

AT&T ILLINOIS GUIDEBOOK

PART 5 - Centrex Services
SECTION 1 - Centrex Service (CS)

1st Revised Sheet 1

CENTREX SERVICE

A. Description

Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Centrex service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. Effective September 30, 2024, AT&T will renew Centrex payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(N)
|
(N)

Centrex Service is a local exchange telecommunications service, provided by a telecommunications system located in a Company central office, which controls the switching of:

- Calls from the exchange network to the Centrex lines,
- Calls from the Centrex lines to the exchange network,
- Intercommunicating calls between Centrex lines.

Direct Inward Dialing is provided to the Centrex by line selection in the central office.

Identification of outward dialing is provided for Centrex lines by individual line identification in the central office for those inter-exchange carriers for which the Company renders billing services.

Integrated voice/data communication capability is provided for the transmission of circuit switched voice and circuit switched data signals on an incoming, outgoing and intercom basis utilizing Integrated Services Digital Network (ISDN) architecture.

Centrex Service offers five types of lines:

- Basic Lines
- Electronic Key Lines
- ISDN Lines (Custom and National)
- OPTI-Centrex Basic Lines
- OPTI-Centrex National ISDN Lines

Centrex Service is offered only as a complete service. The network access and intercommunication portions of the Centrex station line are not provided separately.

Centrex Service is usage sensitive as well as subject to PBX trunk equivalents.

Centrex Service will utilize a PBX trunk equivalent schedule in determining various components of the service. (See Reference Section.)

CENTREX SERVICE (cont'd)

C. Terms and Conditions (cont'd)

4. Centrex Service Guarantee (cont'd)

The Centrex Service Guarantee shall not apply to Centrex Systems which include the following optional features; however, a customer selecting Centrex service may add the following features after the expiration of the initial 90 day period and upon payment of any applicable non-recurring charges:

- Centrex Message Signal Interface (CMSI)
- ISDN Centrex (Custom or National)

Customers selecting the Centrex Service Guarantee may make changes to their Centrex service (station additions, feature changes and additions) subject to the above sub-paragraph.

Customers must have a signed confirmation of order and select a 36^{/1/}, 60^{/1/} or 84^{/1/} month payment plan. Centrex Service Guarantee is not available for service subscribed to on a month to month payment option, temporary service or promotional events. The 90-day trial period will be considered as the first 90 days of the contract. (C)

Prices, charges, terms and conditions specified elsewhere in the offering for Centrex service shall apply.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Centrex service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. Effective September 30, 2024, AT&T will renew Centrex payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (N)

CENTREX SERVICE (cont'd)**F. Prices (cont'd)**

3. Payments Plans (cont'd)

a. Month to Month

The minimum period is one month, unless otherwise specified.

b. Term Payment Plans

The Contract Plan is a payment plan that allows customers to pay a fixed price for equipment and service over optional payment periods (terms). A different monthly price applies for the duration of each payment period. The monthly price varies inversely with the length of the payment period, e.g., the monthly price for a shorter period is greater than that for a longer period.

Contract Plans are available for payment periods of 12 Months, 24 Months,^{/1/} 36 Months^{/1/}, 60 Months^{/1/} or 84 Months^{/1/}. (C)

The 12 Month term is also available as a 12 Month verbal agreement. The customer will receive written notification of their selection outlining the details of the agreement.

During the effective term of a Contract Plan period, the monthly price is not subject to Company-initiated changes for payment periods longer than one month.

Service covered by a 12 or 24^{/1/}-month contract includes: (C)

- Centrex Intercommunication lines

Services covered by a 36^{/1/}, 60^{/1/} or 84^{/1/} month contract include: (C)

- Centrex Intercommunication lines
- Optional System Features (no Termination Liability applies)
- Optional Line Features (no Termination Liability applies)

The same payment plan must apply to Interconnection lines and features.

Services **not** covered by a 12, 24^{/1/}, 36^{/1/}, 60^{/1,2/} or 84^{/1/} month contract are: (C)

- Centrex Network Access Line Charge
- End User Common Line Charge

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Centrex service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. Effective September 30, 2024, AT&T will renew Centrex payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (N)

CENTREX SERVICE (cont'd)**F. Prices (cont'd)**

3. Payments Plans (cont'd)

b. Term Payment Plans (cont'd)

Contract Options

Prior to the completion of a contract, a customer may enter into a new contract with the same or a higher Line Category for a term equal to, or greater than, the term remaining on the original contract at the prices currently in effect at the time of the new contract. The customer will begin paying the new contract prices on the day of signing the new contract.

During the last twelve months of a term contract, the customer may extend its contract with the same Line Category for either an additional 12-month or 24^{1/2}-month period at the same rates provided under the original contract. Subject to the Company's right to seek to discontinue this option to extend the contract period or to otherwise change the terms and conditions of this option, the customer may exercise this option up to three separate times. Customers who exercise the option to extend the term of the contract are not entitled to a different rate based on the overall term of the contract as extended (e.g., customers who initially have a 36-month contract and extend it by an additional 24 months are not entitled to the rates allowed under a 60-month contract). An extension will begin on the expiration date of the existing contract or, if applicable, of the contract as extended. Requests to terminate contract extensions will be governed by the terms and conditions found in paragraph F.3.e. *Termination Charges* following. (C)

Upon expiration of a contract or contract extension, if the customer does not elect to subscribe to a new contract and does not request discontinuance of the service, service will be continued on a month-to-month basis. The month-to-month prices currently in effect at the time of expiration of the contract will apply. Once on a month-to-month basis the customer will have no additional service commitment and will no longer be subject to termination charges. The month-to-month service prices will be subject to Company-initiated price changes.

'Thank You for Renewing' Credit Option

Effective September 30, 2024, the Thank You for Renewing Offer will no longer be available for customers. (N)
(N)

Eligible customers are those month-to-month Centrex customers or renewing Centrex term payment plan contract customers who choose either a three, five, or seven-year term payment plan period. Eligible customers will receive a one-time bill credit of \$50.00 per line, up to a maximum of \$1,500.00 per contract. Existing customers must have 12 months or less on an existing contract or currently be on month-to-month rates. The customer must commit to the highest line category possible given the number of Centrex lines purchased under contract. In addition to the eligibility criteria noted above, the customer must not have had service disconnected for nonpayment, and not have any past due bills for regulated service owed to the Company. This option is not available to customers with Centrex provided under an Individual Case Basis (ICB) offering. It may be combined with the Centrex *Nonrecurring Charge (NRC) Waiver* offer.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Centrex Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Centrex payment plans only for additional 12-month terms by written agreement. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)
(C)

CENTREX SERVICE (cont'd)**F. Prices (cont'd)**

3. Payments Plans (cont'd)

b. Term Payment Plans (cont'd)

Contract Options (cont'd)*Nonrecurring Charge Waiver Options*

The following Waiver Options are available (given the specific conditions are met), but are not applicable to customers covered under an Individual Case Basis (ICB) contract.

New Service

Effective September 30, 2024, the New Service Nonrecurring Charge Waiver will no longer be available for customers. (N)
(N)

Nonrecurring charges associated with the installation of new Centrex service will be waived for new, winback and win customers. In addition, existing Centrex subscribers moving their Centrex service to a new location are eligible. Customers must agree to sign a 24-month or greater Term Payment Plan and install a minimum of 8 stations. Nonrecurring charges will be waived for each analog or ISDN BRI station connected during installation of the Centrex system. This offer may be combined with the Centrex *Thank You For Renewing* offer and the Centrex *Welcoming Rewards* promotion.

Add-A-Line

Nonrecurring charges associated with the installation of new Centrex stations will be waived for existing customers who agree to install an additional Basic or EKL Centrex line and add the stations to an existing agreement. Month-to-month Centrex customers must contract for Centrex Service for 12 months. Customers with an existing 12 month Centrex contract qualify for this waiver. This offer may not be combined with any Centrex-only promotion. (C)

The Nonrecurring charges to be waived under these Waiver Options are as follows:

- Service Ordering Charge, Line Connection Charge and Central Office Connection Charge
- System Charge
- Basic Centrex and Electronic Key Line NRC Charges
- ISDN National Line and ISDN Custom Line NRC Charges

c. Single Payment Option (SPO)

For payment periods longer than one month, the customer may prepay the total outstanding recurring charges for items under a Contract Payment Plan. The prepayment of charges in no way constitutes a purchase and the Company retains full ownership of all equipment covered by the prepayment.

The annual percentage rate will be based on the Company's current cost of capital as specified in department practices.
