<b>Expected Issue Date:</b>	06/20/2025
<b>Expected Effective Date:</b>	06/20/2025
<b>Descriptive Narrative:</b>	<p>BellSouth Telecommunications, LLC d/b/a AT&amp;T Georgia intends to retire copper facilities serving distribution area (DAs) 113101, 113411 and 113606 in the Baker Village wire center (CLMBGABV) in Columbus, GA due to the impact of the planned Georgia Department of Transportation GADOT project. GADOT has requested AT&amp;T Georgia to remove or relocate its facilities in the way of this project before August 29, 2025.</p> <p>Further, BellSouth Telecommunications, LLC d/b/a AT&amp;T Georgia intends to retire copper facilities serving distribution area (DA) 117340 in the East Point (ATLNGAEP) wire center in East Point, GA due to damaged facilities of cut/stolen copper cable serving this DA. While AT&amp;T Georgia technicians made repairs sufficient to sustain service to affected customers, the damage degraded the copper facilities to the extent that complete replacement would be necessary as a permanent solution.</p> <p>AT&amp;T Georgia plans to migrate customers currently served by copper facilities to existing Gigabit Passive Optical Network/Fiber-to-the-Premises (GPON/FTTP) facilities and then retire the copper facilities.</p>
