A1. DEFINITION OF TERMS

INITIAL SERVICE PERIOD

The minimum period of time for which service, facilities and equipment are provided.

INSTALLATION CHARGE

A nonrecurring charge applying to the provision of certain items of equipment or facilities as distinguished from the service connection charge applicable for establishment of basic telephone service. The installation charge is normally associated with optional service features and may sometimes be called an "initial" charge.

INTEGRATED SERVICES DIGITAL NETWORK (ISDN)

Integrated Services Digital Network (ISDN) is a network architecture supporting Digital Telecommunications services which are user selectable through a common access at a standard interface.

INTRASYSTEM WIRING

Intrasytem wiring includes all cable and wiring and its associated components (e.g., connecting blocks, terminal boxes, conduit between buildings, support structure, etc.) which connect a system's station components to one another or to the common equipment of a PBX, key or similar system.

JOINT USER SERVICE

A classification of exchange service furnished to a joint user, in connection with subscribers' exchange service. A joint user is a person, firm or corporation sharing the subscribers' exchange service in accordance with guidebook provisions, but who would not otherwise be entitled to the use of the service.

LATA

See "Local Access and Transport Area"

(D)

LINE

See "Exchange Access Line"

LINE CONCENTRATOR

An item of registered terminal equipment that enables two or more PSP instruments to obtain access, through manual or automatic switching, to the same PSP trunk but denies connection to the same trunk at the same time. Such equipment may be used only in confinement facilities and only with the express written consent of the administration of the confinement facility.

LINK

The term "Link" refers to the use of a single local channel and/or an interoffice/interexchange channel as one segment (partial channel) of a 2 point or multipoint arrangement when at least one other segment of the service arrangement is served by MegaLink service, MegaLink Light service, MegaLink Plus service, MegaLink channel service or LightGate service.

(D)

LISTING

The publication in the Company's directory (where available) and/or information records of information relative to a subscriber's telephone number, by which telephone users are enabled to ascertain the call number of a desired station.

- a. Caption Listing: The listing of a subscriber's name without address or telephone number followed by a series of indented listings covering branches or different departments of the business.
- b. Cross Reference Listing: The listing of a generally accepted name of a subscriber followed by a reference to another listing.
- c. Foreign Exchange Listing: The listing of a subscriber in the alphabetical list of an exchange other than that for the exchange from which the subscriber is served.
- d. Indented Listing: Indented listings are used where a subscriber has more than one listing for services under the same name at one or more locations.
- e. Stylist Service: A directory listing consisting of upper case alpha and/or numeric characters in lieu of standard numeric characters.

A2.20 Cost Assessment Charge (CAC)

A. A Cost Assessment Charge (CAC) is assessed on a per line or trunk basis or as shown below for residence and business customers. The CAC is also assessed on a percentage basis against all billed revenue for business customers subscribing to transport services. The CAC is established to recover property taxes (from business customers) as well as ongoing costs associated with the administration of Local Number Portability (from line- and trunk-based services from residence and business customers). This charge is not a tax or fee that the government requires AT&T to collect from customers. The CAC does not apply to 911 Services, Coin Services or any of the following account types: Federal, State and Local Government accounts; Resale accounts; or accounts designated by the Company as Wholesale. (C)

A4. SERVICE CHARGES

A4.4 Dual Service

A4.4.1 General

- A. Dual Service is a service offering which supplies the same dial tone concurrently to two different addresses served from the same wire center for a limited period of time (90 days maximum) for non-designed services only. The provision of Dual Service assures the customer continual service at both locations during the time of a move.
- B. A request for Dual Service occurs on orders for a transfer of service (T&F) within the same wire center where no telephone number change is involved.
- C. Dual Service will be offered subject to the availability of facilities and technical limitations.
- D. Payment for Dual Service is provided for by billing the nonrecurring charge following plus the applicable portion of the monthly rate on both lines during the period of service overlap, regardless of the duration of that overlap (90 days maximum).

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.20 Customized Code Restrictions (CCR)

A13.20.1 General

- A. Customized Code Restrictions (CCR) will provide a choice of code restriction options for selected outgoing calls. Each option will permit local calls, except local calls to an expanded local area which may be restricted by Options #1(b) and #3(b) as specified in A13.20.3 following. Additionally, non-chargeable calls to Company numbers such as repair service, emergency numbers (911) and toll free 1+8XX calling will be permitted with all blocking options.
- B. Customized Code Restrictions will be available to basic exchange customers with Individual Line Residence Service, Business Service or PBX Trunks in either Flat Rate, Message Rate or Measured Rate environment.
However, Options #1(b) and #3(b) will not be available to Hotels, Motels, Hospitals, Pay telephone providers and others who provide telephone service to the transient public.
- C. Subscribers dialing restricted codes in the CCR Dialing Plan will be sent to an appropriate recorded announcement.
- D. Customized Code Restrictions are furnished only from central offices which have been arranged to provide these services. The services are provided subject to the availability of facilities.
- E. It shall be the responsibility of the subscriber to notify all authorized users of service with Option #1, 2, 3 or 7 that it is impossible to reach a Company operator using the restricted telephone. The Company shall notify customers that stickers are available and shall provide, at the customer's request, stickers that may be placed on the customer's telephone.
- F. The Company shall not be liable to any person for damages of any nature or kind arising out of, resulting from, or in connection with the provision of Customized Code Restrictions offered herein, including, without limitation the inability of the station user to access the operator for any purpose and any of the other restricted codes specified in the dialing plan options listed hereunder.
- G. Customized Code Restriction may be furnished at no charge in connection with the Toll Credit Limit (TCL) process.

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.20 Customized Code Restrictions (CCR) (Cont'd)

A13.20.1 General (Cont'd)

- H. In exchanges where non-optional expanded local plans are offered, subscribers who also subscribe to Customized Code Restrictions Option #1 and Option #3 may at the customer's option restrict local calls to exchanges outside the basic local calling area specified in A3.3. (C)
- I. Customized Code Restriction can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies. (C)
- J. Residence customers who subscribe to any of the Area Plus services may restrict 1+ InterLATA calls while allowing 1+ IntraLATA calls to be completed by subscribing to Customized Code Restriction Option #7. (C)
