A42. INTEGRATED SERVICES DIGITAL NETWORK (ISDN)

A42.3 Primary Rate ISDN (Cont'd)

A42.3.1 General (Cont'd)

- **P.** (Cont'd)
 - 4. Calls may be overflowed from an ERS Dedicated Route Arrangement to an ERS Final Route Arrangement by utilizing the Overflow Feature for ERS Dedicated Route Arrangements. When all facilities are busy on the Customer's Dedicated Arrangement from a particular target local calling area, the Overflow Feature allows additional calls to be switched over interoffice trunk groups to the customer's local serving central office, where they terminate on ERS Final Route Primary Rate Interfaces and B-Channels, via an ERS FTN. A Primary Rate ISDN Access Line or other Company provided transport facility is required for connection to the customer's local serving central office.
 - 5. ERS is jointly provided with other telephone companies only where technically feasible and where mutually agreed upon by the telephone companies involved.
- 2. Calling Name/Number Delivery provides the user who is receiving a call with information about the calling party. Calling names/numbers will be delivered within the Common Channel Signaling System 7 serving area unless delivery is blocked by the customer's equipment.

A42.3.2 Terms and Conditions

- **A.** Primary Rate ISDN is available on a month-to-month basis or under variable rate periods, with rates based on lengths of twelve to twenty-three months^{1/1}, twenty-four^{1/1} to forty-eight^{1/1} months or forty-nine^{1/1} to seventy-two^{1/1} months under conditions specified in the Channel Services Payment Plan (CSPP) in B2.4 of the Private Line Guidebook and as stated following:
 - A volume discount schedule is available to customers under month to month or contract rates as described in A42.3.4.E. A rate discount for Primary Rate ISDN Interfaces is calculated based upon the quantity of Primary Rate ISDN Interfaces on a billing account. In addition, a discount for Primary Rate ISDN B-Channels is calculated based upon the number of Primary Rate ISDN B-Channels on a billing account.
 - 2. A Termination Liability Charge is applicable if service is terminated prior to expiration of the contract. The applicable charge is equal to the number of months remaining in the contract times fifty percent (50%) of the monthly rate provided under the contract.
 - 3. A Termination Liability Charge shall not apply for the termination of B-Channels prior to the expiration of the contract.
 - 4. Only upon expiration of a CSPP contract or an existing term extension as provided in this paragraph, customers may extend their CSPP contract for an additional 12 months at the current published rate in the Guidebook on the date of extension, subject to the Company's right to modify rates upon notice⁽¹⁾. Term extensions may include associated transport rate elements as provided in A42.3.4. However, term extensions are not available for other Company provided transport facilities services being utilized to provide Primary Rate ISDN, as described in A42.3.1.E. The availability of this term extension option at any time is subject to the Company's right to discontinue or to otherwise change this option. Customers who exercise the term extension are not entitled to a different rate based on the overall term as extended. An extension will begin on the expiration date of the existing CSPP or term extension. The customer will be required to sign an addendum to their CSPP contract for each term extension.

During the 12-month contract extension period(s), the customer may terminate the service, or any service components, at any service location on thirty (30) days' notice without incurring a Termination Liability Charge.

Terms outlined in the Private Line Guidebook, paragraph B2.4.9 A.2.a, disallowing any Company-initiated rate increases for the duration of either the 12-,24-^{*IV*} or 36-month^{*IV*} Service Term, do not apply to 12-, 24-^{*IV*} or 36-month^{*IV*} Service Term extension rates. AT&T reserves the right to change 12-, 24-^{*IV*} or 36-month^{*IV*} Service Term extension rates (increase or decrease) at any time. Pursuant to applicable requirements, the Customer will be notified in advance of any price increases to their 12-, 24-^{*IV*} or 36-month^{*IV*} Service Term contract extension rates.

- 5. If Customer migrates a Primary Rate ISDN service or service component (the "Terminated ILEC Service") to a qualifying AT&T Business Voice over IP (BVoIP) Service, then AT&T will waive the Termination Liability Charge associated with the Terminated ILEC Service if:
 - a. the Terminated ILEC Service has been installed at the Customer site for new fewer than 12 months, and
 - b. the replacement AT&T BVoIP Service is installed or available at the same Customer site as the Terminated ILEC Service.
 - It is at the Company's sole determination whether a product change satisfies these requirements.
 - **Note 1:** Effective September 30, 2024, customers may not establish new service term, variable rate periods or term payment plans greater than 12 months for ISDN PRI. Existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months.

- **Note 1:** Effective September 30, 2024, customers may not establish new service term, variable rate periods or term payment plans greater than 12 months for ISDN Prime, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months.
- **Note 2:** As of January 25, 2013, Variable Rate Periods of 24 months and greater are no longer available for new or renewing subscribers of the Digital Data Only Option.

Note 3: Effective May 1, 2014, customers may not add the Digital Data Only option, and existing term plans for this option may not be renewed.

Note 4: Upon expiration of the CSPP, if customer has not entered into a new CSPP contract or term extension, or disconnected service, Monthly Extension rates will apply (see Paragraph A42.3.2.A.5.). Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate, subject to the Company's right to increase Monthly Extension rates at any time pursuant to notice to the Customer in advance of any rate increase.
