## A9. FOREIGN EXCHANGE SERVICE AND FOREIGN CENTRAL OFFICE SERVICE

### A9.1 Foreign Exchange Service (Cont'd)

#### A9.1.5 Billing of Foreign Exchange Service Provided by Multiple Companies

- A. Each company will bill for the portion of the service provided by their respective service publications based on their terms, conditions, rates and charges as appropriate.
- B. The charges billed by each company for the interoffice channel between exchange telephone company central offices are determined as follows:
  - 1. The total mileage for the service is computed using the V&H coordinates set forth in the National Exchange Carrier Association, Inc., Tariff F.C.C. No. 4 (NECA No. 4).
  - 2. A billing factor is determined from the NECA No. 4 tariff. This factor represents the percentage of the distance between exchange telephone company central offices that will be billed by each company. The billing factor is multiplied by the total charge for all of the miles to determine the amount to be billed by the Company.
  - 3. For the fixed recurring rate element and the nonrecurring charge associated with the interoffice channel between exchange telephone company central offices, 50 percent of each company's rate will apply for each end of the interoffice channel provided. If the company does not bill for either end of the interoffice channel, then the fixed recurring charge and nonrecurring charge shall not apply.
