- B. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service to qualifying residential subscribers. Basic terms and conditions are in compliance with FCC rules and regulations including the FCC Report and Order and Further Notice of Proposed Rulemaking in WC Docket No. 11-42, adopted January 31, 2012, and the Lifeline and Link Up Reform and Modernization Third Report And Order, Further Report And Order, and Order on Reconsideration, WC Docket No. 11-42 (rel. A3.31.2 Terms and Conditions

- A. General
 - 1. One low income credit is available per household and is applicable to the primary residential connection only. Lifeline support is limited to a single subscription per household where household is defined to be any individual or group of individuals who are living together at the same address as one economic unit. For the purposes of this rule, an economic unit consists of all adult individuals contributing to and sharing in the income and expenses of a household.

 - 3. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.
 - 4. The deposit requirement is not applicable to a Lifeline customer who subscribes to toll blocking. When applicable, advance payments will not exceed the connection and local service charges for one month.

 - 6. Lifeline service is exempt from the Installment Billing Service Fee.

Access to toll service may be denied for non-payment of toll charges. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.
