides for an interconnection of two MegaLink Custom Services or services with equivalent interface transmission speeds (e.g., STN DTL at 44.736 Mbps, ReliaNet DS3 Access Ports, etc.) in the same Telephone Company Hub Central Office.

(D) Optional Features, BSEs and Functions

The Optional Features, BSEs and Functions rate category provides for optional features, BSEs and functions which may be added to a MegaLink Custom Service to improve its quality or utility to meet specific communications requirements.

(1) Multiplexing

The Multiplexing rate category provides for an arrangement that converts a DS3 signal to 28 DS1 channels using digital time division multiplexing.

(2) STN Interconnection with SecureNet Equipped MegaLink Custom Service

The STN Interconnection with SecureNet equipped MegaLink Custom Service rate category provides automatic restoration capabilities which prevent service interruption in the event of a single facility break or a single electronics failure.

(N)

20.4 Rate Regulations (Cont'd)20.4.2 Nonrecurring Charges*

Nonrecurring charges are one-time charges that apply for specific work activity (i.e., installation of service or change to an existing service). The types of nonrecurring charges that apply for MegaLink Custom Service are:

- Installation of service
- Installation of optional features, BSEs and functions
- Installation of service to service through connect arrangements
- Service rearrangements
- Moves

(A) Nonrecurring Charges for the Installation of MegaLink Custom Service

Nonrecurring charges apply for each service installed and are applied per DS3 or DS3 equivalent, per customer designated premises on a first and additional basis.

The initial DS3 or DS3 equivalent incurs the first nonrecurring charge for each non-competitive end user channel termination associated with the DS3 or DS3 equivalent. The remaining DS3s or DS3 equivalents incur the additional nonrecurring charge for each non-competitive end user channel termination.

In order to receive the benefit associated with ordering multiple DS3 or DS3 equivalents, the following criteria must be met:

- Same Access Service Order
- Same Application for Service Date
- Same Due Date
- Identical Services
- Same Billing Account Number (BAN)
- Same Two Service End Points

* For Services ordered under MVP, refer to Section 38.3(E) (5).

(1) See Section 2.1.4(A) for service availability.

20.4 Rate Regulations (Cont'd)20.4.2 Nonrecurring Charges (Cont'd)(B) Nonrecurring Charges for the Installation of Service Extensions

Service extensions to single or multiple hub locations ordered with the same due date as the associated DS3 or DS3 equivalent will not incur a nonrecurring charge. Service extensions to single or multiple hub locations ordered with a different due date than the associated DS3 or DS3 equivalent will incur a first and additional nonrecurring charge per DS3 or DS3 equivalent, per service extension.

In order to receive the benefit associated with ordering multiple DS3 or DS3 equivalents for one Service Extension, the following criteria must be met:

- Same Access Service Order
- Same Application for Service Date
- Same Due Date
- Identical Services
- Same Billing Account Number (BAN)
- Same Two Service End Points

(1) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.2 Nonrecurring Charges (Cont'd)(E) Nonrecurring Charges for Service Rearrangements

Nonrecurring charges may apply for Service Rearrangements which are administrative changes to existing services which do not result in a change in the minimum period requirements or a change in the physical location of the point of termination at a customer designated premises.

The customer requesting administrative service rearrangements will be responsible for all billing associated with the changes requested.

A nonrecurring charge will apply per DS3 or DS3 equivalent on a first and additional basis for the following change or combination of changes requested by the customer on the same Access Order and will be charged as set forth in Section 20.5.8 (Administrative Charges).

- Change of Access Carrier Name Abbreviation (ACNA)
- Change of Billing Account Number (BAN)
- Change of Customer Circuit Identification (CKR)
- Change in customer of record

A change in the customer of record (i.e., existing access service is provided and billed to a different entity) is considered an administrative service rearrangement when the new customer assumes liability for all current and prior charges for the service(s) and has complied with the regulations and conditions as set forth in Section 2.2.1 (Assignment and Transfer of Facilities), preceding, and no physical relocation or rearrangement of the service is required.

(1) See Section 2.1.4(A) for service availability.

(N)

20.4 Rate Regulations (Cont'd)20.4.2 Nonrecurring Charges (Cont'd)(E) Nonrecurring Charges for Service Rearrangements
(Cont'd)

When a change of customer name and change in billing data (name, address, contact name, or telephone number) are requested in association with a change in the customer of record, the Access Order Charge will apply as set forth in Section 5.3.1 (Access Order Charges) preceding.

Certain administrative changes will be made without charge(s) to the customer. These administrative changes are as follows:

- Change of customer name, (i.e., the customer of record does not change but rather the customer of record changes its name--e.g., ABC Communications to All Business Concepts Communications).
- Change of customer's or customer's end user premises address when the change of address is not a result of a physical relocation of the service.
- Change in billing data (name, address, contact name, or telephone number).
- Change of agency authorization.
- Change of customer test line number.
- Change of customer's or customer's end user contact name or contact telephone number.
- Change of jurisdiction.

(F) Nonrecurring Charges for Moves

Nonrecurring charges apply for the work activity necessary to provide a change in the physical location of a customer's premises or the point of termination at a customer's premises. The nonrecurring charges for move activities are further explained in Section 20.4.12 (Moves).

(G) Nonrecurring Charges for Portability

Nonrecurring charges apply when a customer elects to relocate a MegaLink Custom Service under the Portability provision, as discussed in 20.4. The nonrecurring charge will be assessed on a per DS3 relocated basis. The specific charge will be the nonrecurring charge associated with the particular rate element which is being relocated, as specified in 20.5 (Rates and Charges).

(N)

20. MegaLink Custom Services⁽²⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.3 Monthly Recurring Rates

Monthly recurring rates are charges that apply each month or fraction thereof that MegaLink Custom Service is provided. For billing purposes, each month is considered to have 30 days.

Monthly Extension Rates

Monthly extension rates are charges that the customer may elect to be converted to at the end of a term plan, until a new term⁽¹⁾ is selected or service is disconnected. Monthly extension rates are only available once the term plan has expired.

Monthly recurring rates apply to the following rate categories.

(A) Monthly Recurring Rates For Non-Competitive End User Channel Termination

The monthly recurring rates for Non-Competitive End User Channel Terminations are based on the Non-Competitive End User Channel Termination Volume Options and billing periods selected by the customer.

The Non-Competitive End User Channel Termination Volume Options designate the number of DS3s or DS3 equivalents associated with the service. The volume options include quantities of 1, 3, 6 and 12 DS3s or DS3 equivalents.

The Non-Competitive End User Channel Termination charge also depends on the Non-Competitive End User channel termination interface selected by the customer. A customer may select an electrical or optical interface.

Optical interfaces are provided on fiber facilities. When selecting an optical interface, the customer restates the bit rate (i.e., transmission speed) as an appropriate DS3 equivalent in order to determine the applicable rates.

(1) Effective January 17, 2024, the 1-year minimum period no longer applies.

(2) See Section 2.1.4(A) for service availability.

(N)

ACCESS SERVICE

(N)

20.4 Rate Regulations (Cont'd)20.4.4 Billing Period

- (A) The billing period establishes the amount of time that rates for a service are stabilized by the Telephone Company.

The following billing periods are available for MegaLink Custom Services and associated optional features, BSEs and functions:

Monthly (Temp-DS3)
Month to Month
Monthly Extension:

3 year⁽³⁾

One month prior to the expiration of the billing period, with the exception of Temp-DS3, the customer must select one of the following options:

- (1) Renew the service for a specified period of time as provided in this tariff under the regulations, nonvintage rates in effect at the time of expiration of the existing service.
- (2) Elect to be converted to monthly extension rates.
- (3) Elect to disconnect the service upon expiration of the billing period.

If a customer selects neither (1) nor (3) preceding, the current regulations, non-vintage rates and charges for the Month to Month rate option will be applied will be applied upon expiration of the billing period.

If the customer does not choose one of the preceding options prior to the expiration date of the commitment period, monthly extension rates will be applied upon expiration of the commitment period.

Option (1) as described preceding is available to customers if the term plans remain in effect and are not grandfathered. If the term plans are grandfathered and the service expires, absent customer notification, the customers expired service will be converted to monthly extension rates upon expiration.

The customer must provide the Telephone Company with a written notice of intent to extend the DS3 billing period no later than one month prior to the expiration of the service period.

The customer's existing service will not be subject to the 1 year minimum service period after reverting to the monthly extension rate option.

Nonrecurring charges are not applicable for services renewed, as long as the same number of DS3s are renewed. Any change in the number of DS3s will incur the appropriate nonrecurring charges.

For Temp-DS3 the minimum billing period is one (1) month and the maximum billing period is eleven (11) months.

(B)

20.4.5 Minimum Service Periods

Minimum service periods establish the minimum period for which a MegaLink Custom Service or an optional feature, BSE and function will be provided.

The minimum service periods are as follows:

MegaLink Custom Service	1 year ⁽¹⁾
Temp-DS3	1 month
Service Extension	1 year ⁽¹⁾
SecureNet Options	1 year ⁽¹⁾

When a service is discontinued prior to the expiration of the minimum service period, the applicable charge will be the total monthly charges for the remainder of the minimum service period plus termination charges for the remainder of the billing period as described in Section 20.4.6.

Services which are terminated after the minimum service period and prior to the expiration of the billing period are subject to termination charges as described in Section 20.4.6 (Termination Charges).

If a customer requests a change from a MegaLink Custom Service Vintage billing period to a MegaLink Custom Service billing period, a new minimum service period must be established.

⁽¹⁾ Effective January 17, 2024, the 1-year minimum period no longer applies.

⁽²⁾ See Page 20-16 for service availability.

⁽³⁾ See Section 2.1.4(A) for service availability.

(This page filed under Transmittal No. 14)

ACCESS SERVICE

20. MegaLink Custom Services⁽⁵⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.6 Termination Charges

In the event service is terminated prior to the expiration of the minimum service period, charges, as specified in Section 20.4.5 (Minimum Service Periods), will apply. Termination charges do not apply to Temp-DS3 service. In the event service is terminated after the minimum service period and prior to the end of the billing period, a termination charge utilizing the following termination percentage will apply:

<u>Billing Period</u>	<u>Termination Percentage</u>
1, 3, 5 or 10 year ⁽¹⁾⁽²⁾⁽³⁾⁽⁴⁾	20%

The termination charge is based on the volume option selected by the customer.

The termination charge is calculated as follows:

$$\text{monthly rate} \times \frac{\text{months remaining in billing period}}{\text{termination percentage}}$$

Example: A customer with a \$5,000 monthly rate terminates service with 10 months remaining in a 3 year billing period. The termination charge would be calculated as follows:

$$\$5,000 \times 10 \times .20 = \$10,000$$

The termination charge would be: \$10,000

If Special Construction applied for the service being terminated, an associated Termination Charge, as set forth in F.C.C. No. 69, Section 2.6.4 (Types of Liabilities and Charges), may apply.

When a MegaLink Custom service, which is billed under the Shared Use provision is terminated, the termination liability will be based on the full charges as listed in Section 20.5 herein, as opposed to the Shared Use billed amount.

- (1) Effective October 25, 2014, MegaLink Custom Services 10 year term plans are no longer available for new circuits. There is no change for existing circuits.
- (2) Effective on September 13, 2017, MegaLink Custom Services 5-year Payment Plans are no longer available, including for any otherwise available renewals or conversions. Circuits already subject to a MegaLink Custom Services 5-year Payment Plan, as of September 13, 2017, will continue to be provided under the then-current MegaLink Custom Services 5-year Payment Plan term for the remainder of that term.
- (3) Effective November 1, 2022, DS1 Term Payment Plan 2- and 3-year and MegaLink Custom 3-year Payment Plans (collectively, Term Plan Services), are no longer available, including conversions. Existing Term Plan Services, as of November 1, 2022, will continue to be provided under the then-current terms, for the remainder of the applicable term.
- (4) Effective January 17, 2024, DS1 Term Payment Plan 1-year and MegaLink Custom 1-year Payment Plans (collectively, Term Plan Services) are no longer available, including conversions. Existing Term Plan Services on January 17, 2024, will continue to be provided for the remainder of the then-current terms.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.12 Moves

A move involves a change in the physical location of one of the following:

- The service facility
- The Point of Termination at the customer's premises;
- the customer's premises.

The charges are dependent upon the type of move requested by the customer.

(A) Service Facility Move (SFM)

An SFM is a customer-initiated move of one end of a Telephone Company central office distribution link (e.g., jumper cable, DSX patch cable, etc.) from one facility to another existing facility (of the same or higher transmission speed). All activity associated with the SFM must occur within a single Telephone Company location (central office).

In order to be considered an SFM, all associated order activity (disconnects and new connects) must occur simultaneously and the facility to which service is being moved must be existing and have sufficient capacity to accept the moved service.

An SFM may result in the change of one end point (i.e., customer premises location) of the circuit involved provided the following conditions are met:

- (1) The change of customer premises can only occur on the end of the circuit which has the CFA.
- (2) The customer premises locations involved in the change belongs to the same customer.

- or -

The customer premises locations involved in the change belongs to two different customers but the customer requesting the SFM has previously coordinated the activity such that all activity (disconnects and new connects) will occur simultaneously. If this coordination has not been accomplished beforehand, then the Telephone Company will proceed with the disconnect/new connect orders as non-related and new installation charges will apply for services being relocated.

(1) See Section 2.1.4(A) for service availability.

(N)

20.4 Rate Regulations (Cont'd)20.4.12 Moves (Cont'd)(A) Service Facility Move (SFM) (Cont'd)

On facility moves involving multiplexed⁽¹⁾ (subtending) channels, SFMs shall be charged only for the higher level facility provided the entire facility (the full complement of subtending channels) is being moved concurrent to that particular SFM request. If the subtending channels are requested to be moved one at a time, the SFM will be charged on a per each channel moved basis.

Example 1

An SFM is requested to move 20 DS1s, with subtending VG channels, to a DS3 facility (where the DS3 end of the channel is moving to a new customer premises location). The resulting SFM charge will be 20 DS1 to DS3 SFM charges with no SFM charges for the subtending VG channels.

Example 2

An SFM is requested to move a DS3, with subtending DS1 channels, to another DS3 facility (where there is no change in the customer premises location on the DS3 facility end of the circuit). The resulting SFM charge will be a DS3 to DS3 SFM with no SFM charges for the subtending DS1 channels.

Example 3

An SFM is requested to move 6 DS1s, with subtending VG channels, previously riding one DS3 facility to another DS3 facility. The resulting SFM charge would be (6) DS1 to DS3 SFMs with no SFM charges for the subtending VG channels.

Under MegaLink Custom Service, SFMs may be performed at the following service levels:

- DS3 to DS3 (or equivalent 45 Mbps service)

The charges for an SFM for the services shown above are detailed in 20.5.7(I) (SFMs) following. There will be no change in minimum period requirements.

(1) This service has been de-tariffed pursuant to FCC Order No. 17- 43, released April 28, 2017. Terms and Conditions for de-tariffed services are available at www.att.com/guidebook.

(2) See Section 2.1.4(A) for service availability.

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.12 Moves (Cont'd)(B) Moves of the Point of Termination Within the Same Customer Premises

A move of a Point of Termination of an existing service to a new location within the same customer premises, may be provided, at the customer's request, on a time sensitive charge basis.

The labor rates which apply are as set forth in Section 13.4.2(C) (Testing and Maintenance With Other Telephone Companies or Other Labor), preceding, of this tariff for Additional Labor. No change in billing period is required.

(C) Moving Customer Premises

A move of existing service may be provided at the customer's request. The customer will be billed 5% of the termination charge as set forth in 20.4.6 (Termination Charges), with the exception as follows. Following the payment of applicable termination charges, customer will be responsible for any nonrecurring charges associated with the reconnection of the service (e.g., Channel Termination Installation Charge).

If the move of the customer's premises is as a result of an SFM (Service Facility Move) according to Sect. 20.4.12(A), and the facility to the new premises is existing, then termination charges will not apply. No nonrecurring charges will apply for that end of the channel or circuit except the applicable SFM charge.

One end of a MegaLink Custom service (e.g., the customer premises) may be moved without termination liability provided the following circumstances exist:

- 1) Customer maintains the same level and commitment of service (i.e., quantity of DS3 channels and billing period length).
- 2) All equipment and transport facilities exist at the new location.

Charges for this one-ended move shall be on a time sensitive charge basis. The labor rates which apply are set forth in Section 13.4.2(C) (Testing and Maintenance With Other Telephone Companies or Other Labor).

The diagrams following illustrate typical service arrangements before and after an SFM has occurred.

(1) See Section 2.1.4(A) for service availability.

20.4 Rate Regulations (Cont'd)20.4.13 Modification of Service

The customer may request to modify service (i.e., establish a new billing period or add rate elements to existing service) provided all the following conditions are met:

- a new billing period is established which includes a new minimum service period
- the expiration of the new billing period must extend to or beyond the expiration of the existing billing period
- the total revenue, based on recurring rates, over the revised billing period must be equal to or greater than the remaining revenue from the existing billing period
- the service end points must remain the same

The non-vintage rates and charges (as listed in Section 20.5) in effect at the time service is modified are the rates and charges which will be billed to the customer during the new billing period. No additional administrative charges shall apply to these modifications except the Access Order Charge as set forth in 5.3.1.

20.4 Rate Regulations (Cont'd)20.4.15 Service Extension

The Volume Option for a Service Extension must be less than or equal to the Non-Competitive End User Channel Termination Volume Option specified by the customer for the MegaLink Custom Service being extended.

MegaLink Custom Service with Serving Wire Center and Facility Redundancy can be extended with a Service Extension. However, the Service Extension cannot be equipped with a SecureNet option.

MegaLink Custom Service with Hub Redundancy cannot be extended with a Service Extension. Likewise, an existing MegaLink Custom Service with a Service Extension cannot be equipped with a Hub Redundancy option.

20.4.16 Facility Hubs

The Telephone Company will commence billing the monthly rate for the facility to the hub on the date specified by the customer on the Access Order. Individual services utilizing these facilities may be installed coincident with the installation of the facility to the hub or may be ordered and/or installed at a later date, at the option of the customer. The customer will be billed the appropriate MegaLink Custom Non-Competitive End User Channel Termination rates at the time the facility is installed. Individual service rates (by service type) will apply for a Non-Competitive End User Channel Termination for each channelized service.

(1) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits

Connecting Facility Assignment (CFA) Credit is an option available to customers of MegaLink Custom Services who allow the Telephone Company use of their non-competitive end user channel terminations for the provision of Special Access High Capacity (DS1) non-competitive end user channel terminations to other Telephone Company customers. With CFA Credits, the Telephone Company will provide a credit to the customer of the MegaLink Custom Service for the use of their DS3 non-competitive end user channel termination and associated DS3 to DS1 multiplexer. The Telephone Company will bill the customer of the DS1 service for the DS1 non-competitive end user Channel Termination so provided.

The following terms and conditions apply to all CFA Credit Arrangements.

- (A) The Access Customer Name Abbreviation (ACNA) for the Special Access High Capacity Customer must be different than the ACNA for the customer of the MegaLink Custom Service.
- (B) Requests to establish or discontinue a CFA Credit will be accepted only from the customer of the MegaLink Custom Service.
- (C) When requesting a CFA Credit, the DS3 customer must provide the Telephone Company with information sufficient to correctly establish billing for a DS1 non-competitive end user channel termination. This includes the CFA of the DS3, the DS1 customer's name, and the channel assigned to that customer. The Telephone Company will work cooperatively with the DS3 customer to identify the DS1 customer(s). However, if the DS3 customer cannot or will not provide the required information, CFA Credits will not be established.

(1) See Section 2.1.4(A) for service availability.

(N)

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

- (D) The Telephone Company and the DS3 customer must also agree to work cooperatively to maintain accurate customer records of any CFA Credit arrangements. The customer records which must be jointly maintained are:

- connecting facility assignments by DS1 customer and
- additions, moves or deletions of DS1 customers onto or off of the DS3 non-competitive end user channel termination.

If the Telephone Company and the DS3 customer cannot work cooperatively to maintain these customer records, additional CFA Credits will not be established.

- (E) CFA Credits can be established on Special Access DS3s for Special Access DS1s only. In addition, if channels become vacant subsequent to the establishment of a CFA Credit (e.g., the DS1 customer disconnects service), the CFA Credit will be eliminated.
- (F) In any month, the total CFA credits for any MegaLink Custom non-competitive end user channel termination shall not exceed 100 percent of the combined monthly charges for the MegaLink Custom non-competitive end user channel termination.
- (G) After the DS3 customer has requested a CFA Credit on an existing MegaLink Custom Service, and the Telephone Company and the DS3 customer have reached agreement that sufficient information has been identified to accurately initiate or modify the CFA Credit arrangement, within five business days of the date of reaching such agreement, the Telephone Company will send the DS1 customer via U.S. Mail a 30-day advance written notification before allowing the CFA Credit arrangement to become effective.

(1) See Section 2.1.4(A) for service availability.

ACCESS SERVICE

20. MegaLink Custom Services⁽¹⁾ (Cont'd)

(N)

20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

- (H) The Telephone Company will only remove a DS1 customer from the CFA Credit arrangement at the request of the DS3 customer or because the DS1 customer has disconnected service or moved service to a different transport facility. The DS3 customer must give the Telephone Company 14 days advance written notification of any request to remove a DS1 customer from the CFA Credit arrangement.
- (I) In the event a billing dispute is initiated by a DS1 customer, the Telephone Company will negotiate with the DS1 customer as set forth in 2.5 (Billing Regulations).
- (J) The Telephone Company will accept requests to disconnect the DS3 service only from the customer for the MegaLink Custom Service. So that DS1 customers using the DS3 channel termination will have the opportunity of continuing service without disruption, the DS3 customer is responsible for notifying all DS1 customers of the disconnection.
- (K) The credit to be applied for each DS1 channel termination using the DS3 channel termination is set forth in 20.5.5 (MegaLink Custom Service). Charges for DS1 service are set forth in 7.3.10 (High Capacity Service).

20.4.18 Temp-DS3 Service

Temp DS3 service is provided for customers who require a MegaLink Custom Service for a short duration of time (less than 12 months), such as a trade show or convention.

Temp-DS3 is provided where facilities and equipment are available and is subject to billing in full month increments. These rate elements will all carry 30 day minimum periods and a maximum period of 11 months. No other rate elements, except as listed herein, are available for use with Temp-DS3 service. Temp-DS3 is only available with Volume Option 1.
