A113. OBSOLETE SERVICE OFFERINGS - MISCELLANEOUS SERVICE ARRANGEMENTS**A113.19 TouchStar Service (Cont'd)****A113.19.3 Terms, Conditions and Limitations of Service**

(T)

A. The following limitations apply:

1. TouchStar service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within TouchStar service capable areas. Also, feature screening lists can only contain telephone numbers of subscribers served out of TouchStar service capable offices.
2. TouchStar service is available to single line and multi-line residence and business customers who have rotary or Touch-Tone service. Caller ID - Basic and Caller ID - Deluxe are available to single and multi-line residence and business customers but are not available to PBX customers. Effective May 1, 1995, Caller ID - Multi-Line which was available only for line side terminations equipped with hunting (grouping) arrangements will no longer be available to new customers. Call Tracking (BCLID) is not available for single line arrangements, but is available for PBX and multi-line business customers. Caller ID - Basic, Caller ID - Deluxe, Call Tracking and Caller ID - Multi-Line can not be provisioned for Basic 911 customers.
3. TouchStar service features cannot be provisioned on party-line service, Toll Terminals, Trunks, or some Remote Switching Locations.
4. With the exception of Calling Number Delivery Blocking - Permanent, Secondary Service Charges apply for connection of TouchStar service features except during Company designated periods of special promotion.
5. Except numbers/names subject to Calling Number Delivery Blocking, the Company will deliver all numbers/names, subject to technical limitations, including telephone numbers/names associated with Non-published Listing Service as described in Section A6.
6. Calling Number Delivery Blocking - Permanent is provided subject to availability of facilities where technically feasible. The Company assumes no liability and will be held harmless from any incompatibility of the customer's CPE to perform satisfactorily with the network feature described herein.
Calling Number Delivery Blocking - Permanent (NOB) is available upon request, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residences of employees/volunteers where the head of the agency certifies to local Company management a need for blocking based upon health and safety concerns: (a) Non-profit, tax exempt, private and public social welfare agencies such as domestic violence intervention agencies, (b) federal, state and local law enforcement agencies. Other anonymity options may be made available to federal, state and local law enforcement agencies upon request at no charge.
7. The Company's liability arising out of the provision of any TouchStar service feature, including but not limited to the delivery or non-delivery of calling numbers/names, or the provision of other anonymity options to law enforcement agencies, is limited as set forth in A2.5.1.
8. Telephone numbers transmitted via Caller ID - Multi-Line are intended solely for the use of the subscriber of this feature. Resale of this information is prohibited, except the callers' numbers may be provided to the subscriber's client for those calls sponsored or provided by that specific client where the client's identity is disclosed to the caller and the client agrees not to distribute such information to others.
9. Calling party number information is not available via Caller ID - Multi-Line on operator handled calls.

A113.58 Uniform Access Number (UAN) for LATA-wide Service (Cont'd)

A113.58.2 Terms and Conditions

(T)

- A. A UAN can be used for only one customer in a Number Plan Area (NPA). All usage will be combined and billed per account per Revenue Accounting Office.
- B. The UAN monthly rate is applicable on a per telephone number per TOPS tandem office basis.
- C. The customer must be located within the same state as the TOPS office that is providing LATA-wide UAN service.
- D. UAN service will be provided within a maximum of thirty (30) days after the customer's request for service has been processed in order to allow the Company sufficient time for implementation.

A113.58.3 Reservation of Uniform Access Numbers

- A. A customer may reserve UANs in NPAs where the customer does not have service in order to insure expansion to other areas with the same UAN; however, a customer must implement a UAN in at least one LATA in BellSouth territory in order to reserve the UAN in other NPAs. In the event that the customer elects not to be provided with reserved UANs, telephone numbers cannot be assured for the customer's requirements in other NPAs.
- B. The assignment of UANs is made at the discretion of the Company. Special numbers are furnished subject to the availability of numbers.
- C. The service is furnished subject to the availability of UANs.
- D. Calls to reserved (unassigned) UANs will be routed to recorded announcement facilities.
- E. UANs furnished herein retain their reserve status until removed by the customer from the reserved status or assigned as a UAN at which time the service assumes rates and charges applicable to UAN.
- F. Reservation of UAN rates will be billed until the number is removed from reserved status or billed as an active UAN in at least one LATA within an NPA.
- G. A Secondary Service Charge per NPA is applicable in addition to the nonrecurring charge for reservation of UAN.

A. *Terms and Conditions* (T)

1. General

- a. Connection of alarm detection and reporting equipment with the facilities of the Company shall be made only through an alarm coupler furnished by the Company. The alarm coupler consists of a one-way interface unit which, in response to a signal from the customer's device, seizes the telephone line, transmits dial pulses corresponding to a predetermined telephone number and a prerecorded voice alarm report originated by the customer's device to the line and disconnects at the end of the report.
- b. The alarm coupler is furnished for use in connection with telephones associated with individual lines or dial PBX station lines.
- c. The alarm coupler is furnished only for the purpose of reporting a condition or result of an operation of the equipment with which it is associated and shall not be used to connect any other equipment with Company facilities.
- d. Alarm detection and reporting equipment connected through an alarm coupler shall not be used to interconnect any line or channel of the Company with any other line or channel of the Company or any other person.
- e. Except as otherwise provided in A15.1.7 and A15.1.8, installations of new connecting arrangements will not be made for connection of terminal equipment, for connection of communications systems and for equipment-to-equipment connections. Treatment with respect to grandfathered installations which include such connecting arrangements is covered in A15.1.3.B. (T)

A115.1.6 Dictation Recording Equipment

A. Terms and Conditions (T)

1. General

Recording equipment may be used in connection with dial PBX or Centrex Type Services facilities of the Company for the recording of dictation subject to the following conditions.

a. Connection with Company Facilities

- (1) Connection of dictation recording equipment with the dial PBX or Centrex Type Services facilities of the Company shall be made only through a dial dictation recording terminal furnished for this purpose. The dial dictation recording terminal will include and terminate in a connecting block to which alone the dictation recording equipment may be connected.
- (2) The dictation recording equipment may be used only with dial extensions of the customer's PBX or Centrex Type Services dial extensions of associated dial PBX or Centrex Type Services systems connected by dial tie lines, and in no case shall such equipment be connected to the local and long distance networks.
- (3) One dial dictation recording terminal is required for connection with each dictation recording machine.
- (4) Auxiliary equipment at the PBX may be required.
- (5) Except as otherwise provided in A15.1.7 and A15.1.8, installations of new connecting arrangements will not be made for connection of terminal equipment, for connection of communications systems and for equipment-to-equipment connections. 1. General (Cont'd)

Radio paging systems used to transmit voice paging messages or announcements or code signaling tones, may be used in connection with Company facilities furnished for dial PBX systems.

Connection of the above public address and paging systems are subject to the following conditions:

a. Connection with Company Facilities

- (1) Connection of public address or loudspeaker paging systems with facilities of the Company shall be made only through connecting equipment or arrangements furnished by the Company. The connecting equipment or arrangements will include a connecting block or equivalent to which the public address or loudspeaker paging system will be connected.
- (2) Connection of radio paging systems with facilities of the Company shall be made only through an Interface Trunk Circuit furnished by the Company. This circuit will accept calls from dial PBX stations directly or over dial repeating tie lines from another PBX. Connection of calls from the local and long distance message telecommunications network must be through the attendant and the attendant must do the necessary dialing.
- (3) The Company facilities when so connected may be used only to transmit messages or signals to public address and loudspeaker or radio paging systems. Such public address and loudspeaker or radio paging systems may not be used to originate messages into Company facilities.
- (4) Except as otherwise provided in A15.1.7 and A15.1.8, installations of new connecting arrangements will not be made for connection of terminal equipment, for connection of communications systems and for equipment-to-equipment connections. Treatment with respect to grandfathered installations which include such connecting arrangements is covered in A15.1.3.B.

A117. OBSOLETE SERVICE OFFERINGS - MOBILE TELEPHONE SERVICE

A117.1 *Terms and Conditions*

(Obsoluted 12-22-92, Type 4) Effective December 22, 1992, Mobile Telephone Service is restricted to existing customers. No new service can be ordered after December 22, 1992. All existing service will be discontinued in its entirety by January 21, 1993 or earlier if there are no remaining customers for the service.

A117.1.1 Definitions

A. Mobile Telephone Service

1. A communication service through a land radiotelephone base station between (1) a wire telephone and a mobile unit (2) two mobile units, or (3) a wire telephone or a mobile unit, and another station which is authorized by the Federal Communications Commission to communicate with the mobile telephone service base station, or between two such other stations.
2. In the application of *terms, conditions* and rates, stations other than mobile units which are authorized by the Federal Communications Commission to communicate with a mobile telephone service base station are considered as mobile units.

B. Base Station Of Registry

1. The base station from which a mobile unit receives its mobile telephone number.

C. Foreign Base Station

1. Any base station other than the Base Station of Registry.

D. Air Time

1. The time interval from the instant the mobile unit seizes a frequency until it releases the frequency for use by others.

E. Resident Mobile Unit

1. A mobile unit communicating through its Base Station of Registry.

F. Transient Mobile Unit

1. A mobile unit communicating through a Foreign Base Station.

A117.1.2 Availability of Service

- A. Mobile telephone service is available to mobile units equipped for this service when within range of a base station through which such service is furnished, subject to transmission, atmospheric, and like limitations, provided however, that the Company reserves the right to refuse to connect calls to or from any Transient Mobile Unit which regularly places more calls through one particular Foreign Base Station than through its Base Station of Registry.

A117.1.3 Obligation of Customer

- A. The customer's use of the radio transmitter of the mobile unit shall at all times be subject to the control of the Company.
- B. The customer assumes responsibility for all applicable service charges including charges for all messages sent from or accepted at the customer's mobile unit.
- C. The customer shall operate the mobile unit in accordance with the Federal Communications Commission rules and regulations for Domestic Public Land Mobile Service.

A117. OBSOLETE SERVICE OFFERINGS - MOBILE TELEPHONE SERVICE

A117.1 *Terms and Conditions* (Cont'd)

(T)

A117.1.4 *Liability of the Company*

- A. In addition to the provisions applicable to the liability of the Company as stated in Section A2., the Company is not liable for damages for any accident or injury occasioned by the mobile unit or by supplementary apparatus provided in connection therewith when such accident or injury is not due to the negligence of the Company.

(T)

A117.1.5 *Transfer of Service between Subscribers*

- A. Service previously furnished one subscriber may be assumed by a new subscriber as specified in A2.3.7 preceding, except that when suitable facilities for furnishing Mobile Telephone Service to prior applicants are unavailable, such assumption will not be allowed.

A117.1.6 *Denial of Service*

- A. In addition to the provisions in A2.2.10, the Company reserves the right to either temporarily deny services or terminate the service of any mobile unit which regularly places more calls through one particular Foreign Base Station than through its base station of registry, or violates the lawful *terms and conditions* of the Company, of the Communications Act of 1934, as amended, or of the rules and regulations of the Federal Communications Commission.

(T)

A117.2 *Service Categories*

A117.2.1 *Mobile Telephone Service*

- A. Mobile Telephone Service is furnished between any wire telephone within a mobile service area and a mobile unit within range of the base station serving that area, or between two such mobile units.
- B. Calls placed or received by transient mobile units will be billed under the rate arrangement specified in A117.4.1.B.4. following applicable to transient mobile units in the foreign base station through which the call is handled.
- C. Mobile Telephone Service is furnished to customers engaged in the business of renting mobile units to transients upon the condition that use of the service by such transients shall not be made subject to any charge other than those charges pertaining to mobile telephone service.

A117.2.2 *Reserved for Future Use*

A117.3 *Service Areas*

The mobile service areas for Albany, Atlanta, Augusta, Columbus, Macon and Savannah are as specified for local calling areas in Section A3. Certain exchanges and localities located in Georgia are in the mobile service areas of Chattanooga, Tenn. Rates and regulations are those established by the Tennessee Public Service Commission for Chattanooga.

A117. OBSOLETE SERVICE OFFERINGS - MOBILE TELEPHONE SERVICE

A117.4 Rates and Charges

A117.4.1 Mobile Telephone Service

A. Network Access Charge

In addition to the appropriate service charges as shown in Section A4., the following rate, including one directory listing, applies for each mobile unit:

1. Base Station

| | Monthly Rate | USOC |
|--------------|-------------------------|-------------|
| (a) Albany | \$52.75 | MRD |
| (b) Atlanta | 52.75 | MRD |
| (c) Augusta | 52.75 | MRD |
| (d) Columbus | 52.75 | MRD |
| (e) Macon | 52.75 | MRD |
| (f) Savannah | 52.75 | MRD |

B. Air Time

1. For any and all completed calls, an air time charge applies for usage including the first minute. This charge is applicable to the mobile unit on all calls to or from the mobile unit.

| | Rate | USOC |
|------------------------------------|-------------|-------------|
| (a) Per minute or fraction thereof | \$.35 | NA |

2. For the wire line portion of a call, no extra charges are applicable to the wire line telephone for calls within the local calling area of the exchange. For calls outside the local calling area, but within the LATA regular message toll charges are applicable. Air time charges are applicable to the mobile unit. For calls outside the LATA, the appropriate carrier tariff is applicable.

3. For calls between two mobile units served by the same base station of registry, air time charges are applicable for each mobile unit on calls.

4. Completed calls between transient mobile units and wire line telephones or other mobile units will be charged as follows:

| | | |
|------------------------------------|-----|----|
| (a) Per minute or fraction thereof | .40 | NA |
|------------------------------------|-----|----|

5. Regular message toll charges will also apply in addition to the air time charges applicable to the mobile units on calls made beyond the local calling area of the base station but within the LATA through which the call is placed. For calls outside the LATA, the appropriate carrier tariff is applicable.

A117.4.2 Miscellaneous Charges

- A.** Restoral charge for restoring of service which has been denied under the provision of Section A2. as specified in A4. (T)

A118.1.1 Enterprise Service (Special Reversed Charge Toll)

Obsoluted - 02-24-89, Type 3 - Effective April 10, 1989, Enterprise Service is restricted to existing customers. No new service can be ordered after April 10, 1989. All existing Enterprise Service customers will be allowed to maintain their present service. (T)

A. General

1. Enterprise Service is an arrangement whereby charges for long distance messages will be reversed to the called customer without specific request of the calling party.
2. The Company assigns a special call number designation for the use of patrons in each exchange (or group of exchanges for which telephone directories have been merged into one alphabetical list) in which the service is to be furnished. One directory listing in the alphabetical section is provided without charge for each such exchange (or group of exchanges merged into one alphabetical list in a directory). Additional directory listings are provided at charges shown in Section A6. preceding.
3. Calls for the special number designation are accepted only on an operator handled station-to-station basis and when originated at telephones located in the exchange (s) with which service is to be furnished. Only those long distance calls placed by calling the special number are considered as coming within the scope of the service.
4. Customers subscribing to Enterprise Service assume all charges for completed calls made to their special numbers.
5. Contracts for Enterprise Service are taken for an initial period of two months.

B. Rates and Charges

1. Each completed call is charged for at the established rate for a completed station-to-station call.
2. In addition, a service charge applies as follows:
 - a. For service from an exchange for which the directory listings are contained in an individual alphabetical list in the directory, a monthly service charge applies as follows:

(1) Monthly service charge
