Limited Service Relief MSAs are those MSAs that qualified for Phase II pricing flexibility for all elements of service except local channels (channel terminations) between a LEC end office and a customer (end user) premise. The Limited Service Relief MSAs are set forth in Section 21.2 (B) following.

(A) Controller Arrangement

This arrangement enables the customer to control up to 48 transfer functions at a Telephone Company central office via CPE remote keyboard terminal capable of either 300 or 1200 bps operation. Included as part of the Controller Arrangement is a dial-up data station located at the Telephone Company Central Office to provide access to the Controller Arrangement. The dial-up data station consists of a 212A Dataphone data set and an appropriate Telephone Company provided channel.

The Controller Arrangement must be located in the same Telephone Company central office as the transfer functions which it controls. Local exchange service for data dial-up at the hub office must be ordered separately.

Transfer Arrangements, as set forth in 7.5.3(D)(11), 7.5.7(C)(1), or 7.5.8(D)(2) preceding, are required in addition to the Controller Arrangement in order to obtain a complete operational service.

21.5.2.18 Vintage Rates

(A) General Regulations

Term pricing plan vintage rates are those rates that apply to existing services provided under a term plan in the event the Telephone Company initiates a rate increase. Vintage rates as set forth following are classified as vintage because the Telephone Company ensures that rates provided under a term plan will not be increased by the Telephone Company above the term plan rate in effect at the beginning of the customer's term plan.

Vintage term pricing plan rates associated with services and/or MSA's which have not been approved for Phase II pricing flexibility are found in Section 7.5. These vintage rates are applicable in the above mentioned rate increase situations for term plans of services and/or within MSA's with no pricing flexibility approval at beginning of the term plan.

Term plans associated with approved services/MSA's at the outset of the contract will employ Section 21 for vintage rates in regards to rate increase situations.
