A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.56 Hot Line Service

A13.56.1 General

- A. Hot Line Service is an automatic dialing feature which provides the customer with the ability to automatically be connected with another predetermined telephone line in the circuit switched network. When the customer's telephone instrument goes off-hook, a switched connection is set-up without any further customer action. The predetermined telephone number is selected by the customer at the time service is established and can be changed only via service order.
- B. Hot Line Service may be used only in connection with individual line service.
- C. Hot Line Service is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.

A13.56.2 Rates and Charges

A. Hot Line Service

The rates and charges for this service are in addition to the service and monthly charges for individual line service found in Sections A3. and A4. of this Tariff, respectively.

A103. OBSOLETE SERVICE OFFERINGS - BASIC LOCAL EXCHANGE SERVICE

A103.38 Back-Up Line

(Obsoleted 11-1-11, Type 3 – Units in service on the specified date may be continued in service at the same location (i.e., same building) until such units are discontinued. Not offered for new installations on or after the specified obsolete date.)

A103.38.1 Regulations and Rates

- A.** Back-Up Line is an optional service which provides individual line business subscribers with an additional line for inward and outward calling.
- B.** This service is only available to individual line business subscribers where facilities permit. Back-Up Line service cannot be used as the primary business line and must be located on the same premises as the associated business individual line.
- C.** Each Back-Up Line can receive calls forwarded from one busy primary line or hunt group at no charge. This overflow capability will be provided on the forwarding line.

If a customer subscribes to more than one Back-Up Line, these Back-Up Lines may be provisioned in an overflow group at no charge. Overflow capability may not be provided from a Back-Up Line or group of Back-Up Lines to other lines on the same premises.

- D.** Overflow capability from additional primary lines or hunt groups to Back-Up Line service will be provided on the forwarding line.

A113.57 Warm Line Service¹

A113.57.1 General

- A. Warm Line Service provides a business customer who has basic exchange line service with time delayed automatic dialing capability. When the customer goes off-hook and initiates dialing within the time delay period (0-20 seconds), the call proceeds normally as dialed. If dialing does not commence within the time delay period, a predetermined telephone number is automatically dialed. The predetermined telephone number and time delay period are selected by the customer at the time service is established and can be changed only via service order.
- B. Warm Line Service may be used only in connection with individual line service.
- C. Warm Line Service is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.
