This notification from Illinois Bell Telephone Co. (AT&T Illinois) is being made pursuant to AT&T Tariff, Ill. C.C. No. 20, Part 2, Section 8, Sheet 1.

A noncompetitive resale promotional period shall be established from January 1, 2008 through December 31, 2008. During this promotional period, Carrier's eligible business customers who order ISDN Prime Service (Custom or National) under a 36-Month Term Payment Plan (TPP) will receive a \$1,200.00 discount per Prime, off the standard tariffed rates for the service as described in Part 22, Section 37 of this Tariff. The discount will be applied as a recurring monthly credit on the Carrier's customer's bill, of \$100.00 per month for the first twelve (12) months of the new 36-Month TPP agreement. Carrier's eligible customers may only subscribe to a 36-Month TPP under this offer.

Carrier's eligible customers include:

- new or existing business customers who order new ISDN Prime Service under a 36-Month TPP,
- existing business customers who convert existing ISDN Prime Service from a Month-to-Month Payment Plan to a 36-Month TPP agreement, and
- existing business customers who convert existing ISDN Prime Service under a TPP agreement, to a 36-Month TPP agreement which has an expiration date that is beyond the end of the current TPP agreement (see Part 22, Section 37, Paragraph 2.3 of this Tariff).

This offer is not available with other ISDN Prime/DS1 offers. However, this offer is available with CompleteLink (contributory only). Service must be installed by April 1, 2009.

In the event of early termination of this service as provided under the 36-Month TPP term agreement, Carrier's customers will be liable for a Termination Charge as described in Part 22, Section 37, Paragraph 2.4 of this Tariff. All other terms and conditions applicable to ISDN Prime Service will apply, as described in Part 22, Section 37 of this Tariff.
