(C)

E. Residential Online Service Connection Charge Waiver

Service Connection Charges (such as the Line Connection Charge – First Line or Additional Line) may be waived for residential customers who order new local service or transfer service on att.com and who are in AT&T Southeast territory for local service. This waiver of charges is available on up to three (3) lines. The subscriber must purchase a minimum of AT&T local service and at least two (2) non-zero rated features or a package of local service containing in its price at least two (2) qualifying features. This waiver of charges cannot be combined with a customer's receipt of a Tribal Link-Up discount.

F. Residential Service Connection Charge Waiver

Service Connection Charges (such as the Line Connection Charge – First Line or Additional Line) may be waived for residential customers. This waiver is valid for only one (1) service line at the intended local service address. The customer must place the order through an AT&T business office or outbound telemarketing vendor. This waiver is not valid for existing AT&T customers or out of region customers who are new to AT&T. Residential customers who are currently not subscribing to AT&T for local service may be eligible for this waiver. The customer must have at least one (1) wireline local service or equivalent (wireless in lieu of wireline) with a provider other than AT&T at a local service address within AT&T territory. The customer must request the qualifying service at the same address and in the same name as the existing service, unless the customer is planning an imminent move from an address in AT&T territory to another address within thirty (30) days of responding to this offer. In the case of an imminent move, AT&T may offer the customer the waiver of charges and place the order at the new address. The customer must not have had local service with AT&T within ten (10) days prior to the new service connection date. This waiver of charges cannot be combined with a customer's receipt of a Tribal Link-Up discount.

G. Residential Mobility-National Retail Service Connection Charge Waiver

The Line Connection Charge may be waived for residential customers who order new local service (N Order) or move existing service (T Order) in a mobility store or national retail partner and also order a minimum of two (2) non-zero rated vertical features. To be eligible, customers must place their order in person at the retail location and select the Company as their local service provider. This offer may be combined with promotional offers for which the customer qualifies, unless specifically excluded. The Company reserves the right to prohibit the combination of this offer with any other offer at the Company's sole discretion and/or discontinue or modify this offer at any time without notice. Company employees are not eligible for this offer. This offer cannot be combined with customer's receipt of a Tribal Link-Up discount.

Note 1: Effective March 1, 2018, Privacy Manager is no longer available for new residence subscribers.

A13.72 Inter-Switch Simplified Message Desk Interface

A13.72.1 General

- A.** Inter-Switch Simplified Message Desk Interface (ISMDI) service provides subscribers with the capability of receiving call information over a data link interface for use with voice messaging system (VMS) equipment. Only call information routed over the Public Switched Telephone Network using the Common Channel Signaling/Signaling System 7 (CCS/SS7) network is available for ISMDI. The ISMDI data link must be associated with a voice level hunt group assigned to the VMS subscriber. Incoming call data available from the CCS/SS7 network includes the number called, the type of incoming call (direct or forwarding due to busy or no answer), the forwarding number, and the calling number. The numbers are provided as ten digit Directory Numbers.
- B.** ISMDI provides the capability for the VMS provider to transmit data messages over the data link to the ISMDI host switch for use in delivering message waiting notification to VMS client users. These data messages will enable the VMS subscriber to activate or deactivate message waiting indicators (MWI) on VMS client station lines served by ISMDI compatible central offices.
- C.** The subscriber had the option of specifying an SS7 Point Code to which MWI messages are to be routed.

A113.70 Privacy Manager Service

(T)(O)

Effective March 1, 2018, Privacy Manager is no longer available to new residence subscribers. Current subscribers may continue the service until they move or make any changes to their service, or until November 1, 2018 at which time the service will be discontinued.

(N)

A113.70.1 Definition of Feature Offering

(T)(O)

- A. Privacy Manager service will provide Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy Manager service will intercept all unidentified calls before the subscribers telephone rings. If the call is marked private, the caller will be asked to press 1 to deliver his/her calling information. On unavailable or unknown numbers, the caller will be asked to state their name. Once the calling party is identified, the service will ring the subscriber and announce the calling party's information. The subscriber has the option to accept the call, reject the call, or send a "Do Not Solicit" message to a telemarketer. Privacy Manager service allows the subscriber to assign a special passcode giving callers of his/her choice the ability to bypass Privacy Manager service. Subscribers may also switch Privacy Manager service on or off from his/her own phone.

(O)
