**A3.47 AT&T Business Local Calling (BLC) (Cont'd)**

**A3.47.4 Termination Liability and Shortfall (Cont'd)**

- B. Termination charges are not applicable if, during the term period:
  1. the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify; or
  2. the customer converts to an upgraded technology with the Company (e.g., network access lines to PBX Trunks, Centrex, ISDN) and commits to a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. It is at the Company’s sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or
  3. the customer chooses to terminate their agreement and to negotiate a new AT&T Business Local Calling agreement with a term period greater than the time remaining on the existing AT&T Business Local Calling agreement. The new service agreement will be based on the term plan rates in effect at the time of establishing the new agreement. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify.
  4. An AT&T ILEC Service (referred to as the “Terminated ILEC Service”) provided under an AT&T Business Local Calling Agreement is migrated to a qualifying AT&T Business Voice over IP (VoIP) Service or to a qualifying AT&T Mobility Service (referred to collectively as the “Replacement Service”), then the Early Termination Charge associated with the Terminated ILEC Service will be waived provided:
    - a. the Terminated ILEC Service has been installed at the Customer site for no fewer than 3 months;
    - b. the Term of the Replacement Service agreement is equal to or greater than the remaining term for the Terminated ILEC Service;
    - c. the Replacement Service is installed or available at the same Customer sites as the Terminated ILEC Service;
    - d. the Replacement Service is contracted for in the same relative quantity(ies) as those Terminated ILEC Services being displaced; and
    - e. activation of the Replacement Service at the Customer sites or for Customer use at such Customer Sites occurs within 90 days of termination of the ILEC Service at that site.

It is at the Company’s sole discretion whether a product change satisfies these requirements.

- C. For customers who initially subscribe to 20+ lines: in any month during the term of an AT&T Business Local Calling agreement if the customer’s total number of subscribed lines falls below 80% of the number of lines subscribed to on the agreement, then a shortfall adjustment charge will be applicable and will appear on the customer’s bill for each of those months. This shortfall adjustment charge is equal to \$10.00 times the number of lines below the 80% requirement.
