A7.4 Access Line Service For Payphone Service Provider Telephones

A7.4.1 General

- A. Access Line Service for Payphone Service Provider (PSP) Telephones is an exchange line service provided at the request of the subscriber for telecommunications use.
- B. Access Line Service for PSPs is provided for use with PSP telephones *in wire centers noted in paragraph I.* (C)
- C. The carriage and completion of all local dialed calls including operator service functions are provided by the Company. Dialed calls are defined by those digits entered by the end user, which control the routing of the call. Modification or translation of these digits on any local call is not allowed.
- D. Access Line Service for PSPs is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over PSP lines (or other Public or Semipublic lines). Where Access Line Service for PSPs is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
- E. Access Line Service for PSPs may not be attached to other types of access lines. A subscriber must order a separate PSP Access line for each PSP telephone installed and will be billed the guidebook rate for each line.
- F. Access Line Service for PSPs only be provided as Two-Way service, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
- G. Participation of subscribers to Access Line Service for PSPs in optional EAS plans is not allowed.
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H, if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone". (M)

A7. COIN TELEPHONE SERVICE

A7.4 Access Line Service For Payphone Service Provider Telephones (Cont'd)

A7.4.2 Responsibility of the Subscriber

- A. The PSP shall be responsible for the installation, operation and maintenance of any PSP instruments used in connection with this service. (M)(M1)
- B. The PSP shall be responsible for payment of a nonrecurring charge as specified in Section A15. for each visit by the Company to the customer's premises solely to determine that the service difficulty or trouble report results from the use of equipment or facilities provided by the customer. (M)
- C. PSP telephones must be connected to the telephone network in compliance with Part 68 of the FCC Rules and Regulations as well as regulatory requirements of the Florida Public Service Commission and certification requirements of the State of Florida. The telephones must have the following operational characteristics: (M)
 - 1. Must be lighted during the hours of darkness when light from other sources is not adequate to read instructions and use the payphone. (M)
 - 2. Must be able to access 911 Emergency Service, where available, at no charge to the calling party. Where 911 is not available, must be able to access the "Operator", at no charge to the calling party. The appropriate emergency number (Operator, 911) must be clearly posted at each PSP location. (M)
 - 3. Must be equipped to return the coins to the caller in the case of an incomplete call, except messages to a Feature Group A access number. (M)
 - 4. Must provide free access to dialtone and toll free numbers (e.g., 800, 877 and 888). (M)
 - 5. Must complete calls to local and long distance directory assistance. (M)

Material appearing on this page previously appeared on page(s) 1 of this section.

(M1) Material previously appearing on this page now appears on page(s) 2.1 of this section.

A7. COIN TELEPHONE SERVICE

A7.4 Access Line Service For Payphone Service Provider Telephones (Cont'd)

A7.4.2 Responsibility of the Subscriber (Cont'd)

- C. (Cont'd) (M)
6. Must provide free access to the responsible party for repairs or refunds. The Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.) (M)
 7. Except as provided in c. following, must be equipped with a legible sign, card, or plate of reasonable permanence that shall identify the following: (M)
 - a. The telephone number and location address of the payphone station, name and certificate number of the certificate holder, the party responsible for repairs and refunds, address of responsible party, free phone number of responsible party, clear dialing instructions (including notice of the lack of availability of local or toll services) and the local coin rate. (M)
 - b. For those payphone stations that will terminate conversation after a minimum elapsed time, notice shall be included on the sign card as well as an audible announcement 30 seconds prior to termination of the phone call. (M)
 - c. PSPs have until August 31, 1999 to comply with the requirements of placing the certificate number on the payphone station sign, card or plate. (M)
 8. Each payphone station that provides access to any interexchange company must provide coin free access to all locally available interexchange companies (except for Feature Group A access). The payphone station shall provide such access through the forms of access purchased by locally available long distance carries such as 10XXX+0, 10XXXX+0, 101XXXX+0, toll free (e.g., 800, 877, and 888) access. (M)
 9. May have a maximum of one non-dialable extension per station access line. This extension must be within the same premises as the main station and may be a maximum of 35 feet from the main station or have a privacy feature to disable the extension when the main station is in use. (M)
 10. No sales solicitation shall be allowed during the interval between the last digit dialed by the end user and connection with the interexchange carrier. (M)
 11. All 0- calls shall be routed to a telecommunications company that is authorized by the Commission to handle 0- calls. All other calls, including operator service calls, may be routed to the PSP's carrier of choice, unless the end user dials the appropriate access code for their carrier of choice, i.e., 950, 10XXX, 10XXXX, 101XXXX, and toll free access (e.g., 800, 877, and 888). (M)
 12. Each payphone station: (M)
 - a. Must allow incoming calls to be received at all times, with the exception of those locations at hospitals, schools and locations specifically exempted by the Commission. There shall be no charge for receiving incoming calls. (M)
 - b. A PSP may petition the Commission for an exception from the incoming call requirement for a period that shall not exceed two years from the effective date of the Order granting the exemption. Where incoming calls are not received, central office based intercept shall be provided at no charge to the end user and a written notice shall be prominently displayed on the payphone directly above or below the telephone which states: "Incoming calls blocked at request of law enforcement." (M)
 - c. Must be connected to an individual access line. (M)
 - d. Must permit outgoing calls to be placed at all times. Each pay telephone service company shall make all reasonable efforts to minimize the extent and duration of interruptions of service. Service repair programs should have as their objective the restoration of service on the same day that the interruption is reported to the company (Sundays and holidays excepted). (M)
 13. Telephone Directories (current white page directory for the local calling area and a reasonably current yellow page directory that is appropriate for the calling area of the payphone station) shall be maintained at each payphone station. (M)
 - a. Where there is a single payphone station, a directory shall be maintained at each station. (M)
 - b. Where there are two or more payphone stations located in a group, a directory for the entire local calling area shall be maintained at every other station. However, where telephone pay stations are fully enclosed, a directory shall be maintained at each payphone station. (M)
 - d. Companies must comply with this rule by August 31, 1999. (M)
