A2. GENERAL TERMS AND CONDITIONS

A2.3 Establishment and Furnishing of Service (Cont'd)

A2.3.4 Rotary Line Service (Cont'd)

- A. Effective January 8, 1999, residence subscribers shall not have more than three (3) residence service lines in a rotary or hunting arrangement at a private residence location. If more than three lines are required in a rotary or hunting arrangement, all lines in the arrangement shall have business service rates and business Rotary Line Service rates. Residence service lines and business service lines should not be mixed in the same rotary or hunting arrangement. Existing subscribers may retain their service, subject to the limitations, specified in Section A102.
- B. Effective January 8, 1999, a rotary or hunting arrangement shall not hunt or rotary to a rotary or hunting arrangement at a different location or at the same location. Existing subscribers with rotary or hunting arrangements in which the last line in the arrangement (standard hunting) or the line preceding the original number dialed in the rotary sequence (circular hunting) is being redirected via Rotary Line Service to another rotary or hunting arrangement, at the same location or at a different location, shall be allowed to retain their arrangements, subject to the limitations, specified in Section A102.

A2.3.5 Application for Service

- A. Any applicant for facilities or service may be required to sign an application form requesting the Company to furnish the facilities or service in accordance with the rates, charges, terms and conditions from time to time in force and effect.
- B. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Company may also refuse to furnish service to any applicant desiring to establish service for former subscribers of the Company who are indebted for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness.
- C. If telephone service is established and it is subsequently determined that either condition in B., preceding, exists, the Company may suspend or disconnect such service until satisfactory arrangements have been made for the payment of the prior indebtedness.
- D. When an application for service and facilities or requests for additions, rearrangements, relocations or modifications of service and equipment are cancelled in whole or in part prior to completion of the work involved, the applicant is required to reimburse the Company for all expense incurred in handling the request before notice of cancellation is received. Such charge, however, is not to exceed all charges which would apply if the work involved in complying with the request had been completed.
Any costs due to rearrangement of equipment caused by suspension of a portion of a service will be borne by the customer.
- E. When equipment has been ordered for the specific needs of a subscriber and the installation thereof is unduly delayed by or at the request of the subscriber, appropriate charges apply for such equipment for the period of the delay.
- F. When a subscriber requests a change in location of all or a part of the facilities covered by his application for service or requests for additions, rearrangements or modifications of his existing service and equipment prior to completion of the work involved, he is required to pay the difference between the total costs and expenses incurred by the Company in completing the work involved and that which would have been incurred had the final location of the facilities been specified initially.
