ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements10.1 General

This section covers Specialized Services or Arrangements that are provided to a customer for use only by agencies or branches of the Federal Government and other users authorized by the Federal Government. Services provided to state emergency operations centers are included. These services provide for command and control communications, including communications for national security, emergency preparedness and presidential requirements. They are required to assure continuity of Government in emergency and crisis situations and to provide for national security. In addition, this section covers the Telecommunications Service Priority (TSP) System service and procedures as set forth in 10.8.1(D) since it is administered by the Federal Government.

Services for command and control communications and for national security and emergency preparedness sometimes require short notice and short duration service provisions. These provisions are especially needed to meet presidential requirements or in response to natural, man-made, or declared emergencies. Requirements of this type cannot be forecasted and are usually needed for a relatively short period. The provision of service under these conditions may require the availability of facilities, such as portable microwave equipment, which are provided on a temporary basis by the Telephone Company, customer or end user.

10.2 Emergency Conditions

These services will be provided on the date requested or as soon as possible thereafter when the emergency falls into one of the following categories:

- (A) State of crisis declared by the National Command Authorities (includes commitments made to the National Communications System in the "National Plan for Emergencies and Major Disasters").

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.2 Emergency Conditions (Cont'd)

- (B) Efforts to protect endangered U.S. personnel or property both in the U.S. and abroad. (Includes space vehicle recovery and protection efforts.)
- (C) Communications requirements resulting from hostile action, a major disaster or a major civil disturbance.
- (D) The director (Cabinet level) of a Federal department, Commander of a Unified/Specified Command, or head of a Military department has certified that a communications requirement is so critical to the protection of life and property or to the National Defense that it must be processed immediately.
- (E) Political unrest in foreign countries which affect the national interest.
- (F) Presidential service.

10.3 Intervals to Provide Service

Certain services provided under the provisions of this section of the tariff are provided on an individual case basis. Therefore, orders for such service shall be placed under the Negotiated Internal provisions set forth in 5.2.1 (B) preceding.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.4 Safeguarding of Service10.4.1 Facility Availability

In order to insure communications during periods of emergency, the Telephone Company will, within the limits of good management, make available the necessary facilities to restore service in the event of damage or to provide temporary emergency service as set forth in 10.8.1(D) and 10.8.3(D) following.

10.4.2 Utilization of Government Owned Facilities

In order to meet the requirements of agencies or branches of the Federal Government, the Telephone Company may utilize government-owned facilities, when necessary to provide service.

10.5 Federal Government Regulations

In accordance with Federal Government Regulations, all service provided to the Federal Government will be billed in arrears. However, this provision does not apply to other customers that obtain services under the provisions of this tariff to provide their services to the Federal Government.

10.6 Mileage Application

Mileage, when used for rate application in this section of the tariff, shall be determined by the V and H Coordinates Method as set forth in NATIONAL EXCHANGE CARRIER ASSOCIATION, INC., WIRE CENTER AND INTERCONNECTION INFORMATION, TARIFF F.C.C. NO. 4 and administered as set forth in 7.4.6 preceding.

(This page filed under Transmittal No. 1)

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.7 Moves

When service without a maximum termination liability charge associated with it, as set forth in 10.8.1 and 10.8.2 following is moved to a different building, the nonrecurring charge applies; when moved to a new location in the same building, a charge of one-half the nonrecurring charge applies.

When service with a maximum termination liability charge associated with it, as set forth in 10.8.1 and 10.8.2 following is moved and is reinstalled at a new location, the customer may elect:

- to pay the unexpired portion of the maximum termination liability charge for the service, if any, with the application of a nonrecurring charge and the establishment of a new maximum termination liability charge for such service at the new location, or
- to continue service subject to the unexpired portion of the maximum termination charge, if any, and pay the estimated costs of moving such service, provided that the customer request these charges be quoted prior to ordering the service move. Charges for moving such service will be based on estimated costs attributable to the move.

Move charges include the estimated costs of removal, restoration of service or facilities necessitated by the move, transportation, storage, reinstallation, engineering, labor, supervision, materials, administration, and any other specific items of cost directly attributable to the move.

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings

The following unique services are provided to a customer for use only by agencies or branches of the Federal Government, other authorized users and state emergency operations centers. The rates and charges for certain services shall be developed on an individual case basis and shall be consistent with the rates and charges for services offered in other sections of this tariff.

10.8.1 Type and Description(A) Voice Grade Special Access Services

- (1) Voice Grade Secure Communications Type I
Approximate bandwidth of 10-50,000 Hertz. Furnished for two-point secure communications on two-wire or four-wire metallic facilities between a customer terminal location and an end user's premises. Services are conditioned as follows:

T-3 Conditioning - The absolute loss (referenced to 1 milliwatt) with respect to frequency shall not exceed:

15 dB at 10 Hz
13 dB at 100 Hz
9 dB at 1,000 Hz
20 dB at 10,000 Hz
30 dB at 50,000 Hz

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(A) Voice Grade Special Access Services (Cont'd)(1) Voice Grade Secure Communications Type I (Cont'd)

Additional conditioning (available in one or two directions on four-wire facilities only) to provide the following characteristics:

The absolute loss (referenced to one milliwatt) with respect to frequency shall not exceed:

0 db at 1,000 Hz
+ 1 dB between 1,000 Hz and 40,000 Hz
+ 2 dB between 10 Hz and 50,000 Hz
(+ means more loss)

The net loss of the conditioned service (with or without additional conditioning) shall not vary by more than four dB at 1,000 Hz from the levels specified above. Voice frequency signaling or supervisory tones can be transmitted.

(2) Voice Grade Secure Communications Type II

Approximate bandwidth 10-50,000 Hz. Furnished on four-wire metallic facilities for duplex operation for two-point secure communication between a customer terminal on an end user's premises and an end user's premises. Services are conditioned as follows:

G-1 Conditioning - The absolute loss with respect to frequency and the net loss variation shall be the same as Voice Grade Secure Communications Type I services without additional conditioning. Voice frequency signaling or supervisory tones can be transmitted.

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(A) Voice Grade Special Access Services (Cont'd)(3) Voice Grade Secure Communications Type III

Approximate bandwidth 10-50,000 Hz. Furnished on four-wire metallic facilities for duplex operation for two-point secure communications between a customer premises switch and an end user's premises. Services are conditioned as follows:

G-2 Conditioning - The absolute loss with respect to frequency and the net loss variation from the switch to an end user's premises shall be the same as Voice Grade Secure Communications Type I services without additional conditioning; from an end user's premises to the switch shall be the same as Voice Grade Secure Communications Type I services with additional conditioning. Voice frequency signaling or supervisory tones can be transmitted.

(4) Voice Grade Secure Communications Type IV

Approximate bandwidth 10-50,000 Hz. Furnished on four-wire metallic facilities for duplex operation for two-point secure communication between two customer premises switches. Services are conditioned as follows:

G-3 Conditioning - The absolute loss with respect to frequency and the net loss variation shall be the same in both directions of transmission as Voice Grade Secure Communications Type I services with additional conditioning. Voice frequency signaling or supervisory tones can be transmitted.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(B) Wideband Digital Special Access Service

Service arrangements for secured communications to accommodate the transmission of binary digital baseband signals in a random polar format.

(1) Wideband Secure Communications Type I

For transmissions at the rate of 18,750 bits per second.

(2) Wideband Secure Communications Type II

For transmission at the rate of 50,000 bits per second.

(3) Wideband Secure Communications Type III

To accommodate the transmission of restored polar two-level facsimile signals with a minimum signal element width of twenty microseconds at a rate of 50,000 bits per second.

To accommodate the transmission of binary digital baseband signals in a random polar format at the rate of 50,000 bits per second.

(C) Special Routing Access Service

Special Routing Access Service is furnished only to AT&T Communications (At&T-C) for an agency or branch of the Federal Government. This service provides the customer's end users the ability to originate and terminate calls to or from the customer's premises utilizing a Special Routing Plan.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Access Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(C) Special Routing Access Service (Cont'd)

This service is an optional service which operates in conjunction with Trunk Side Premium Access Service furnished to AT&T-C under other provisions of this tariff.

The Telephone Company will record Special Routing Access Service Active Mode Trunk Usage, and will bill the customer in accordance with these records. The hours for each trunk ordered will be summed and then rounded to the nearest hour, except that when the total is less than one hour, one hour will be used to determine the charge.

(D) Telecommunications Service Priority (TSP) System

- (1) Priority installation and/or restoration of National Security Emergency Preparedness (NSEP) telecommunications services shall be provided in accordance with Part 64.401, Appendix A. of the Federal Communications Commission's (FCC's) Rules and Regulations.

In addition, TSP System service shall be provided in accordance with the guidelines set forth in "Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NSEP) Service Vendor Handbook" NCS Handbook 3-1-2 dated December 1, 1989.

The TSP System is a service, developed to meet the requirements of the Federal Government as denoted in the NSEP Service Vendor Handbook, which provides the regulatory, administrative and operational framework for the priority installation and/or restoration of NSEP telecommunications services. These include ALA, Feature Group A Switched and Special Access Services. The TSP System applies only to NSEP telecommunications services, and requires and authorizes priority action by the Telephone Company providing such services.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Access Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(D) Telecommunications Service Priority (TSP) System (Cont'd)

- (2) TSP service applicability is limited to those access services which the Telephone Company can discretely identify for priority installation and/or restoration.
- (3) Some of the elements required for the TSP System are included in other sections of this tariff as general service offerings. They have been repeated in this section to reflect the complete TSP System with appropriate references to those other sections of the tariff for regulations, rates and charges.
- (4) The customer for TSP System Service also must be the same customer for the Access Service with which it is associated.
- (5) Under certain conditions it may be necessary to preempt one or more customer services with a lower or no restoration priority in order to install or restore NSEP telecommunications service(s) of a higher priority. If such preemption is necessary, and if circumstances permit, the Telephone Company will make reasonable effort to notify the preempted service customer of the action to be taken. Credit allowance for such service preemption shall be made in accordance with the provisions set forth in 2.4.4(E) preceding concerning Temporary Surrender of a Service.
- (6) The customer, in obtaining TSP System service, acknowledges and consents to the provision of certain customer service record information by the Telephone Company to the Federal Government in order for the Government to maintain and administer its overall TSP System. This customer service record information will include only customer name, TSP Authorization Code, Telephone Company Circuit/Service ID, customer telephone number and customer mailing address.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Access Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(D) Telecommunications Service Priority (TSP) System (Cont'd)

- (7) When Priority Restoration Maintenance and Administration is discontinued and the associated Access Service is continued in service, no charge applies for such a discontinuance.
- (8) Credit allowance for service interruption for Priority Restoration Maintenance and Administration shall be the same as for the Access Service with which it is associated as set forth in 2.4.4 preceding.
- (9) Certain activities performed by the Telephone Company in association with the NSEP Service Vendor Handbook are included in the rate elements as follows:
 - (a) Priority Installation Invocation includes System Development, Verification, Confirmation and Preemption.
 - (b) Priority Restoration Level Implementation includes Administration, Maintenance of PR Service, System Development, Verification, Reconciliation, Confirmation and Preemption.
 - (c) Priority Restoration Level Change includes Verification and Confirmation.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Access Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(D) Telecommunications Service Priority (TSP) System (Cont'd)

- (10) The customer, in obtaining a Restoration Priority, recognizes that quoting charges and obtaining permission to proceed with the restoration of certain Access Services will cause unnecessary delays.

In subscribing to Restoration Priority service the customer recognizes this condition and grants the Telephone Company the right to quote charges after the restoration has been completed.

- (11) Customers that currently have Restoration Priority (RP) Service, as set forth in 13.3.2 following, will continue to receive priority service for a period up to 30 months during the TSP system phase in. At the end of 30 months from the effective date of this tariff, RP Service will be terminated and customers must submit request for TSP Service in accordance with instruction contained in the NSEP Service Vendor Handbook.

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(E) Federal Government Contract Access Services (FGCAS) Term Discount Plan*

(C)

(1) General

- (a) The Federal Government Contract Access Services (FGCAS) will be provided to any Interexchange Carrier awarded a contract, with a minimum three year period, to provide telecommunications service for the exclusive use of the Federal Government and its authorized agents. This FGCAS Term Discount Plan (Plan) will allow each of the Federal Government's authorized interexchange carriers providing network services under contract to participate in term discounts for dedicated access connections between specific Federal Government locations and the IC's point of presence.
- (b) Under the provisions of this tariff authorized suppliers contracted by the Federal Government can obtain network services at discounted rates.
- (c) In addition to the specific terms and conditions of this Plan offering described following, all other General Regulations for this Plan are contained in Sections 1, 2, and 5 preceding.

(2) Service Component Limitation

This Plan is limited to only the High Capacity DS1 service offering excluding Fiber AdvantageSM DS1 service, as described in Section 7, preceding.

* This offering is obsolete and is limited to existing customers at existing locations as of November 22, 2000

(N)

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(E) Federal Government Contract Access Services (FGCAS) Term Discount Plan (Cont'd)*(3) Rate Discounts

- (a) This Plan will apply the rate discounts, as specified in 10.8.1(E)(4)(f) following, for the High Capacity DS1 channel termination and channel mileage recurring rate elements from the government location serving wire center to the IC's Point of Presence. Nonrecurring charges will apply for all connects, changes and additions/deletions of circuits and features and functions according to the rates in effect as specified in other Sections of this tariff.
- (b) High Capacity DS1 services receiving term discounts under this Plan are excluded from any application of Shared Use reduction contained in Section 7.4.8. preceding.
- (c) Whereas DS1 access rates may change, the customer's discount rate will remain constant. The Plan's rate of discount chosen by the customer will be applied each month to prevailing DS1 access service rates as specified in Sections 7.5.9 or 31.5.2.7.

(T)

* This offering is obsolete and is limited to existing customers at existing locations as of November 22, 2000.

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(E) Federal Government Contract Access Services (FGCAS) Term Discount Plan (Cont'd)*

(C)

(4) Terms and Conditions (Cont'd)

(c) SDP Location Change - In the case where the government agency(s) at a current Service Delivery Point (SDP) chooses or is ordered to move to a new SDP, and the new SDP requires the same or more DS1 services, the condition of term commitment is suspended for the old service without penalty. The services at the new SDP will require a new term commitment to receive a discount.

(d) Establishing Term - The customer will establish the term of service by entering a Variable Term (VT) Code in the VT field on the Access Services Request (ASR). The term of service must be the same for all discounted DS1s in a single serving wire center.

(e) Change in Term - Should the customer wish to increase the term of service currently under the Plan, they may issue an ASR to suspend the shorter term and establish the new longer term. Should the customer wish to decrease the term of service currently under the Plan, they may issue an ASR to cancel the longer term and establish a new shorter term. However, on the cancelled longer term service, the customer will be billed all applicable charges as set forth above in 10.8.1(E)(4)(a), Minimum Service Requirement.

(f) Plan Discounts - The Plan provides for DS1 service rate discounts as follows:

<u>Term</u>	<u>Discount</u>	<u>VT Code</u>
3 years	10%	DS1X3
5 years	20%	DS1X5
7 years	30%	DS1X7

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(F) Government Emergency Telecommunications Service (GETS)

- (1) GETS is an emergency telecommunications service available to customers designated by an agency or branch of the Federal Government to transport National Security/Emergency Preparedness (NS/EP) originating and terminating access calls over the Public Switched Network (PSN). GETS uses existing features and services of the PSN with limited NS/EP augmentations and enhancements.
- (2) The 710 Numbering Plan Area (NPA) code will be opened in all areas serviced by the Telephone Company. The 710 NPA call can be carried by the presubscribed inter-exchange carrier (IC) of the line in use or by the IC chosen by the user dialing a carrier access code. The IC designated by the Federal Government to provide GETS must purchase Switched Access Service in order to transport the GETS NS/EP access call. A GETS access minute will be rated as set forth in Section 6.7.8 preceding.
- (3) Priority treatment for GETS traffic will be provided by exemption from restrictive network management control capabilities to aid completion of GETS calls in a congested network. This will provide NS/EP users with improved call completion capabilities over normal PSN users. Network management service levels as set forth in 6.5.1 preceding, are applicable to a GETS NS/EP access call.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(F) Government Emergency Telecommunications Service (GETS)
(Cont'd)

(4) The Telephone Company's 710 NPA code is available at each end office and access tandem. No calls will be handled by the Telephone Company operator, nor will there be information services for the 710 NPA. GETS NS/EP access minutes to a customer's network not designated to provide GETS will be administered by the Company the same as any other access minute. Billing disputes over Switched Access minutes as the result of a GETS NS/EP access call to a non-designated customer's network must be resolved with the appropriate agency or branch of the Federal Government.

(5) The nonrecurring charge for opening the 710 NPA for GETS NS/EP across the service area of the Telephone Company is shown in Section 10.8.3 (E) following.

(6) Alternate Carrier Routing ACR Feature

GETS Alternate Carrier Routing (ACR) is an advanced intelligent network feature and is available where facilities exist in suitably equipped end offices. The GETS ACR feature provides for the routing of the GETS universal access number to a sequence of GETS Carriers. GETS ACR allows NS/EP end users to use the public switched network to provide enhanced call completion capability on calls made during times of national emergencies or disasters. GETS ACR provides alternate route capability on calls originated from lines served by end offices equipped with the GETS ACR feature to the GETS universal access number. When the presubscribed carrier is a participating GETS carrier, GETS ACR enables calls first to be routed for completion to the presubscribed carrier of the originating line. When the presubscribed carrier is not a participating GETS carrier, then an office selection table (Ranking Table) determines the GETS carrier. The Ranking Table contains three alternatives for a GETS carrier and is preselected on a per end office basis using data provided by the Federal Government or its integration contractor.

(This page filed under Transmittal No. 1)

Issued: April 27, 2000

Effective: May 12, 2000

One Bell Plaza, Dallas, Texas 75202

ACCESS SERVICE

10. Federal Government Specialized Service or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(F) Government Emergency Telecommunications Service (GETS)
(Cont'd)(6) Alternate Carrier Routing (ACR) Feature (Cont'd)(A) Calling Party Number (CPN) Overlay Feature

Where technically feasible and facilities permit, the GETS Calling Party Number (CPN) Overlay feature is included with GETS ACR in suitably equipped GETS ACR and offices. The Federal Government or its integration contractor will determine the unique GETS CPN. The GETS CPN Overlay feature allows the network CPN information to be changed from the value of the actual calling party to a unique GETS number for all GETS ACR calls. The unique GETS CPN, not the actual calling party, is passed to the participating GETS carrier.

(B) Reports

There are two monthly reports available with GETS: Call Data Report and Service Control Point (SCP) Data Report.

(1) Call Data Report

The Call Data Report provides call detail associated with GETS ACR usage. The Call Data Report is populated using data from recordings of GETS calls.

(2) Service Control Point (SCP) Data Report

The SCP Data Report tabulates a count of the GETS carrier selection order list sent to the GETS ACR end offices for GETS calls that were processed. The report provides an aggregated total of each of the call categories by end office.

(This page filed under Transmittal No. 1)

(Cont'd)(6) Alternate Carrier Routing (ACR) Feature (Cont'd)(C) Rate Elements (Cont'd)(2) Recurring Charges (Cont'd)(c) GETS ACR Service Control Point (SCP) Data Report

A monthly recurring charge for the production and distribution of the SCP Data Report.

(7) High Probability of Connection (HPC) Feature

(N)

(A) Description of Service

GETS HPC distinguishes the priority assigned to the call setup message in the Signaling System 7 (SS7) network. Setup messages associated with calls to 1-710-NCS-GETS would be sent with the highest priority. GETS HPC provides a trunk queuing feature in equipped switches which is invoked any time an Interexchange Carrier (IC) trunk group is busy. The queuing would only be applied to GETS calls and allows GETS users to dial an emergency call one time without having to redial. The call will automatically complete when the first available trunk becomes idle.

(B) GETS HPC Service Features(1) GETS Call Recognition

This feature provides the capability to recognize originating GETS calls from an administratable screen on the called number. The screen will be set on 710 on all switches and on four 800/888 numbers which provide access to GETS on specified switches only. A call recognized as a GETS call is said to be an HPC marked call.

(Cont'd)(7) High Probability of Connection (HPC) Feature
(Cont'd)(B) GETS HPC Service Features (Cont'd)(2) Trunk Group Queuing (TQ)

The feature provides the capability to queue HPC marked calls to specific trunk groups within the routing chain. Only HPC marked calls are allowed to queue.

(3) Exemption From Network Management Controls
(EX-NMCs)

This feature provides HPC marked calls exemption from restrictive Network Management Controls.

(C) Reports

Operational Measurement (OM) Report

The Operational Measurement (OM) report provides periodic implementation status updates and ongoing service verification. The data format is in the form of a series of time stamped OM registers for each of the HPC equipped switches.

(D) GETS HPC Rate Elements(1) Nonrecurring Charges(a) GETS HPC Development Charge

A nonrecurring charge that applies to initial requests to recover the overall development of GETS HPC.

(b) GETS HPC Feature

A nonrecurring charge that applies GETS HPC end office for the activation or deactivation of the GETS HPC features.

Report

A nonrecurring charge for HPC reports that provide specific data reflecting call progress per switch. The data format shall take the form of a series of time stamped OM registers associated with a switch identifier.

(d) GETS HPC Remote Service Verification
Program Charge (RSVP)

A nonrecurring charge per switch for the initial establishment and any configuration change to RSVP numbers, such as PIC change or reorigination number.

(e) GETS HPC Service Change Charge

A nonrecurring charge per switch for GETS service configuration changes or disconnection. Includes HPC feature changes such as changes to the numbers provisioned to set HPC and Trunk Queuing parameters. The charge shall be independent of the number of activities included in an individual switch change request.

(2) Recurring Charges(a) GETS HPC Feature

A monthly recurring charge that applies per HPC end office for the activation or deactivation of the GETS HPC features.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements(Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(G) Federal Government Telecommunications Services (FGTS)⁽¹⁾ (Cont'd)

(C)

(1) General

This section contains regulations, rates and charges applicable to the provision of FGTS to those Interexchange Carriers providing telecommunications service to the General Services Administration (GSA) and other government agencies, including the agencies acting as end users, for the sole use of the GSA and other such agencies. This section of the tariff does not apply to agencies that have not been awarded the special government contract.

Except as specifically noted below, all rules and regulations applicable to the rate elements provided under a monthly service arrangement (as set forth in Section 7 or Section 31 of this tariff) apply to those rate elements provided under FGTS. Rate elements not listed in 10.8.2(F)(Federal Government Telecommunications Service (FGTS)) are not available under FGTS and must be purchased as set forth in Section 7 or Section 31 of this tariff. Exceptions and/or additions to these rules and regulations as set forth in this section supersede those in other sections of this tariff.

If the Telephone Company initiates rate changes resulting in a decrease of rates for existing service, the percentage decrease will be passed along to the customer. Rate changes resulting in an increase of rates for an existing service will not exceed the original rate for that selected service period.

(2) Ordering

FGTS is provided as a monthly service arrangement with a 3 year minimum billing period in which a percentage of the monthly charges as set forth in Section 7.5 (Rates and Charges) will be credited to the customer's monthly bill. The credit will be reflected on the customer's bill no later than 60 days following receipt of the customers bill.

⁽¹⁾Effective January 28, 2005 Federal Government Telecommunications Services for Generic Digital Transport Service, High Capacity DS1 Service, and High Capacity Fiber Advantage DS3 Service will no longer be available to new customers. There will be no change to existing customers.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(G) Federal Government Telecommunications Services (FGTS)⁽¹⁾ (C)
(Cont'd)(2) Ordering (Cont'd)

The following recurring rate elements are included in FGTS and are described in Section 7.2 (Basic Service Description) of this tariff:

<u>Rate Element</u>	<u>USOC</u>
Generic Digital Transport Service 56.0 Kbps Channel Termination	(T6ECS)
High Capacity DS1 Service Channel Termination	(TMECS)
High Capacity Fiber Advantage DS3 Service with terminal equipment Channel Termination	Z3MAC/Z3MAP
Sonet Ring and Access Service	(rates based individually on design)

For services ordered under FGTS, only the Channel Termination nonrecurring charges will be waived. All other nonrecurring charges will apply including the Access Order Charge as set forth in Section 5.2.1 (Rates and Charges).

When a service is ordered under FGTS, that service may not be used for non-FGTS services. No portion of a multiplexed service (High Capacity DS1, High Capacity Fiber Advantage DS3 or SONET Ring and Access Services) may be under FGTS unless the entire service is under FGTS.

(3) Renewal of Service

The customer must provide the Telephone Company with a written notice of intent to renew or extend FGTS no later than 90 days prior to the expiration of the 3 year Minimum Billing Period.

If the customer elects not to renew FGTS or does not notify the Telephone Company of its intent to renew FGTS, the customer's FGTS rate elements will revert to the monthly rates in effect, as set forth in Section 7 at the time the FGTS expires.

⁽¹⁾Effective January 28, 2005 Federal Government Telecommunications Services for Generic Digital Transport Service, High Capacity DS1 Service, and High Capacity Fiber Advantage DS3 Service will no longer be available to new customers. There will be no change to existing customers.

(Cont'd)(4) Termination Charges

In the event service is terminated prior to the expiration of the minimum billing period, termination charges will apply with the following exception. No termination charges will apply in the first year of the 3 year service period, due to conditions in the government FGTS contract. After the first year, termination charges will apply as set forth following.

FGTS services are not subject to a termination liability charge for any services disconnected at the request of the Federal Government during the life of the contract. In the event service is terminated by an Interexchange Carrier, termination charges will apply.

The regulations and charges as set forth in 5.2.2 (Access Order Modifications) apply for the cancellation of the service order provided under FGTS.

If Special Construction applied for the service being terminated, any associated termination charges, as referenced in 5.1.3 (Special Construction), may apply.

⁽¹⁾Effective, January 28, 2005 Federal Government Telecommunications Services for Generic Digital Transport Service, High Capacity DS1 Service, and High Capacity Fiber Advantage DS3 Service will no longer be available to new customers. There will be no change to existing customers.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements(Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(G) Federal Government Telecommunications Services (FGTS)⁽¹⁾ (C)
(Cont'd)(4) Termination Charges (Cont'd)(a) Minimum Billing Period

The termination charge for the minimum billing period is calculated as follows:

Tariffed Rate	X	Months remaining in billing period	X	Termination percentage
<u>Years in Billing Period</u>		<u>Termination Percentage</u>		
3		40%		

Example: A customer with a \$2,000 monthly rate terminates service with 5 months remaining in the billing period. The termination charge would be calculated as follows:
 $\$2,000 \times 5 \times .40 = \$4,000$

The termination charge would be \$4,000.

(5) Credit Allowances

Credit allowances will be given as set forth in Section 2.4.4 (Payment Arrangements and Credit Allowances) of this tariff.

(6) Conversion from Other Access Services to FGTS

A customer may convert an existing service in Section 7 to FGTS without termination liability if all of the following criteria are met. All applicable nonrecurring charges with the exception of the Access Order Charge will be waived.

(a) The same quantities are ordered.

(b) The customer must provide an Access Service Request which moves the service to the FGTS tariff.

(c) The services are exclusively used by the Federal Government.

(d)

⁽¹⁾Effective January 28, 2005 Federal Government Telecommunications Services for Generic Digital Transport Service, High Capacity DS1 Service, and High Capacity Fiber Advantage DS3 Service will no longer be available to new customers. There will be no change to existing customers.

10.8 Service Descriptions (Cont'd)10.8.1 Types and Descriptions (Cont'd)(H) SBC Federal Access Solutions Transport (FAST) Program
(Cont'd)(3) Limitations

(a) For Services ordered under SBC FAST Program, the following charges will be waived:

- (1) DS1 Channel Termination Nonrecurring Charge
- (2) DS3 Channel Termination Nonrecurring Charge

However, the nonrecurring charges will apply pursuant to the DS1 and DS3 moves, for applicable rates and charges see the appropriate tariff section.

(b) All other nonrecurring Charges including the Access Order Charge for the appropriate tariff sections will apply.

(c) When a rate element is ordered under the SBC FAST Program, that rate element may not be used for non-SBC FAST Program services. Rate elements not included in this plan are not available under SBC FAST Program and must be purchased from the appropriate tariff section.

(d) During the term of the selected SBC FAST Program, telephone Company initiated recurring rate changes (increases or decreases) will automatically be applied to the monthly charges for the remaining months of the current SBC FAST Program term.

(e) The monthly recurring rate during the SBC FAST Program term will never exceed the rate in effect at the beginning of the customer SBC FAST Program term.

(f) The SBC FAST Program cannot be combined with any other tariffed services, discounts, or pricing flexibility contracts, unless explicitly stated in the respective tariff terms and conditions.

(g) Services receiving term discounts under this plan are excluded from any application of Shared Use provisions.

(N)

10.8 Service Descriptions (Cont'd)10.8.1 Type and Description (Cont'd)(H) SBC Federal Access Solutions Transport (FAST) Program (Cont'd)(4) Terms and Conditions(a) Conversions of FGTS Service to a new SBC FAST Program

Conversions from FGTS to a new 3-year SBC FAST Program term may be made if the expiration date for the new 3-year SBC FAST Program term is beyond the expiration of the original FGTS being converted and will become effective upon completion of the conversion activity. The rates, terms, and conditions applicable for the new 3-year SBC FAST Program term will be those in effect at the time the conversion is completed. Access Order Charge will apply for conversions of existing FGTS to a new 3-year SBC FAST Program term.

(b) Conversions of existing SBC FAST Program services to a different SBC FAST Program term

At any time prior to the expiration of the SBC FAST Program term, if the SBC FAST Program has not been grandfathered, a conversion may be made to a new 3-year SBC FAST Program term. The SBC FAST Program term must occur between the same two termination points as the original service being converted and will become effective upon completion of the conversion activity. The rates, terms, and conditions applicable for the new 3-year SBC FAST Program term will be those in effect at the time the conversion is completed. Access Order Charge will apply for the conversion of an existing SBC FAST Program term to a new 3-year SBC FAST Program.

(N)

10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(H) SBC Federal Access Solutions Transport (FAST) Program (Cont'd)(4) Terms and Conditions (Cont'd)(c) Upgrading an existing SBC FAST Program to a Higher Speed Service

At any time during the SBC FAST Program term, service may be upgraded to a higher speed service. The new higher speed service must occur between the same two termination points as the original service being upgraded. The new higher speed service must be on a new term contract that has an expiration date beyond the expiration date of the SBC FAST Program term being terminated. The rates, terms, and conditions applicable for the new contract term of the higher speed service will be those in effect at the time the conversion is completed. Nonrecurring installation and ordering charges associated with the higher speed service are applicable.

(d) Conversions from existing Month-to-Month Upgrades

Customers may convert from existing month-to-month service to a new 3-year SBC FAST Program term. If there are no physical changes to service, the Access Order Charge will apply. If physical changes occur, the activity would be classified as a termination of the month-to-month service and installation of a new 3-year SBC FAST Program term. Customer will be responsible for all nonrecurring installation and ordering charges associated with the new SBC FAST Program term.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Descriptions (Cont'd)(H) SBC Federal Access Solutions Transport (FAST) Program (Cont'd)(4) Terms and Conditions (Cont'd)(e) DS1 or DS3 Moves

During a SBC FAST Program term a customer may move one end of a DS1 or DS3 SBC FAST Program Service to another location in the same LATA and keep the DS1 or DS3 SBC FAST Program in force provided the following requirements are met:

- (1) The minimum in-service period at the previous location must have been met. The new location will be subject to a new minimum in-service period;
- (2) The move is accommodated on a single customer order with the stipulation that the Billing Account Number (BAN), the Network Channel Code (NC), Access Customer Terminal Location (ACTL) and the Circuit Id (ECCKT) are provided and are the same as for the existing circuit being moved. Moves to a different wire center may result in change in the application of the rate elements associated with the service and therefore could result in a change in the monthly recurring charges.

If no lapse in service occurs and if the requirements in (1) and (2) as stated previously are met, termination liability will not apply. Nonrecurring Charges and Access Order Charge for the physical move from the appropriate tariff sections will apply.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements (Cont'd)10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(H) SBC Federal Access Solutions Transport (FAST) Program (Cont'd)(5) Termination Liability

When an SBC FAST customer's disconnection is governed by the Federal Acquisition Regulations, then the termination provisions found in the Federal Acquisition Regulations apply.

When SBC FAST customer's disconnection is not governed by the termination provisions of the Federal Acquisition Regulations, a termination charge will be calculated as follows:

(Monthly Recurring SBC FAST rate) X (number of net terminated SBC FAST circuits subject to Termination Charges) X (months remaining in SBC FAST term) X (50.00%).

Example: An agent of the Federal Government disconnects one SBC FAST DS1 in month 30 of the 36 month term. The monthly recurring charge for the DS1 is \$300.00. The reason for the disconnection is the Agent is going to use another company's facilities to provide the Federal Government with service. Termination liability charges will be calculated as follows:
 $\$300.00 \times 1 \times 6 \text{ mos.} \times .50 = \900.00

(6) Expiration of SBC FAST Program

The SBC FAST Program term is not available for renewal. At the expiration of the SBC FAST Program term, the customer may select a new SBC FAST Program term at the prevailing SBC FAST Program rates. If a customer does not wish to purchase a new SBC FAST Program term at the expiration of the term, the customer's service will automatically convert to the current month-to-month or monthly extension rates found in the appropriate tariff section.

ACCESS SERVICE

10. Federal Government Specialized Services or Arrangements(Cont'd)10.8 Service Offerings (Cont'd)10.8.2 Rate and Charges (Cont'd)(F) Federal Government Telecommunications Services (FGTS)⁽¹⁾ (C)

The rates and charges as set forth in Section 7.5 (Rates and Charges) have been discounted by the percentages listed below and applied to the following FGTS rate elements:

	Monthly Rate 3 Year <u>Service Period</u>
(1) <u>Generic Digital Transport Service</u> <u>56.0 Kbps</u>	
Channel Termination (T6ECS)	5.00%
(2) <u>High Capacity - DS1 1.544 Mbps</u>	
Channel Termination	
- Zone 1 (TMECS)	12.31%
- Zone 2 (TMECS)	32.94%
- Zone 3 (TMECS)	36.67%
(3) <u>High Capacity - DS3 Fiber Advantage</u> <u>with terminal equipment 44.736 Mbps</u>	
Channel Termination -	
- Zone 1, 2 & 3 Z3MAP/Z3MAC	5.00%
(4) <u>SONET Ring and Access Services</u>	

(5 year rates
based individually
on design)

⁽¹⁾Effective January 28, 2005 Federal Government Telecommunications Services for Generic Digital Transport Service, High Capacity DS1 Service, and High Capacity Fiber Advantage DS3 Service will no longer be available to new customers. There will be no change to existing customers.
