### **A139.1 Three-Digit Dialing Service (N11) (Cont'd)**

#### **A139.1.2 Service Requirements and Conditions**

- A.** All requests for N11 Service must be submitted in writing to the independent firm designated by the Company for assignment of N11 numbers. The independent firm will allocate N11 Service numbers in the specified Basic Local Calling Areas pursuant to non-discriminatory procedures approved by Company. An earnest money deposit must be included with the written request for N11 Service, except for a request by Law Enforcement, as identified in FCC Order No. 97-51, issued February 19, 1997, for 311. This deposit should be in the form of a certified or cashiers check in the amount of the nonrecurring charge for N11 Service establishment in the Basic Local Calling Area for which the customer is requesting service. If the customer is assigned a N11 Service number, the deposit will be applied to the customer's charges for establishing N11 Service. If the customer is not assigned a N11 Service number, the check will be returned to the customer. The Company will not pay interest on the earnest money deposit.
- B.** Within 30 calendar days of the number assignment, the N11 subscriber must initiate a service request order which will determine the subscriber's provisioning date. The Company will provision the subscriber's order within a reasonable time, given the complexity of the order. The N11 subscriber will be billed the nonrecurring charge when the service is provisioned by the Company.

If, during or at the end of this 90-day period, the N11 subscriber has failed to establish service or decides to discontinue service establishment, the N11 number will be recalled and the number will be considered available for reassignment as specified in A. preceding. If the network has been provisioned for the subscriber, the nonrecurring charge will not be refunded or waived.

A minimum usage charge becomes effective 6 months after the service has been initially provisioned. Once it becomes effective, this charge will be billed to the N11 subscriber for any billing period in which the N11 subscriber's usage charges fall below the amount of the Minimum Usage Charge in A139.1.7. The transfer of an N11 number to an affiliate, whether through merger, acquisition, or otherwise, will not toll or restart the counting of the 6 months period during which the minimum usage charge does not apply.

### A139.1 Three-Digit Dialing Service (N11) (Cont'd)

#### A139.1.2 Service Requirements and Conditions (Cont'd)

- C. The N11 subscriber must either (1) obtain a new 7 or 10-digit number, (2) designate an existing non-published 7 or 10-digit number, or (3) change an existing published 7 or 10-digit number to a non-published number, which will be established as the lead number in the hunt group, ACD, etc., of the subscriber. This 7 or 10-digit number must be non-published. When the N11 Service is disconnected or discontinued, the N11 subscriber must surrender this 7 or 10-digit number as part of the N11 Service. This 7 or 10-digit number can be either disconnected or a new 7 or 10-digit number can be assigned. Appropriate rates from Sections A3. and A4. will apply. (T)
- D. The Federal Communications Commission (FCC) has ordered that certain N11 numbers be assigned for national purposes and certain uses. As requests are submitted by qualifying entities for N11 numbers assigned for national use, the Company will update the *Guidebook* accordingly and inconsistent commercial uses of such numbers shall be discontinued according to the following provisions. (T)

The N11 subscriber must, prior to provisioning of the service, sign a written acknowledgement of this condition and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company and abide by all terms and conditions contained in Order 97-51, issued by the FCC in CC Docket 92-105 regarding the use and return of such N11 codes. If a recall is effected, the Company will work with all N11 subscribers affected by such recall to transfer their service arrangements, if technically and economically feasible at the time, to an abbreviated dialing arrangement, and if not feasible, to a seven-digit dialing arrangement within the 6-month notice period. No additional intercept routing will be provided beyond the end of the 6-month notice period. The number will be available for immediate reassignment. The N11 subscriber will be required to migrate to any standard access arrangement for information services subsequently agreed to by the industry and approved by the FCC. The N11 subscriber will be charged the appropriate *guidebook* rates or lower rates established on an individual case basis for the establishment of the new access arrangement. (T)
- E. The N11 Service is provided where facilities permit.
- F. N11 subscribers should work separately with cellular companies to ascertain whether Type 1 cellular customers will be able to reach information services provided by dialing an N11 number. Charges for calls to the N11 number made from cellular end users will be billed to the cellular company. This may require the N11 subscriber to enter into a contractual agreement with the cellular company to provide 3-digit access service and the billing associated with the service.
- G. N11 subscribers should work separately with competitive local exchange companies to ascertain their end user customers will be able to reach information services provided by dialing an N11 number. The CLEC company will bill charges for calls to the N11 number made from CLEC end users. This may require the N11 subscriber to enter into a contractual agreement with the CLEC company to provide 3-digit access service and the billing associated with the service.

#### A139.1.2 Service Requirements and Conditions (Cont'd)

H. N11 Service will be provided under the following conditions.

1. For network sizing and protection, each N11 subscriber must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to an N11 number.
2. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to N11 numbers without impairing the Company's general telephone service or telephone plant. The customer may be required further to bear the expense of traffic load protection equipment when, in the judgment of the Company, such would be required as a protection to the general telephone service or telephone plant during temporary periods of traffic overload.
3. The Company report of the number of local calls completed to each N11 number will serve as the sole document upon which remittance will be made. In the event the Company's charges for calls exceed the revenue from billed calls, the subscriber will be liable for payment of the difference to the Company. Nonpayment of the N11 call billing by the end user shall not be cause for denial or termination of the end user's exchange telephone service.
4. The N11 subscriber is responsible for obtaining all necessary permission, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performance are used in connection with the service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
5. The N11 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the Service or in connection therewith, including, but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable and slander.
6. Suspension of Service as covered in Section A2. is not applicable for this service. (T)
7. When N11 Service is disconnected all remittance money due to the N11 subscriber may be credited or applied to the final bill issued for the recurring charges associated with this *Guidebook*. (T)
8. If an N11 subscriber discontinues subscription to N11 Service, the N11 number will be disconnected and reassigned according to the conditions defined in A. preceding. Upon the termination of N11 Service, the N11 number may be reassigned after 60 days. Additional requirements and/or conditions as specified in A139.1.2.D apply. (T)
9. Unless otherwise specifically provided in this *Guidebook*, the Company shall be authorized to disconnect any *guidebook* service provided to the N11 subscriber utilized, directly or indirectly, with the N11 Service which fails to comply with *terms* and conditions set forth herein, upon five (5) days notice to the subscriber. Disconnection may be suspended at the discretion of the Company if it receives written certification that the N11 subscriber is in compliance with *terms* and conditions of the *guidebooks*. Continual noncompliance shall be cause for disconnection without notice at the discretion of the Company. (T)

**A139. OBSOLETE SERVICES OFFERINGS - ABBREVIATED DIALING****A139.1 Three-Digit Dialing Service (N11) (Cont'd)****A139.1.2 Service Requirements and Conditions (Cont'd)****H.** N11 Service will be provided under the following conditions. (Cont'd)

10. The N11 subscriber is responsible for informing potential end users that a call to the N11 number will be at the charge the subscriber establishes and if applicable, will be billed by the Company for calls from within the N11 subscriber's local calling area. The N11 subscriber must notify the Company in writing at least 30 days in advance if the call charge is to be increased or decreased. Such charge shall begin on the date requested by the N11 subscriber. As a result, the N11 end user bills may show calls to the N11 number at different rates during the same billing period.
11. If the Company provides billing for N11 Service, billing entries to appear on the end user's bill must be specified by the N11 subscriber, as provided Section A37. A telephone number must also be provided for printing on the bill for end user inquiry purposes. (T)
12. The Company will rate the calls from end users of the N11 subscriber one charge per call to the N11 number.
13. The N11 subscriber shall subscribe to adequate exchange facilities to transport the calls to the N11 subscriber's premises.
14. The Company will not be responsible for recording and rating those calls that by-pass the N11 routing.
15. The N11 subscriber shall provide appropriate answer supervision for a minimum two-second duration for all calls completed to the N11 subscriber to ensure proper recording and rating for the service.
16. When end users are charged for services delivered in response to calls to an N11 number, the N11 subscriber must provide a preamble at the beginning of each N11 Service call, stating the charge for the N11 Service call. The N11 subscriber's preamble on all calls where there is a potential for minors (defined as under 18 years of age) to be attracted to the program, must provide clear and conspicuous notification in language understandable to children of the requirement to obtain parental permission before placing or continuing with the call. The preamble message must be given within 15 seconds and must be followed by a 3 second period within which the caller can hang up without being charged the N11 Service charge for the call. The N11 subscriber may allow a caller to affirmatively bypass a preamble. However, if the period of time from off-hook condition to on-hook condition is 18 seconds or less, the N11 Service charge will not be recorded or rated. In those instances where the call is likely to exceed the maximum \$10.00 rate level specified in .21 following, the preamble must advise the caller that an additional call may be required to complete the transaction.
17. Children's programs shall not have rates in excess of \$10.00 per call, and shall not include the enticement of a gift or premium.
18. No N11 subscriber shall promote N11 Service with the use of an autodialer or broadcasting of tones that dial an N11 number.

In those cases where N11 subscribers rate their own calls, prior to the termination of a call which has reached the maximum \$10.00 rate level, a caller will be advised that he must terminate the call and initiate another call which may not require the caller to hear the preamble provided for the initial call. The maximum rate of \$10.00 per call will apply to all subsequently initiated calls placed following the original call.
  21. The N11 subscriber shall respond promptly to any and all complaints lodged with any *governing* authority against any service provided via the N11 number. If requested by the Company, the N11 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's N11 service. (T)
